## OVERVIEW

The Mississippi Community College Board (MCCB) sets forth the guidelines in this manual to assist with admission and enrollment verification functions at the campuses of Mississippi's fifteen public two-year colleges, as well as at the State Board offices.

The enrollment audit is a fairly rigorous and intense process, requiring adequate preparation by the colleges and the MCCB staff. This manual seeks to provide all parties with the necessary information needed in preparation for the audit, so that the audit process may be conducted in a manner that is professional and non-threatening, as well as fair and equitable to all fifteen institutions.

The guidelines in this manual will be revisited annually to ensure continued compliance with all applicable state and federal laws and to provide all parties clear guidance with regard to policy and practice. Each year the annual updates to the manual will be highlighted in yellow. Beginning with the 2020 edition, any mid-year revisions will be highlighted in green. Standard updates to the annual state legislative appropriation's bills, annual or mid-year Audit Advisory committee membership changes, and the annual refreshes to the reference tables of this manual will not be highlighted each year.

## 37-4-3 State Board for Community and Junior Colleges

### TITLE 37 - EDUCATION

#### Chapter 4 - State Board for Community and Junior Colleges.

##### **§ 37-4-3. Establishment of board; composition; qualifications, appointment, terms of office and compensation of members; officers; director of state system of public junior and community colleges; general powers and duties of board.**

(1) From and after July 1, 1986, there shall be a State Board for Community and Junior Colleges which shall receive and distribute funds appropriated by the Legislature for the use of the public community and junior colleges and funds from federal and other sources that are transmitted through the state governmental organization for use by said colleges. This board shall provide general coordination of the public community and junior colleges, assemble reports and such other duties as may be prescribed by law.

(2) The board shall consist of ten (10) members of which none shall be an elected official and none shall be engaged in the educational profession. The Governor shall appoint two (2) members from the First Mississippi Congressional District, one (1) who shall serve an initial term of two (2) years and one (1) who shall serve an initial term of five (5) years; two (2) members from the Second Mississippi Congressional District, one (1) who shall serve an initial term of five (5) years and one (1) who shall serve an initial term of three (3) years; and two (2) members from the Third Mississippi Congressional District, one (1) who shall serve an initial term of four (4) years and one (1) who shall serve an initial term of two (2) years; two (2) members from the Fourth Mississippi Congressional District, one (1) who shall serve an initial term of three (3) years and one (1) who shall serve an initial term of four (4) years; and two (2) members from the Fifth Mississippi Congressional District, one (1) who shall serve an initial term of five (5) years and one (1) who shall serve an initial term of two (2) years. All subsequent appointments shall be for a term of six (6) years and continue until their successors are appointed and qualify. An appointment to fill a vacancy which arises for reasons other than by expiration of a term of office shall be for the unexpired term only. No two (2) appointees shall reside in the same junior college district. All members shall be appointed with the advice and consent of the Senate.

(3) There shall be a chairman and vice chairman of the board, elected by and from the membership of the board; and the chairman shall be the presiding officer of the board. The board shall adopt rules and regulations governing times and places for meetings and governing the manner of conducting its business.

(4) The members of the board shall receive no annual salary, but shall receive per diem compensation as authorized by Section 25-3-69, Mississippi Code of 1972, for each day devoted to the discharge of official board duties and shall be entitled to reimbursement for all actual and necessary expenses incurred in the discharge of their duties, including mileage as authorized by Section 25-3-41, Mississippi Code of 1972.

(5) The board shall name a director for the state system of public junior and community colleges, who shall serve at the pleasure of the board. Such director shall be the chief executive officer of the board, give direction to the board staff, carry out the policies set forth by the board, and work with the presidents of the several community and junior colleges to assist them in carrying out the mandates of the several boards of trustees and in functioning within the state system and policies established by the State Board for Community and Junior Colleges. The State Board for Community and Junior Colleges shall set the salary of the Director of the State System of Community and Junior Colleges. The Legislature shall provide adequate funds for the State Board for Community and Junior Colleges, its activities and its staff.

(6) The powers and duties of the State Board for Community and Junior Colleges shall be:

(a) To authorize disbursements of state appropriated funds to community and junior colleges through orders in the minutes of the board.

(b) To make studies of the needs of the state as they relate to the mission of the community and junior colleges.

(c) To approve new, changes to and deletions of vocational and technical programs to the various colleges.

- (d) To require community and junior colleges to supply such information as the board may request and compile, publish and make available such reports based thereon as the board may deem advisable.
- (e) To approve proposed new attendance centers (campus locations) as the local boards of trustees should determine to be in the best interest of the district. Provided, however, that no new community/junior college branch campus shall be approved without an authorizing act of the Legislature.
- (f) To serve as the state approving agency for federal funds for proposed contracts to borrow money for the purpose of acquiring land, erecting, repairing, etc. dormitories, dwellings or apartments for students and/or faculty, such loans to be paid from revenue produced by such facilities as requested by local boards of trustees.
- (g) To approve applications from community and junior colleges for state funds for vocational-technical education facilities.
- (h) To approve any university branch campus offering lower undergraduate level courses for credit.
- (i) To appoint members to the Post-Secondary Educational Assistance Board.
- (j) To appoint members to the Authority for Educational Television.
- (k) To contract with other boards, commissions, governmental entities, foundations, corporations or individuals for programs, services, grants and awards when such are needed for the operation and development of the state public community and junior college system.
- (l) To fix standards for community and junior colleges to qualify for appropriations, and qualifications for community and junior college teachers.
- (m) To have sign-off approval on the State Plan for Vocational Education which is developed in cooperation with appropriate units of the State Department of Education.
- (n) To approve or disapprove of any proposed inclusion within municipal corporate limits of state-owned buildings and grounds of any community college or junior college and to approve or disapprove of land use development, zoning requirements, building codes and delivery of governmental services applicable to state-owned buildings and grounds of any community college or junior college. Any agreement by a local board of trustees of a community college or junior college to annexation of state-owned property or other conditions described in this paragraph shall be void unless approved by the board and by the board of supervisors of the county in which the state-owned property is located.

## **GUIDELINES FOR COLLEGES**

## WHO GETS REPORTED FOR FUNDING?

Each year the legislature passes a Community and Junior College Appropriation bill, which establishes very specifically which students may be counted for the purposes of state reimbursement. The language in this bill is standard and does not typically change from year to year. FY24's appropriation bill is SB 3010, which reads:

“Academic, Technical, Career, Associate Degree Nursing and 35 Associate Degree Allied Health funds shall be disbursed on the basis of prior year full-time equivalency (FTE) of hours generated during the summer, fall and spring semesters for each public community and junior college student actually enrolled and in attendance the last day of the sixth week of each semester, or its equivalent, counting only students who reside within the State of Mississippi. However, associate degree nursing students who reside outside the State of Mississippi may be counted for pay purposes.”

## WHAT TO EXPECT DURING AN ENROLLMENT AUDIT

### WHEN WILL THE AUDIT OCCUR?

Depending upon the enrollment size of the institution to be evaluated, the enrollment audit time period will vary. The MCCB has a process to develop an audit schedule that is mutually acceptable to the Agency and its fifteen colleges. The process is as follows:

- Once an institution has finalized its data upload and has confirmed its Secondary Demographic Verification (SDV) reports, an email will be sent by the MCCB staff to the college representative requesting a mutually agreed upon audit visit start date, **within fourteen (14) working days** after confirming the term's enrollment data.
- The visit start date will be displayed on eARS login page lower center section of the page. See graphic below.
- The admission sample will become available one (1) day before the scheduled audit start date **whether** the audit is conducted on site **or remotely**. The link will be displayed on eARS on the login, also in the center section of the page. See graphic below.
- The attendance of the large majority of classes will be electronically audited through the Student Schedule data upload. This may significantly reduce the manual reviews of class rosters. All courses should be reported electronically; however, manual attendance rosters will be reviewed manually. However, the colleges are still expected to **present** attendance in PDF format or by allowing secured access to their attendance software systems to validate the scripts.

## WHAT WILL THE AUDIT TEAM REQUIRE ON THE START DATE OF THE AUDIT VISIT?

Within fourteen (14) working days of the college's final confirmation of its term data, the MCCB will contact the college to initiate scheduling an audit visit.

When the audit is conducted on-site, the audit team should expect:

- To generate an Admissions Audit Sample that is accessible by the college through eARS one (1) day prior to the scheduled audit start date
- A suitable workspace at the college for the term of the audit
- Access to one computer per audit team member, with Internet access
  - Dual-monitor computers preferred
  - Wired or wireless Internet access for auditors who bring their own laptops ~~also~~ (preferred)
- Access to a **printer and copier**, if needed
- Access to relevant admission and attendance documents (in alphabetical order)
  - If possible, documents should be in electronic format, such as, PDF, Document Imaging, etc. Electronically formatted documents must mirror in authentication and image quality a level that is equivalent to that of a hard-copy original and/or that of a certified copy of a hard-copy original.
  - All documents should be grouped (batched) by campus/site and sorted in alphabetical order and contain only appropriate documentation.
- Access to appropriate college personnel, as needed.

