Curricula will be presented to the MCCB Board after the document has been validated by the writing team and completed the editing process.

- Upon approval, the curricula will be made public for comments via the Secretary of State Office for 30 days.
- After the public comment period, the curricula will be presented to the MCCB Board for final approval.
- Once curricula have final board approval, the community college offering programs under a curricula framework has until the fall term of the following fiscal year to implement. For example, any curricula approved during the current calendar year (January –December) should be implanted by Fall term. Please follow the validation using [www.mccb.edu/Curriculum/validation](http://www.mccb.edu/Curriculum/validation).
