## **INTRODUCTION AND PURPOSE**

The Mississippi Association of Community and Junior Colleges (MACJC) represents the collective interests of Mississippi's fifteen public two-year colleges. This Association was chartered, in part, to provide a framework for the development and administration of policies and procedures related to the governance of student activities at the various institutions.

It is the belief of the MACJC membership that a well-rounded program of student activities greatly enhances the total development of the individual student and promotes the fulfillment of the purpose of the various institutions. The benefits of such activities prepare students through the development of discipline, teamwork, sportsmanship, fair play and other virtues essential to success in life.

The Association supports the wholesome benefits of inter-school competition in athletics and other student activities. Through this shared vision of the institutional and collective benefits of a progressive program of student activities, the MACJC seeks to offer competitive programs that are established and maintained based on a high standard of ethics and fair play.

To this end the Association has developed and approved the following policies and guidelines to insure fairness and equity to all students and institutions participating in activities sanctioned by the MACJC. The rules and regulations contained herein have been established as a guide for the administration of student activities sanctioned by the Association. Participating institutions shall be entitled to all privileges of membership granted through the constitution and by-laws of the Mississippi Association of Community and Junior Colleges (MACJC).

Where the evidence is presented in writing, the college will have the right to see and refute such written testimony. The accused college may present evidence in its own behalf, may reply to charges in its own words, and may present witnesses on their own behalf.
6. If a witness elects not to appear, a written affidavit may be used.
7. The burden of proof will rest upon those bringing the charges, and all matters upon which the decision is based must be entered as evidence during the hearing. Formal rules of evidence will not be used.

All out-of-state students shall be considered to be out-of-state residents for the length of their participation unless their parents shall have a permanent residence, verified, in Mississippi. (I.e., Mississippi Tax receipts, auto tags, lease/purchase agreement of residence, utility receipts.) **All athletes with out-of-state transcripts will be considered out-of-state athletes with the exception of those athletes who reside with their parents in Mississippi prior to the athlete receiving a diploma from a bordering county or parish (adopted 01/23/06). The athlete must reside with their parents during their attendance at the out-of-state school (Amended 07/22/08).** Out-of-state students who are children of members of the armed services on extended active duty shall be deemed to be residents of the military parent's permanent home of record. **(Amended 01/27/04)**

Before resident students with out-of-state high school transcripts can participate in athletics, the head coach shall visit the residence of the student to determine if the student meets the resident requirements. The coach may then submit a request for further investigation by completing FORM 4 and submitting the same to the Commissioner. The form must be signed by both the Head Coach and the Athletic Director. **(Adopted 01/24/05)** Upon receipt of such request, the Commissioner shall notify two college Athletic Directors to do a residential investigation.