When the audit is conducted off-site (remotely), the audit team should expect:

- To generate an Admissions Audit Sample that is accessible by the college through eARS ~~three (3) days~~ **one (1) day** prior to the scheduled audit start date
- Secure remote access to relevant electronic admission and attendance documents (in alphabetical order)
- All documents should be grouped (batched) by campus/site, organized and alphabetized.
- Technical support that sustains secure remote access to relevant admissions and attendance documents until the completion of the audit period
- Access to appropriate college personnel, as needed.

## WHAT ADMISSION AND ATTENDANCE DOCUMENTS WILL THE ENROLLMENT AUDIT TEAM INSPECT?

To complete the audit, the team will require access to a randomly selected, representative sample of the student admission files and all of the course attendance rosters for the semester being audited. The college's representative sample of student admissions files and the complete attendance rosters for the audited term must be presented in electronic format for audits conducted remotely and preferred when conducted onsite. All admissions files and attendance rosters must be provided at the beginning of the audit start date whether the audit is conducted onsite or remotely.

Admission files should be in alphabetical order (by last name) and contain, at minimum and preferably in this order:

- Completed, signed admission applications (an electronic signature showing at minimum the student's initials and date of birth date are acceptable);
- Official high school transcripts (high school, high school equivalency, home school, or college, or for Ability to Benefit students test scores) on which admission is based. NOTE:
  - If a student previously attended your institution (5 years or more prior) and has not subsequently enrolled at another postsecondary institution, your institution's transcript will satisfy admission requirements.
  - If not accepting credits from proprietary schools, do not base admission on a proprietary school transcript.
  - If a high school student graduates early (for example, December), but the high school does not certify graduates until the date of the regular class graduation (for example, May), two documents may be accepted in lieu of the final transcript in the interim: (1) a high school transcript showing all completed coursework, plus (2) a signed letter from the high school stating that the student has met all graduation requirements and stipulating the date graduation will be certified. These two documents will be accepted only during semesters that occur between the early graduation and certification dates. Once a student's

graduation is certified, an official final transcript with the graduation date must be on file for any subsequent semester of enrollment.

- Faxed transcripts are not considered official for pay purposes.
- Electronic Transcripts (e-transcripts) from eScript-Safe, Parchment, Naviance, National Student Clearinghouse (formerly SPEEDE), Hobson's National Transcript Center, **NeedMyTranscripts (effective from August 2022)**, and others are considered official if they are transmitted from a secured network member site and include a statement of authenticity.
- High School Equivalency (General Education Diploma also known as GED; High School Equivalency Test also known as HISET; or Test Assessing Secondary Completion also known as TASC) official transcripts must show passing scores in all testing areas.
- Ability to Benefit score report bearing the official qualifying score results from a U.S. Dept. of Education approved ATB test provider. The most recent list of approved Ability to Benefit exams are found in the November 11, 2020 Department of Ed, Federal Student Aid webpage:  
<https://www.federalregister.gov/documents/2020/11/09/2020-24795/list-of-approved-ability-to-benefit-atb-tests-and-passing-scores>
- **An official transcript from an accredited college or university.**
- Two Proofs of MS Residency documents, if required for proof of MS residency (See Tab 2 List of Approved Residency Documents section).
- **A Letter of Good Standing from the home institution and/or an official current college transcript reflecting in-progress current enrollment or completed current term enrollment and possibly immediate next term enrollment at the home institution applies to transient college students ONLY.**
- Mississippi code section 37-15-38, states "Students may be admitted to enroll in community or junior college courses under the dual enrollment programs if they meet that individual institution's stated admission requirements".
- Armed Forces Veterans and Beneficiaries are eligible for in-state residency for tuition purposes under Mississippi Senate Bill 2127 of the 2015 Legislative Session. The bill amends state law § 37-103-25. As such, the college's School Certifying Officer (SCO) has reporting responsibilities to the Department of Veterans Affairs (VA) on behalf of the institution. In that capacity, the SCO through official VA documents and/or communications, reporting, and correspondence with the VA can determine the US Veteran status of a Veteran student or their eligible dependents. The SCO can present to the Office of Admissions, for inclusion in the non-MS resident student's admissions file, at least one of the following in consideration of in-state tuition purposes:
  - A copy of a Veteran's complete DD214 Member 4 form.
  - **A signed letter from the SCO on college letterhead accompanied by supporting VA documentation that links the individual to the VA benefit as provided (as an example by state statute §37-103-25 Section 1 (c)..." as evidenced by a Report of Separation from Military Services or other military discharge document." The signed letter from the SCO must contain the following minimum elements: Name of college the Student is Currently Attending; Student Full Name; SSN (Full or Last Four Digits) or College-issued student ID; Student's Current Full Address; and Verification/Certification Statement attesting that residency has been established under state statute §37-103-25 Section 1 (c). NOTE: Spouses and children of armed forces members not meeting this criteria should follow the residency flowcharts for Children or Spouses of Armed Forces member found in Tab 02 of this manual.**
  - A VA form relative to educational benefits or dependency such as a Transfer of Eligibility, Certificate of Eligibility, or VA documentation that links the individual to the VA benefit.

**Please note the following regarding residency for Armed Forces Veterans and Beneficiaries:**

Once established for a non-MS resident student or their direct dependents, the in-state residency status applies to the initial semester of enrollment and all subsequent semesters of enrollment, even if there is a break in enrollment.

The student does not have to use VA benefits to receive the in-state tuition benefit.

The student is not required to show proof of a MS address **when qualified under this statute.**

For an in-state veteran, a Mississippi Driver's License with the Veteran designation/flag will suffice.

- International Students: International Students are expected to have the documents that correspond to their admission status (current visa, if classified as an international student; translated and/or evaluated transcripts if admitted based upon transcript; and proof of residency, if student has established residency status in MS or the U.S.). Colleges may set their own admission standards for international students **beyond the minimum federal requirements. Colleges are encouraged to be familiar with Student Exchange and Visitors Program (SEVP) when admitting students on F, J or M visas, because federal law requires colleges to report certain information for these student visa types.** For more information on SEVIS, visit: <http://www.ice.gov/sevis/> and at [studyinthestates.dhs.gov](http://studyinthestates.dhs.gov). However, please note that the MCCB does not audit the college's admission standards nor SEVP compliance.

Attendance rosters should be organized by campus/site, alphabetized by course subject, and contain, at minimum:

- Course Identifier (matching the Course file identifier)
- Dates of class meetings (First half of term)
- Recorded attendance (all absences noted)
  - A student who registers late and misses classes at the start of the term must show those absences
  - All absences are treated as absences – excused or not excused
  - Official school closings, like for tornado or other emergencies are not treated as absences
- Last date of attendance for the student
- Certified with the original signature of the instructor of record on a manual roster. If the signature of the instructor of record is electronic, certification is the established by the formatted signature for the instructor of record along with the instructor's date-of-birth at minimum.
- **Colleges must still submit all attendance rosters for the term as soon as the data upload is completed.**

## HOW WILL I KNOW WHICH ADMISSIONS FILES TO PULL FOR MY AUDIT SAMPLE?

In order for the colleges to pull their Admissions Audit Sample in time for the audit, the representative sample list will be posted online one (1) day prior to the audit start date for ~~an on-site a visit,~~ **whether conducted onsite or remotely.** The Admissions Audit Sample will be posted online ~~three (3) days~~ **one (1) day** prior to the audit start date ~~for an off-site (remote) visit.~~ Colleges may access their audit sample by logging into eARS.

## WHO WILL NEED TO ASSIST THE AUDIT TEAM AND FOR HOW LONG?

A representative of the college should be available to greet the team upon arrival, orient the team to the campus, and direct team members to their designated workspace, when the audit is conducted on site. When the audit is conducted remotely, a representative of the college should be available to communicate with the audit team as needed through mutually agreed-upon communication tools (such as email, phone, etc.). The work of the audit team is both time and labor intensive, so the MCCB respectfully requests all non-audit related communication with audit personnel be limited.

During the course of the audit (on site or remotely), the lead auditor will notify the college staff of any documentation the audit team needs to eliminate concerns regarding compliance for attendance and/or admissions. The MCCB prefers that documentation be provided during the audit period, so that concerns do not rise to the level of findings; therefore, it is

important that the staff designated to assist with the audit be knowledgeable and have access to all attendance and admissions documents.

