These funds will be remitted on a Cost Reimbursement Basis.

To prevent fraud and abuse; support the most effective use of funds; and accurately measure and track results, recipients must publicly report how the funds are used. Due to the unprecedented scope and importance of this investment, federal funds are subject to additional and more rigorous reporting requirements than normally apply to grant recipients. As a result, these funds must be separately accounted for and cannot be co-mingled with other funds.

In performing its responsibilities under this agreement, the awardee hereby certifies and assures that these funds will be administered in compliance with all state and federal laws and regulations (including assurances in section 442 of the Education Provisions Act, GEPA, 20 U.S.C. 1232c; guidance on the State Fiscal Stabilization Fund program issued by the U.S. Department of Education on April 1, 2009) applicable to the use of these funds. In addition, the college will offer its full cooperation and assistance in providing data necessary to satisfy ARRA reporting requirements to the SBCJC, to the State of Mississippi and to the Federal Government.

The Awardee agrees to spend these funds in accordance with the "Plan for the Use of American Recovery and Reinvestment Act - State Fiscal Stabilization Funds (SFSF)" it submitted to the SBCJC at an earlier date.

Awardee acknowledges that total cash disbursements during the fiscal year may differ from the allocation, depending upon the timing of disbursements.

The awardee's signature below certifies full compliance with all terms and conditions as well as the above stated grant regulations and certifications.
