

**Mississippi Community College Board
Kell Smith, Interim Executive Director**

Annual Report Executive Summary for Fiscal Year 2021

The mission of the MCCB is to advance the community college system through coordination, support, leadership, and advocacy. We work closely with our fifteen community colleges as they provide a first-rate education at an affordable cost to many thousands of Mississippians.

During FY 2021, the agency consisted of seven divisions: Executive; Finance and Administration; Programs and Accountability; Academic and Student Affairs; Workforce, Career and Technical Education; Information Services; and Research and Planning. The Mississippi Community College Board accomplished the following:

Research and Planning:

- Fall 2020 Credit Enrollment: 67,604 students.
- Academic transfer enrollment accounted for 59% of total credit enrollment in the fall of 2020.
- Spring 2021 Credit Enrollment: 57,706 students.
- Academic transfer enrollment accounted for 57% of total credit enrollment in the fall of 2021.

Finance and Administration:

- Administered a budget of approximately \$65.2 million for the MCCB.
- State general funds accounted for 8.8% of revenues for the MCCB.
- Federal sources accounted for 18.5% of revenues for the MCCB.
- Allocated and disbursed appropriated state funds to the fifteen public community and junior colleges. Support flow-through funds totaled approximately \$230.7 million in FY 2021.

Academic and Student Affairs:

- In FY 2021, adult education providers served more than 10,000 students. Of the students served, 5,040 enrolled at an educational functioning level below 6th grade and 277 students were English Language Learners.
- 35 new or renewed certificates of registration were issued in FY 2021 for proprietary schools.

Workforce Training and Career-Technical Education:

- Served 424 businesses and companies with workforce training.
- 13 requests for new career-tech programs were received from nine institutions, and all were approved.
- 2 requests for a new career-tech program option were received from two colleges, and both were approved.
- 10 requests for a new career-tech program location were received from eight institutions, and all were approved.