The schedule of activities during the audit period will include:

- Introduction to appropriate campus staff.
- Examination of a randomly generated sample of admissions files.
- Examination of all course attendance rosters. Colleges ~~utilizing the electronic attendance upload~~ can expect that at least ~~40% to~~ 20% of the rosters will be manually reviewed to demonstrate the validation scripts are deemed accurate and reliable. **Reminder: Colleges must still submit all attendance rosters for the term as soon as the data upload is completed.**
- **100% Admission or Attendance reviews may become necessary when systemic noncompliance is evidenced.**
- Exit interview with appropriate college staff.

## WHAT HAPPENS NEXT?

- Exit Interview

At the completion of the audit period, the audit team will conduct an exit interview with appropriate college staff (to be determined by the college) to discuss and clarify observations made during the course of the audit, to answer questions, and to inform the college of additional information needs, if necessary. At that time, the lead auditor will provide the college a list of admissions and attendance **exceptions**/findings, compiled from all MCCB audit team members.

- 72-Hour Window

Once the audit team completes **an onsite or remote** audit, the college **will have** 72 hours (3 business days) to provide the **MCCB** lead auditor additional evidentiary documentation for **an admissions finding**. There is no 72 hour window on attendance findings for **either** the onsite **or remote** audit, except in cases where attendance records from an onsite audit are brought back to the MCCB for review.

- ~~Final Audit Exceptions~~ **Exit** Report (attendance and admissions)

The **MCCB** lead auditor will verify each audit exception and will issue a ~~Final Audit Exceptions~~ **Exit** Report to the college within **fourteen (14)** working days of the close of the 72-hour window. **Once 72-hour window expires, the Final Audit Exception Exit Report is issued and the** audit exceptions become final.

- ~~Revised Final Audit Exceptions~~ **Exit** Report:

**If provided within the 72-hour window, additional evidentiary documentation that is sufficient to answer an admissions finding will result in the MCCB lead auditor issuing of a Revised Final Audit Exceptions Exit Report to the college within fourteen (14) working days after the finding has been satisfied. The revised report becomes final. If provided within the 72-hour window additional evidentiary documentation that is not sufficient to answer an admissions finding, the MCCB lead auditor will notify the college that the Final Audit Exception Exit Report initially issued and the exceptions initially observed are final.**

## **GUIDELINES FOR AUDITORS**

## ADMISSIONS

### STATE BOARD POLICY 8.2

- Academic and Technical students must meet one of the following criteria for admissions:
  - The completion of at least one unit less than the minimum acceptable high school units as prescribed by law, i.e. if the state requires 21 high school units to graduate, a student can be admitted into a community/junior college with 20 high school units; or,
  - A High School Equivalency Diploma (HSE) or Certificate; or,
  - A High school diploma; or
  - A Mississippi Occupational Diploma; or
  - A state-approved Career Certificate from a Mississippi Community College; or
  - An official transcript from an accredited college or university.
- Career students must meet one of the following criteria for admissions:
  - The completion of at least one unit less than the minimum acceptable high school units as prescribed by law, i.e. if the state requires 21 high school units to graduate, a student can be admitted into a community college with 20 high school units; or,
  - A High School Equivalency Diploma or Certificate; or,
  - A High school diploma; or
  - A Mississippi Occupational Diploma; or
  - A state-approved 30 credit hour Career Certificate from a Mississippi Community or Junior College; or
  - Ability to Benefit score report bearing the official qualifying score results from a U.S. Dept. of Education approved ATB test provider. The most recent list of approved Ability to Benefit exams are found in the November 11, 2020 Department of Ed, Federal Student Aid webpage:  
<https://www.federalregister.gov/documents/2020/11/09/2020-24795/list-of-approved-ability-to-benefit-atb-tests-and-passing-scores>
- A student not meeting the requirements stated above may be admitted as non-degree seeking under the following conditions:
  - Meets the requirement to enroll in dual enrollment/dual credit Academic, Career or Technical Classes; or;
  - Meets the requirements to enroll in an approved career-pathway program that integrates Adult Basic Education (ABE) with skills training (Career or Technical).
    - i. The Reauthorization of the Higher Education Act allows a student who did not receive a high school diploma (or its recognized equivalent), or who did not complete a secondary school education in a home-school setting, to be eligible for Title IV financial aid. This can now be done through a combination of ATB alternatives and enrollment in an eligible career pathway program (as determined by the Title IV eligible institutions' staff).
    - ii. The Dear Colleague of May 22, 2015 on Tab12B, states "...the student must be enrolled in an "eligible career pathway program," as defined in section 484(d)(2) of the HEA." See Recent Legislation section for the complete letter.

## WHAT DOCUMENTS DO I LOOK FOR IN AN ADMISSIONS FILE?

Admission files must contain:

- A completed and signed application (electronic signature showing at minimum the student's initials and date of birth date are acceptable);
- Official High School Transcripts;
  - Contains an authenticated school official's signature demonstrating the transcript was officially issued by the high school and the transcript may bear an official school seal
  - Contains all the necessary graduation information on the student secondary enrollment (courses, terms, and corresponding years of enrollment)
  - It is in the usual form provided by the individual high school. In some cases, the official transcripts provided by the high school are, in and of themselves, copies. If that is the case, simply make sure they meet criteria above.
  - Faxed transcripts are not considered official for pay purposes
- An official transcript from an accredited college or university.
- Ability to Benefit score report bearing the official qualifying score results from a U.S. Dept. of Education approved ATB test provider. The most recent list of approved Ability to Benefit exams are found in the November 11, 2020 Department of Ed, Federal Student Aid webpage:  
<https://www.federalregister.gov/documents/2020/11/09/2020-24795/list-of-approved-ability-to-benefit-atb-tests-and-passing-scores>
- A Letter of Good Standing from the home institution and/or an official current college transcript reflecting in-progress current enrollment or completed current term enrollment and that can possibly include immediate next term enrollment at the home institution. The letter applies to transient college students ONLY.
- Dual enrollment students (which includes dual credit, early college high school and middle college programs) must present at minimum a current partial high school transcript, a current unconditional written recommendation, along with a currently completed and signed application:
  - For Dual enrollment/Dual credit students, the partial high school transcript must demonstrate eligibility requirements are met, beginning the fall of 2020. An excerpt from page 5 of the State of Mississippi Procedures Manual for Dual Enrollment/Accelerated Programs (DE/AP manual) outlining eligibility requirements is found in Tab 13 of this manual. The current DE/AP manual is found at: <https://www.mccb.edu/offices/academic/dual>

An unconditional written recommendation for Dual enrollment/Dual credit students must include, by the spring of 2023, the following minimum elements: Name of High School the Student is Currently Attending; Student Full Name; SSN (Full or Last Four Digits); Student Full Address; Overall GPA; ACT Composite; Classification/Grade Level specific to Academic or Career/Technical course enrollment; a progression statement which must be met in addition to the eligibility requirements stating that students must maintain a minimum 2.0 college GPA to remain eligible for participation in subsequent semesters, and Verification/Certification Statement attesting that eligibility requirements have been met and signed by the applicable school official which includes: a High School Counselor, Principal, Principal's designee, or a CTE instructor (for CTE dual enrollment/dual credit high school students). Sample Academic and Career/Technical Education Dual Credit Recommendation forms can be found in State of Mississippi Procedures Manual for Dual Enrollment/Accelerated Programs (DE/AP) manual. The current DE/AP manual is found at: <https://www.mccb.edu/offices/academic/dual>

- For College High School (ECHS) and Middle College Program (MCP) students, the partial high school transcript along with a completed and signed application that must demonstrate eligibility requirements are met in accordance with specific ECHS and MCP program college admissions criteria. Students in ECHS and MCP programs must demonstrate acceptance into the college's approved dual enrollment program. Guidelines for Early College High School and Middle College Programs can be found in State of Mississippi Procedures Manual for Dual Enrollment/Accelerated Programs (DE/AP) manual. The current DE/AP manual is found at: <https://www.mccb.edu/offices/academic/dual>
- Electronic Transcripts (e-transcripts) from eScript-Safe, Parchment, Naviance, National Student Clearinghouse (formerly SPEEDE), Hobson's National Transcript Center, **NeedMyTranscripts (effective from August 2022)**, and others are considered official if they are transmitted from a secured network member site and include a statement of authenticity;
- HSE (GED, HiSET or TASC) official transcripts must show passing scores in all testing areas. Colleges should certify the validity of the HSE transcript as outlined in the "What About the High School Equivalency Transcript" section of this manual;
- Residency documents, if required for proof of MS residency (See Tab 2 List of Approved Residency Documents section);
- For integrated pathway students, demonstration of enrollment in a MCCB approved career-pathway program that integrates Adult Basic Education (ABE) with skills training (Career or Technical).

### **CAN A DIPLOMA SUBSTITUTE FOR AN OFFICIAL TRANSCRIPT?**

Public or private school diplomas will be accepted in lieu of official high school transcripts **ONLY** in extraordinary circumstances and with prior written approval of the MCCB monitoring staff. Extraordinary circumstances occur when public or private high school records are no longer available due to school closure, fire or other natural disasters. All attempts to obtain public or private high school documents must be exhausted prior to accepting a diploma for admission and written documentation of the extraordinary circumstance must be attached to the diploma. Exceptions for missing homeschool high school diplomas or official transcripts will be considered by the MCCB on a case-by-case basis and a written decision will be provided to the college.

### **WHAT ABOUT HIGH SCHOOL EQUIVALENCY (HSE) TRANSCRIPTS?**

- An official High School Equivalency (HSE) transcript from GED, HiSET or TASC must show passing scores in all testing areas. Colleges should certify the validity of the HSE transcript by generating a print screen shot from Diploma Sender as available in Diploma Sender and attach the print screen shot to the corresponding HSE transcript.
- All college admissions offices have access to Diploma Sender. Please refer to the "How to Extract from Diploma Sender" section of this manual for guidance.
- Contact the MCCB Office of Adult Education for assistance or questions accessing the Diploma Sender site.

### **HOW TO EXTRACT FROM DIPLOMA SENDER?**

- Login to Diploma Sender at: <https://diplomasender.com/>
- Select student
  - Select Diploma Details tab – Make sure it is 'Valid'
  - Select Test Sessions tab – Make sure it is 'Pass'
- Click on View
- Print-Screen the Test Results (they show in Preview mode) to certify the validity of an official transcript as available in Diploma Sender and attach the print screen shot to the corresponding HSE transcript.

## WHAT TYPE OF TRANSCRIPT SHOULD A HOME-SCHOOLED STUDENT PRESENT?

Home school transcripts may be developed by the parent, legal guardian, or by a third-party home school transcription agency. At minimum, home school transcripts should:

- List the name of the home school name and address
- List all courses taken and dates completed
- Have a cumulative GPA calculated on a 4 point scale.
- Include the graduation date, if the student has graduated. Prior to graduation, an "anticipated graduation date" can be listed
- Be signed and dated by the "School Principal", which in many cases will be the parent or legal guardian.
- Faxed transcripts are not considered official for pay purposes
- Home school transcripts must be notarized if grades are conferred by a parent or legal guardian. In cases where a third-party home school association or organization validates and confers an official transcript, that official home school transcript is not required to be notarized. NOTE: Though considered when grades are conferred by a parent or legal guardian, colleges should seek guidance when accepting home school transcripts which have been notarized electronically. State laws vary for notary publics qualifying and performing notarial acts with respect to electronic documents and/or electronic notarization. Effective July 1, 2021, Rule 8.2 of Section 25-34-51 et seq. Mississippi Code of 1972 as amended outlines the requirements for electronic notarization in the State of Mississippi.

## WHAT ABOUT INTERNATIONAL STUDENTS?

International Students are expected to have the documents that correspond to their admission status (current visa, if classified as an international student; translated transcripts if admitted based upon transcript; and proof of residency, if student has established residency status in MS or the U.S.). Colleges set their own admission standards for international students. The MCCB does not audit a college's admission standards or its SEVIS compliance.

## WHAT ABOUT STUDENTS WITHOUT A HIGH SCHOOL DIPLOMA OR HIGH SCHOOL EQUIVALENCY (HSE)?

Students without a high school diploma or HSE may fall into one of two categories:

- Dual Enrolled High School Students
- Students enrolled in an approved iPathway program that integrates Adult Basic Education (ABE) with skills training (Career or Technical)

If a student does not have a HSE Diploma, HS Diploma, Occupational Diploma, Home-School Diploma, or College Transcript, and is dually-enrolled in high school, he or she can still qualify for admission to a career (vocational) program by presenting the official qualifying score report from a U.S. Dept. of Education approved Ability-to-Benefit test provider. The most recent list of approved Ability to Benefit exams are found in the November 9, 2020 Department of Ed, Federal Student Aid webpage: <https://www.federalregister.gov/documents/2020/11/09/2020-24795/list-of-approved-ability-to-benefit-atb-tests-and-passing-scores>

- Student must be enrolled in a career integrated pathway, i.e., MI-BEST.
- The most recent list of approved Ability to Benefit exams are found in the June 24, 2015 Department of Ed, Federal Student Aid webpage: <https://www.federalregister.gov/documents/2020/11/09/2020-24795/list-of-approved-ability-to-benefit-atb-tests-and-passing-scores>
- Students admitted solely on the basis of an Ability to Benefit Exam may only be admitted to career (vocational) programs.
- They are NOT ELIGIBLE for reimbursement for:
  - Associate Degree (Academic or Technical) program courses
  - Academic preparatory courses (developmental/remedial coursework)
  - Activity courses (HPR, PE, sports, etc.)

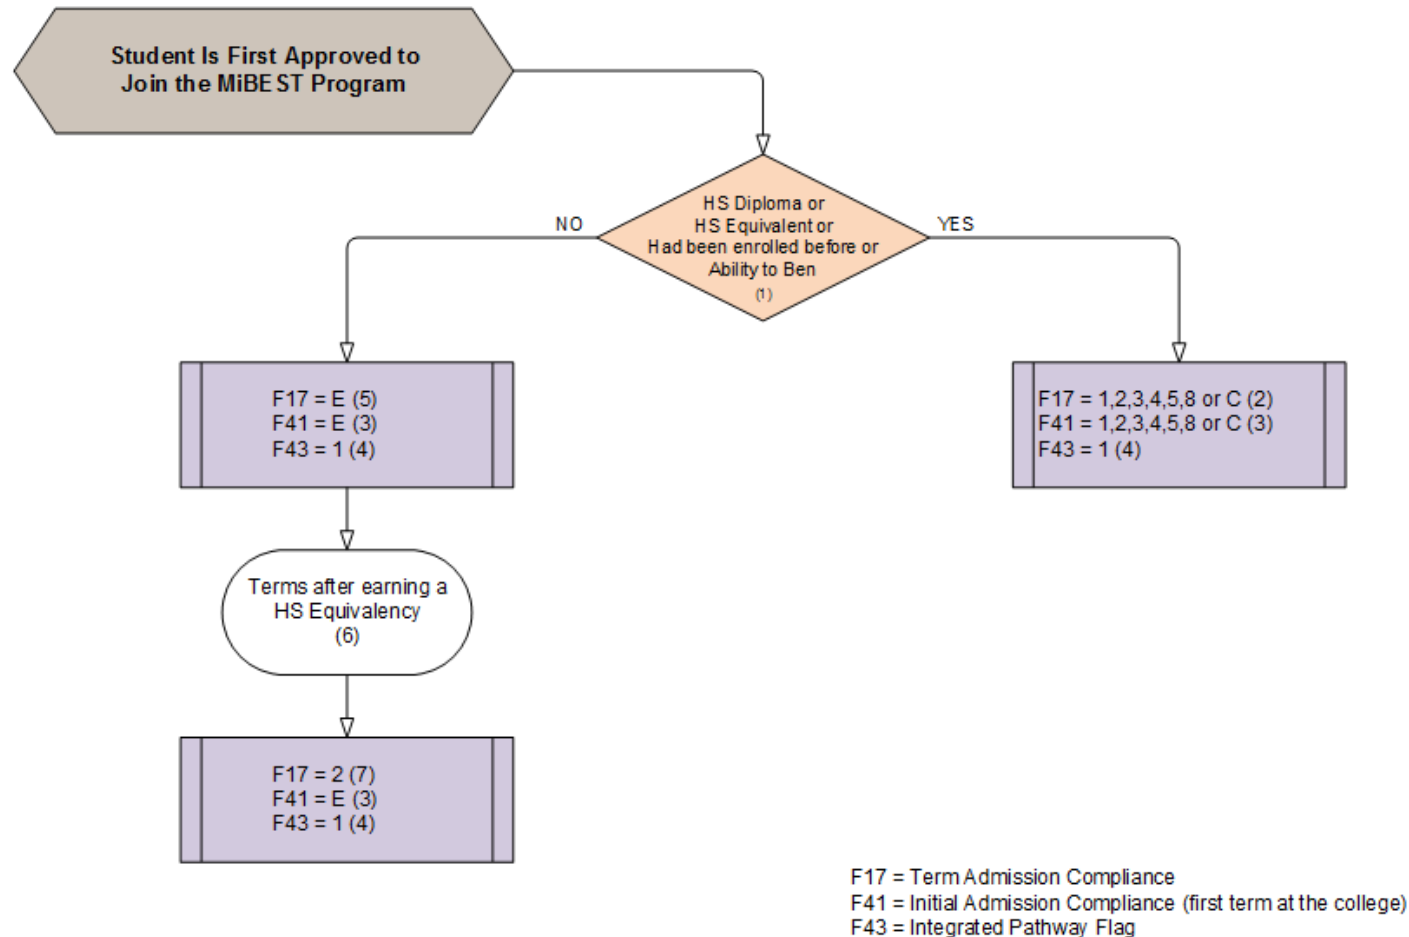

### **WHAT IF THERE IS MISSING DOCUMENTATION IN A STUDENT'S ADMISSION FILE OR ON AN ATTENDANCE ROSTER?**

The MCCB audit team members should notify the MCCB lead auditor of any missing documentation in a student's admission file or an attendance roster. The lead auditor will make attempts to obtain the missing admissions documentation from the representative of the college. All attempts should be made to obtain the missing admissions documentation prior to the audit team departing the campus for an onsite review or prior to completing the remote audit review. However, colleges have 72 hours (3 working days) from the date of the audit specified in the Audit Exit Report (whether audited onsite or remotely) to provide missing documentation for an admission file. There is no 72-hour window to provide documentation for missing attendance records (whether audited onsite or remotely). NOTE: 100% Admission or Attendance reviews may become necessary when systemic noncompliance is evidenced.

### **WHAT ABOUT MI-BEST STUDENTS?**

MI-BEST students may not have a high school diploma or high school equivalency. Before processing admissions, To meet college admissions requirement, these students must be enrolled in an approved iPathway program that integrates Adult Basic Education (ABE) with skills training (Career or Technical). See the MI-BEST flowchart that follows for further guidance.

## MI-BEST FLOWCHART

### Notes

- (1) Some MiBEST students will have a valid admission document, such as a High School Diploma, High School Equivalency, Ability to Benefit, Occupational Diploma, etc.
- (2) Reflects document used for admission compliance (1=HS Diploma, 2=HS Equivalency, etc.)
- (3) Reflects document used for the initial admission compliance (1=HS Diploma, 2=HS Equivalency, etc.)
- (4) Indicates student is or has been MiBEST – once set, always set
- (5) Allows student to be admitted even though does not meet any admission's requirement
- (6) Student is to earn a HS Equivalency in his/her first semester in the MiBEST program (might take longer)
- (7) Admission compliance after student passed the HS Equivalency exam

# RESIDENCY

## GENERAL RESIDENCY DETERMINATION

The law (MCA 37-103-3) states that a person entering the state to enter an educational institution is considered a nonresident; therefore, a Mississippi domicile listed on an admissions application does not in and of itself prove in-state residency, if other admission documents (transcripts, for example) point to *possible* out-of-state residency prior to admission. The flowcharts, tables, and decision trees that follow provide guidance for determining residency.

## IN OR OUT STATE RESIDENT - CLARIFICATION

- The State of Mississippi reimburses the colleges only for students who are residents of the state. As with most laws there are exceptions, such as, MPACT beneficiaries, **qualified MS fostered minors**, out-of-state Veterans, students who attended all high school years and graduated in Mississippi, etc.
- Therefore, wherever the word “resident or residency” is used in these guidelines, flowcharts, tables, and decision trees, it must be understood that the purpose is to determine if a student’s credit hours can be reimbursed, provided all other conditions are met.
- A student flagged as an in-state resident may not be officially a MS resident; that is, the student may not be able to obtain a MS Driver’s License or vote. Conversely, a resident may be considered as an out-of-state student if sufficient MS proof of residency is not timely provided.
- Residency in the context of this manual is to determine which students can or cannot be counted for state reimbursement. Residency determination for reimbursement purposes does not change the legal status (voting, driver’s license, etc.) of the student.

## RESIDENCY OF MINORS - CLARIFICATION

- In the State of Mississippi the residency of a minor is based on his/her parents’ residency.
  - Divorced parents resides with whichever parent has legal custody.
  - Guardianship must be issued by a MS court. NOTE: Living with adult family and/or adult non-family member/s without legal MS guardianship does not qualify.
  - Deceased parent cases are tied to the residency of last surviving parent
  - Tab 2 contains the List of Approved Residency Documents section.

## RESIDENCY EXCEPTIONS

Residency exceptions can result in students qualifying for In State status after meeting specific eligibility requirements with the 4-year MS HS exception for minors, the Mississippi Department of Corrections exception for students 21 years or older, or as a homeless minor (unaccompanied or accompanied by a parent or legal guardian), as follows:

- The 4-year MS HS exception for minors:
  - A minor student residing in MS who, upon registration at the college, presents a high school transcript showing graduation from a Mississippi secondary school and has been a secondary school student in Mississippi for not less than the final four years will be considered an In-State resident for tuition purposes.
  - Refer to Tab 11 for Attorney General Opinion – Stonecypher – 2007 for further guidance on the 4-year MS HS exception for minors provided by 37-107-7.

- Students 21 or Over MS Department of Corrections exception:
  - Students 21 or older who are incarcerated in a Mississippi Department of Corrections (MDOC) state correctional facility and/or any MDOC partnering facility must present on state correctional facility and/or any MDOC partnering facility letterhead a formal written verification statement prior to enrollment.
  - The MDOC formal written verification statement must include the following minimum elements: Name and title of MDOC facility official authoring the verification statement; the student's full legal name; the student's MDOC Inmate Number; the student's initial date in MDOC custody and/or the student's initial date of custody in the facility issuing the verification statement; the student's immediate last known pre-incarceration address as a MS address and as affirmed by official MDOC sources; the signature of the MDOC facility official authoring the verification statement with the current date; and the student's signature on the verification statement with the current date. NOTE: The student's full legal name as provided by the correctional facility and/or any partnering MDOC facility must match exactly the name the student provided to the college.
  - The immediate last known pre-incarceration address must be a physical address in the state of MS which is included in the MDOC formal written verification statement. Out of state addresses do not apply. The MDOC formal written statement can serve as the single document necessary for proof of MS residency for the incarcerated student age 21 or over when the immediate last pre-incarceration address is a MS address.
  - Incarcerated students under the age of 21 must follow existing residency guidelines for minors. Follow the Residency Flowchart: Determination of Student's Mississippi Residency for Tuition Purposes on Tab 2 of the manual. Refer to Tab 2 for the List of Approved Residency Documents section.
- Homeless minor exceptions:
  - A homeless minor who graduates from a Mississippi secondary school where the student was also deemed eligible for McKinney-Vento services by the school district during the student's enrollment period in the secondary school is an exception. The McKinney Vento Homeless Assistance Act under 42 USC Chapter 119 provides, in part,
 

“...that in any State where compulsory residency requirements or other requirements, in laws, regulations, practices, or policies, may act as a barrier to the identification of, or the enrollment, attendance, or success in school of, homeless children and youths, the State educational agency and local educational agencies in the State will review and undertake steps to revise such laws, regulations, practices, or policies to ensure that homeless children and youths are afforded the same free, appropriate public education as provided to other children and youths.”
  - A homeless minor (considered as children and youths in the McKinney-Vento Homeless Assistance Act) may be accompanied or unaccompanied by a parent or legal guardian and may one who, at the time of admission to the college: (A) lacks a fixed, regular, and adequate nighttime residence; and (B) includes: (i) students who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks, or camping grounds due to lack of alternative adequate accommodations; are living in emergency or transitional shelters; are abandoned in hospitals; (ii) students who have a primary nighttime residence that is a private or public place not designed for or ordinarily used as a regular sleeping accommodation for human beings; (iii) students who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings.
  - A homeless minor presenting an official McKinney-Vento (M-V) letter originating from the MS high school where the student graduated and where the student was also deemed eligible for McKinney-Vento services during their enrollment at the high school might be considered In-State upon presenting one valid proof of residency. (See Tab 2 List of Approved Residency Documents section) A sample McKinney-Vento official letter is found in Tab 11 of this manual.

- An unaccompanied homeless minor presenting an official Making Unaccompanied Homeless Youth Determination: A Tool for Financial Aid Administrators form originating from the admitting institution's Financial Aid Administrator's office might be considered In-State upon presenting one valid proof of residency. (See Tab 2 List of Approved Residency Documents section) The Making Unaccompanied Homeless Youth Determination: A Tool for Financial Aid Administrators form and the Dear Colleague Letter of July 29, 2015 are found in Tab 11 of this manual.
- An unaccompanied homeless minor presenting an official M-V letter originating from the MS high school where the student is currently enrolled and where the student has met the state of Mississippi Dual Enrollment eligibility requirements prior to enrollment might be considered In-State upon presenting a current partial MS high school transcript from the MS high school rendering M-V services. The current partial MS high school transcript for proof of MS may be presented separately and must match the partial high school transcript that accompanies the dual enrollment letter of recommendation for the initial term of enrollment on which admissions is made.
- An accompanied homeless minor who presents a M-V letter originating from the MS high school where the student is currently enrolled and where the student has met the state of Mississippi Dual Enrollment eligibility requirements prior to enrollment might be considered In-State upon presenting one valid proof of residency. (See Tab 2 List of Approved Residency Documents section) A sample McKinney-Vento official letter is found in Tab 11 of this manual.
- Mississippi Fostered minor exceptions:
  - Minors in the custody of a Mississippi Department of Child Protective Services (MDCPS) who reside in a MDCPS-licensed family foster home, a residential child caring agency or child placing agency where the minor currently resides may be considered In-State upon admissions to the college. Unless prohibited by MDCPS policy, the address of the MS fostered minor must match the address used for college admissions where the student is currently enrolled. For further information on MDCPS foster care and transition services, visit: <https://www.mdcps.ms.gov/programs/foster-care> and/or <https://www.mdcps.ms.gov/foster-youth>.
  - Signed as HB 1313 in the Mississippi Legislature in 2022, the Representative Bill Kinkade Fostering Access & Inspiring True Hope (FAITH) Scholarship awards scholarships up to the full cost of attendance for current and former foster youth to attend college in Mississippi. The FAITH Scholarship is awarded through the Mississippi Office of Financial Aid, effective for the spring 2024. MS fostered minors (current or former) who have met the FAITH Scholarship recipient criteria and who, at the time of admission to the college where award will be applied, present a current FAITH Scholarship award letter originating from the Mississippi Office of Financial Aid may be considered for In-State upon presenting the official FAITH Scholarship award letter as proof of residency. For more information regarding the FAITH Scholarship recipient criteria, visit: <https://www.msfinancialaid.org/faith/>.

## RESIDENCY EXCEPTIONS DECISION TREES:

### 4-Year MS HS Exception for Minors:

Does the minor student or minor student's parent or legal guardian have a MS address?

- Yes – Are there any other residency flags?
  - Yes – Does the student or minor student's parent or legal guardian have two proofs of MS residency?
    - Yes – In State Tuition
    - No – Out of State Tuition
  - No – Out of State Tuition
- No – Did the student attend 4 years of MS high schools and graduate from a MS high school?

No – Out-of-State Tuition

## RESIDENCY FLOWCHART: DETERMINATION OF STUDENT'S MISSISSIPPI RESIDENCY FOR TUITION PURPOSES

### Notes

- (a) Gather documentation – application to college, transcripts (HS, other colleges(s), HSED), proofs of MS residency, military orders, visa, etc.
- (1) Title 38 Veteran or Dependent, Married and claiming spouse's residency, child of CC employee, MPACT beneficiary, **qualified MS fostered minors**; military (active duty, spouse, child, recent discharge, etc.), visa, etc.
- (2) Parent, parents or legal guardian (as appointed by a MS court)
- (3) As shown on application
- (4) Anything that raises a question about residency. Example: PO Box address, Out-Of-State transcript, proof of residency was issued after registration date, etc.
- (5) Properly signed and validated MS high school transcript showing completion of all 4 years in MS and graduation date
- (6) Student presents two forms of approved residency documentation must be in the file (See Tab 2 List of Approved Residency Documents section)
- (7) Parent, parents or legal guardian present two form of approved residency document must in the file (See Tab 2 List of Approved Residency Documents section)

Residency Flowchart notes:

(1) Special cases:

- Veterans and beneficiaries
- Married persons may claim the residency of their spouse
- Children (under 21) of parents who work for a CC are considered residents
- MPACT beneficiaries are considered residents
- MS Fostered minor in the custody of Mississippi Department of Child Protective Services (MSCPS) are considered residents
- MS Fostered minor as a recipient of current Mississippi FAITH Scholarship award are considered residents
- Military:
  - Mississippi Active-duty military and MS National Guard members are considered residents
  - According to the AG's office, if the military documents list the Home of Record as MS, that individual is considered a Mississippi resident
  - Spouses and children of armed forces members are to follow one of the charts below

(2) Parent, parents, or legal guardian (as appointed by a Mississippi court)

- Parents of a minor with out-of-state address

(3) As shown on student's application

(4a) Anything that raises a question about residency (flags), such as,

- PO Box address
- A proof of residency issued after registration date
- High School or College transcript with Out-Of-State course work. NOTE: This includes dual enroll, dual credit and early college high school and middle college students
- College transcript with Out-of-State course work, whether or not the college course work is transferred to hosting college
- 'Work-Only' or 'School-Only' social security card
- Application states 'Not a Citizen'

(4b) Anything that raises a question about residency (flags), such as,

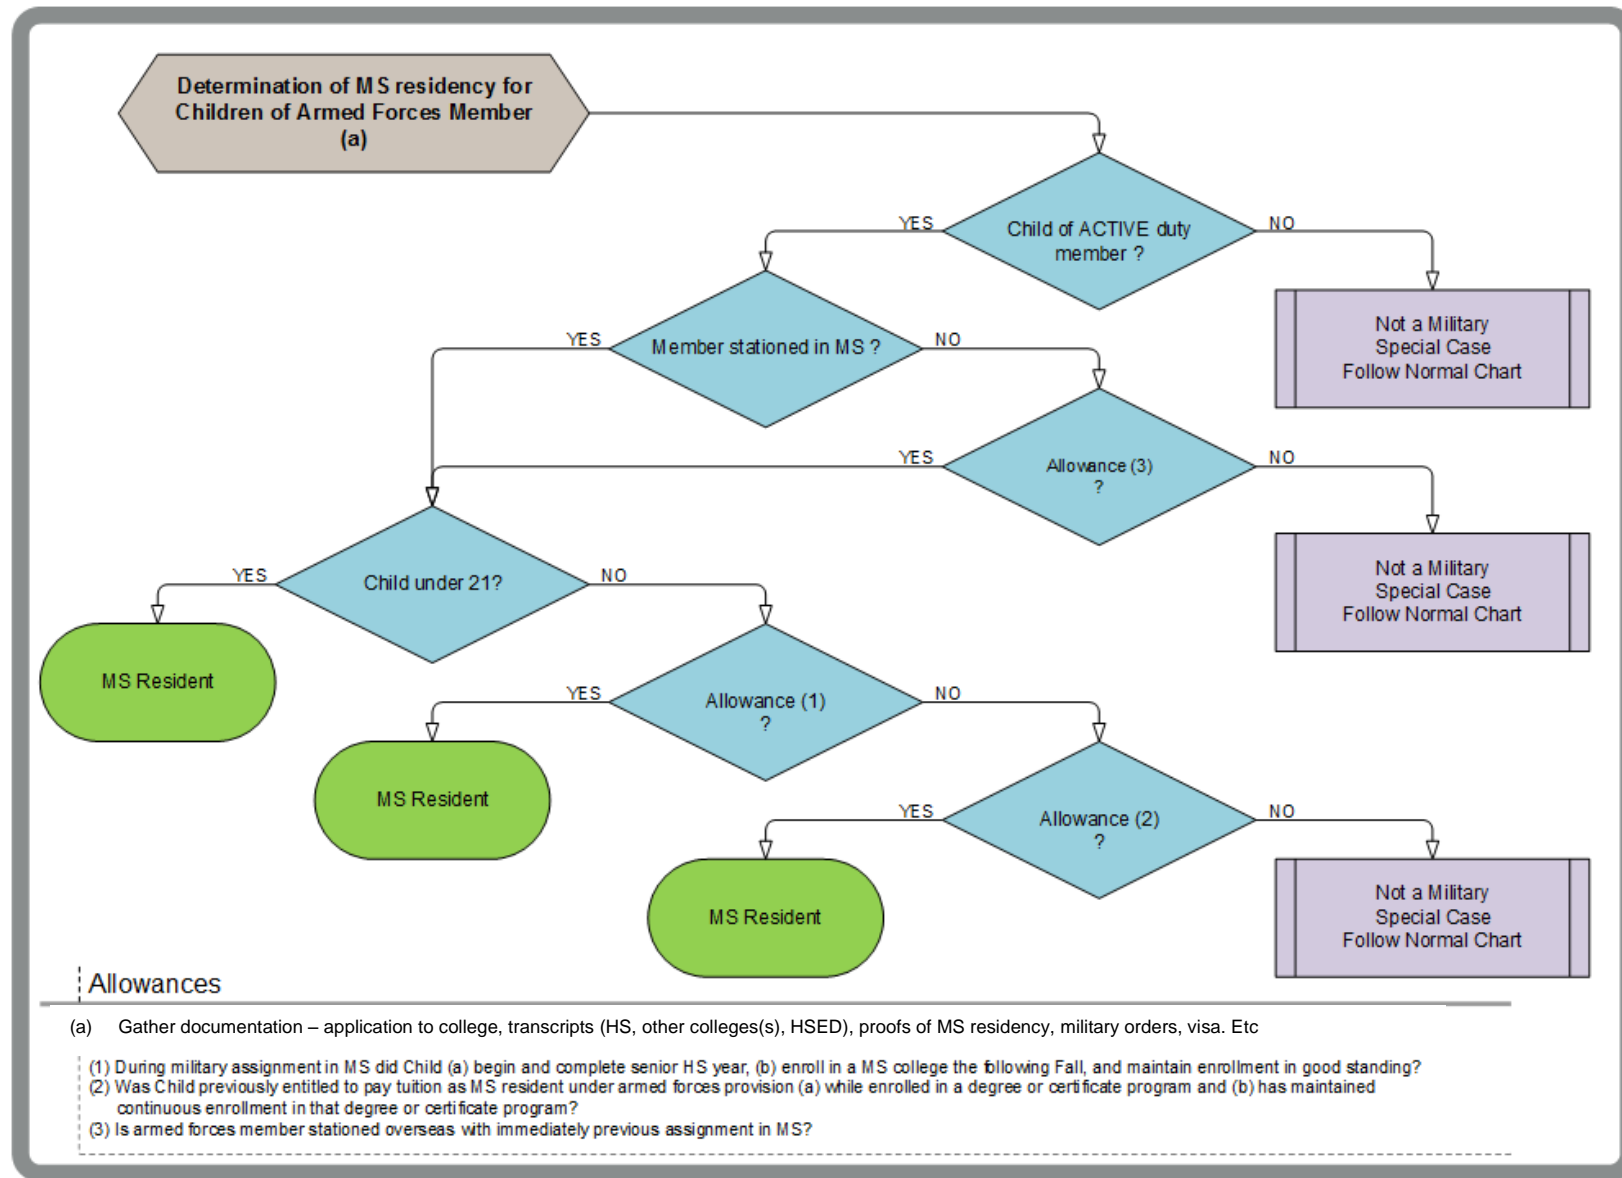

- PO Box address
- A proof of residency issued after registration date
- High School or College transcript with Out-Of-State course work
- 'Work-Only' or 'School-Only' social security card
- Application states 'Not a Citizen'

(5) Properly signed and validated Mississippi high school transcript showing completion of all 4 years in MS and graduation date

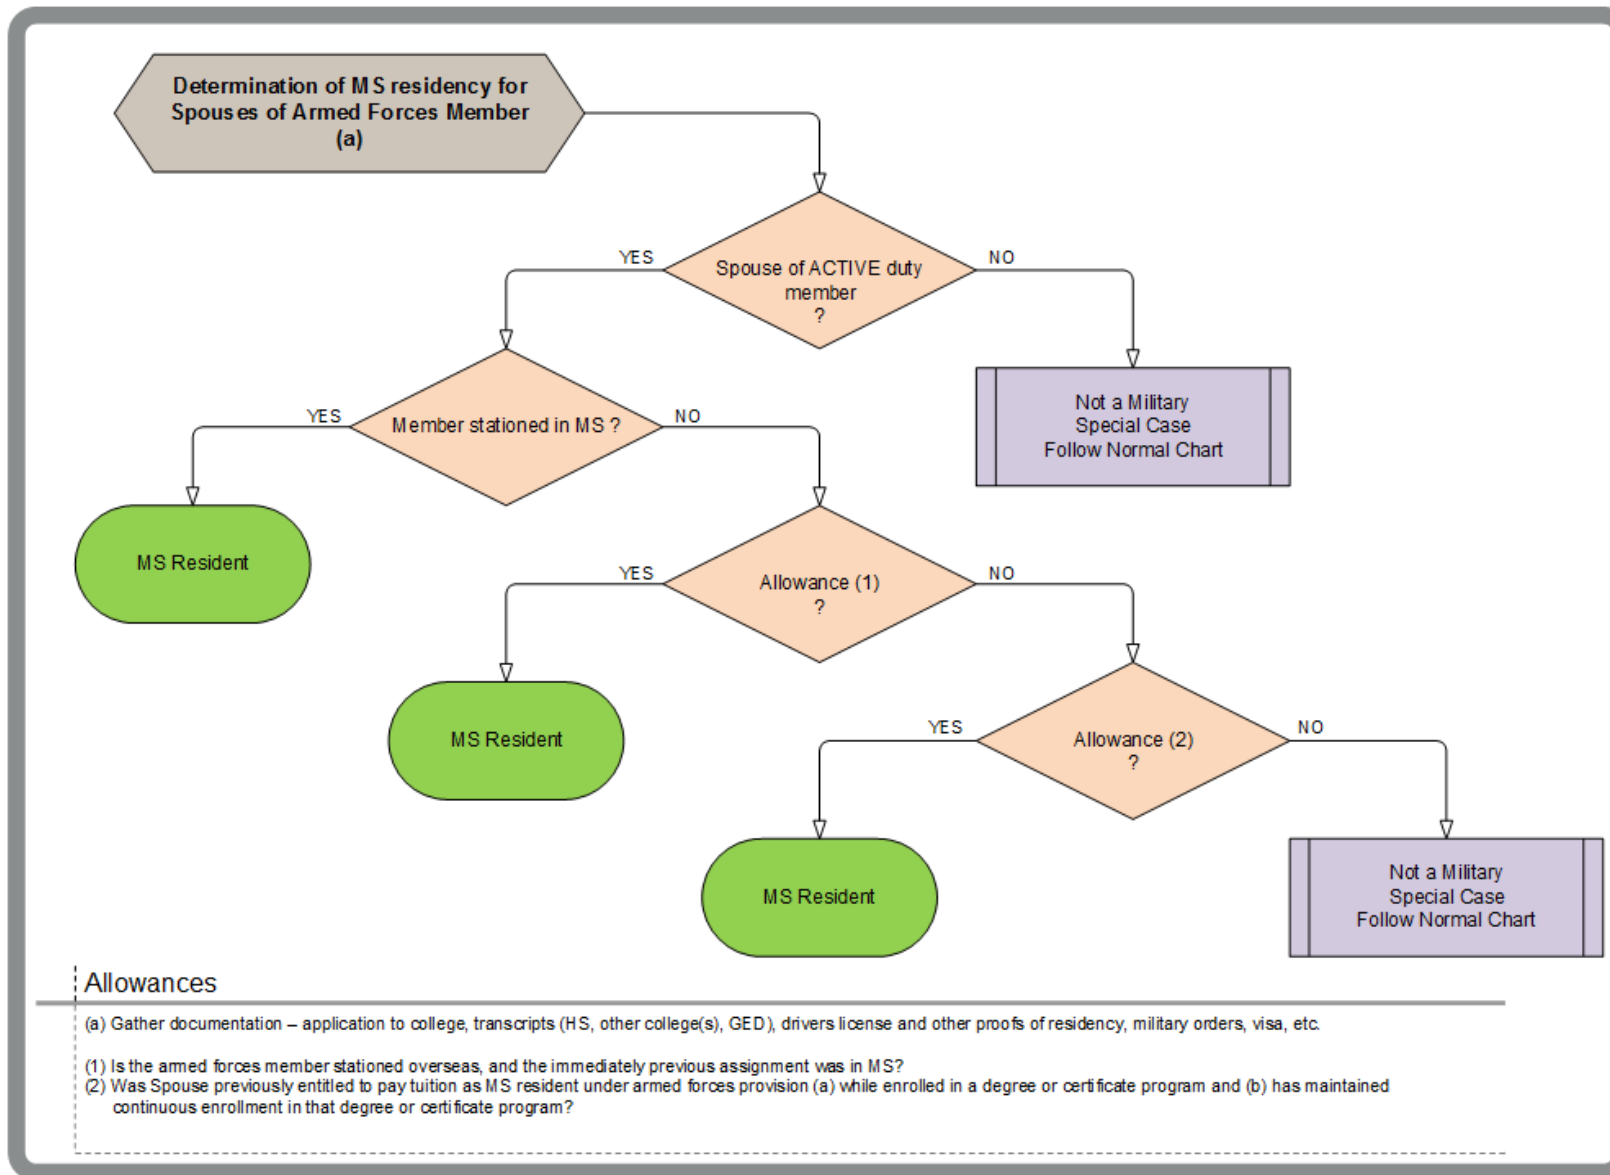

(6) Student MS Driver's License plus another approved document (utility bill, current Mississippi voter registration, tax return, etc.)

(7) Parent, parents, or legal guardian MS Driver's License plus another approved document (utility bill, current Mississippi voter registration, tax return, etc.)

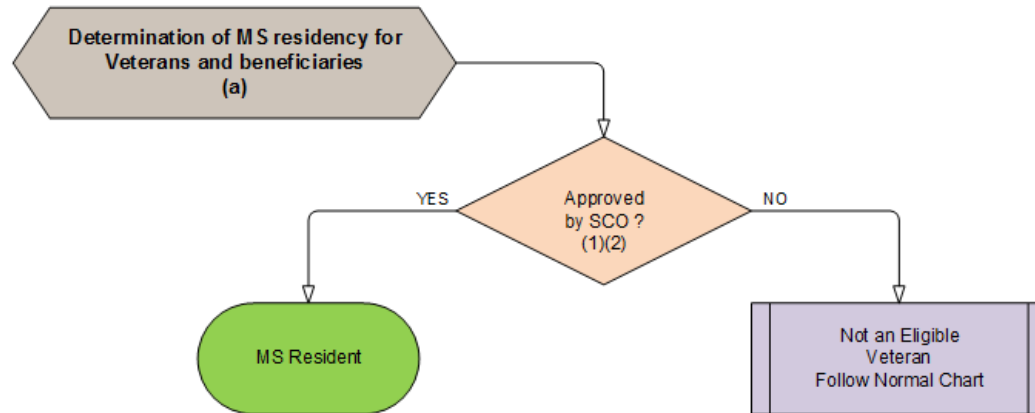

## RESIDENCY FLOWCHART: DETERMINATION OF MS RESIDENCY FOR CHILDREN OF ARMED FORCES MEMBER

## RESIDENCY FLOWCHART: DETERMINATION OF MS RESIDENCY FOR SPOUSES OF ARMED FORCES MEMBER

## RESIDENCY FLOWCHART: DETERMINATION OF MS RESIDENCY FOR VETERANS AND BENEFICIARIES

### Notes

(a) Gather documentation – application to college, transcripts (HS, other college(s), GED), drivers license and other proofs of residency, military orders, visa, etc..

(1) Student is a veteran or a beneficiary as certified and entered into SIS by the School Certifying Officer (SCO)

(2) Include signed letter/form from SCO in the student's admission folder

#### Allowances for Children and Spouses of Military Members:

- (1) During military assignment in MS, the child
  - a. began and completed senior HS year,
  - b. enrolled in a MS college the following Fall, and
  - c. maintained enrollment in good standing
- (2) The Child previously was entitled to pay tuition as MS resident under armed forces provision
  - a. while enrolled in a degree or certificate program, and
  - b. has maintained continuous enrollment in that degree or certificate program (Summer not required) or has a medically documented excuse for withdrawing or not enrolling for one semester
- (3) The armed forces member is stationed overseas with immediately previous assignment in MS

#### Additional Notes for Children and Spouses of Military Members:

- (1) Spouse or children of a member of the Armed Forces who dies or is killed are considered in-state residents if they become residents of MS within 180 days of the date of the death
- (2) Documentation – the military member's orders must be applicable and verifiable related to the audit term in question

#### Additional Notes for US Veterans and beneficiaries:

- (1) As per Mississippi Senate Bill 2127 of the 2015 Legislative Session, eligible veterans and their eligible dependents are to be considered as in-state residents for tuition purposes. The bill amends state law § 37-103-25
- (2) The college's School Certifying Officer (SCO) has reporting responsibilities to the Department of Veterans Affairs (VA) on behalf of the institution. In that capacity, the SCO through official VA documents and/or communications, reporting, and correspondence with the VA can determine the US Veteran status of a Veteran student or their eligible dependents. The SCO can present to the Office of Admissions, for inclusion in the non-MS resident student's admissions file, the following in consideration of in-state tuition purposes:
  - A copy of a Veteran's complete DD214 Member 4 form.
  - A signed letter from the SCO on college letterhead accompanied by supporting VA documentation that links the individual to the VA benefit as provided by state statute §37-103-25 Section 1 (c)..." as evidenced by a Report of Separation from Military Services or other military discharge document." The signed letter must contain the following minimum elements: Name of college the Student is Currently Attending; Student Full Name; SSN (Full or Last Four Digits) or College-issued student ID; Student's Current Full Address; and Verification/Certification Statement attesting that residency has been established under state statute §37-103-25 Section 1 (c). NOTE: Spouses and children of armed forces members not meeting this criteria should follow the either the Children or Spouses of Armed Forces member flowcharts in Tab 02 of this manual.
  - A VA form relative to educational benefits or dependency such as a Transfer of Eligibility, Certificate of Eligibility, or VA documentation that links the individual to the VA benefit

Once in-state residency status is established for a non-MS resident Veteran student or their direct dependents, the in-state residency status:

- Applies to the initial semester of enrollment and all subsequent semesters of enrollment, even if there is a break in enrollment;
  - The student does not have to use VA benefits to receive the in-state tuition benefit
  - The student is not required to show proof of a MS address
- (3) For an in-state Veteran, a Mississippi Driver's License with the Veteran designation/flag will suffice for proof of residency.

## IMMIGRANTS, PERMANENT RESIDENTS OR GREEN CARD HOLDERS

- Permanent Residency card holders (commonly referred to as a Green card) are a type of immigrant who are U.S. permanent residents.
- Have the ability to establish a domicile in MS and thereby may qualify as MS residents
- In some cases persons granted asylum may qualify as MS residents. This documentation should be presented to the MCCB for review.

## NON-IMMIGRANT VISA HOLDERS

- Persons holding non-immigrant visas are NOT entitled to MS residency. Because those visas are temporary in nature, non-immigrant visa holders retain the residency of their home country. (In rare cases, exceptions may be made due to special provisions or special circumstances allowed by law. But those provisions or circumstances would require legal documentation.),
- Non-immigrant visa categories include, but are not limited to:

A – diplomats	J – exchange visitors
B – tourists and business visitors	K – fiancé or fiancée
C – visitors in transit	L – intra-company transfers
D – crew members	M – vocational students
E – traders and investors	N – relatives of employees of international orgs
F – academic students	O – persons with extraordinary abilities
G – representatives of international orgs	P – athletes and artists
H – temporary workers	Q – international cultural exchange
I – media representatives	R – religious workers

## UNDOCUMENTED ALIENS

- Do not have visas, thus cannot be Mississippi residents
- Cannot be considered for in-state tuition

## LIST OF APPROVED RESIDENCY DOCUMENTS

In cases where residency documentation is required, two forms of supporting documentation must be in the file. Acceptable supporting documentation may include:

1. Current MS Driver's License or State issued ID (Persons moving into MS on a permanent basis have 60 days per state law to acquire driver's licenses). Note: When the state issued license or ID has a Veteran designation or logo, no additional residency documentation is required.
2. Mortgage document matching address
3. Homestead exemption matching address
4. Guardianship documents issued by a MS Court or the MS Department of Child Protective Services (MSCPS)
5. Emancipation documents
6. Prior or Prior-prior year State income tax return
7. Current Mississippi Voter Registration Card
8. Current Motor vehicle registration (Persons moving into MS on a permanent basis have 30 days per state law to register vehicles)
9. Current employment documents (last pay stub, currently-enforced employment contract)
10. Current utility bills (includes cell phones) matching address
11. Lease agreement (signed by lessor and lessee) Note: For students admitted Fall 2013 or after, letters or affidavits from private homeowners, even if notarized, will not suffice as a residency document
12. Signed statement by the MS Department of Human Services or a certified letter from recognized relief agency (such as the Salvation Army) certifying that the student is receiving services as a homeless MS resident.

A current official federal document demonstrating proof of US Citizenship (such as a US passport, Certificate of Citizenship, or Green Card/Permanent Resident Card) can lead to establishing proof of MS residency. Two proofs of MS residency will be required once proof of US Citizenship is demonstrated.

If a proof of Citizenship document's expiration date will change the citizenship status of a student during their enrollment period, then a current replacement (where applicable) should be obtained. For more information is available about proof of US Citizenship documents at the US Citizenship and Immigration (USCIS) website:

<https://www.uscis.gov/sites/default/files/document/guides/A4en.pdf>

The following supporting documents can stand by themselves:

1. Current signed letter or form from the Veterans Affairs School Certifying Officer
2. The transcript of a minor (under 21 years of age) with a MS address showing 4 years of MS high school and graduation date
3. Current Military orders for MS active military personnel

These documents should guide you in asking residency questions, but are **NOT** in and of themselves proof of residency status:

1. Physical Mississippi address (not a P.O. Box)
2. MS high school or college transcript
3. MS GED. Note: Beginning July 1, 2012, non-Mississippi residents can take the GED in Mississippi. Be advised that the HSE may show address of student when HSE was taken.
4. A Mississippi student who attended an out-of-state college may demonstrate MS residency by providing documentation that he/she was classified as an out-of-state MS resident at their previous educational institution

# ATTENDANCE

## CONCEPTS

- State law requires a student to be in attendance for 6 weeks of a course that is 18 weeks in length
- The state law was written back in the 60's or 70's when terms were regularly 18 weeks
- For calculation of attendance, 1/3 of the any course's length is equivalent to 6 out of 18 weeks
- This resulting 1/3 of any course's length becomes the Attendance Audit Period
- The CutOff date is the last date of the Attendance Audit Period
- Community colleges can request reimbursement for 'attended' classes
- Colleges cannot request reimbursement if student is deemed 'not in attendance'
- The maximum amount of absences cannot be exceeded on or before the CutOff date of the Attendance Audit Period
- A student who stops attending prior to CutOff date or exceeds the maximum allowed absences during the Audit Period is deemed 'not in attendance'
- If student is absent on last class of the Attendance Audit Period and has not exceeded the maximum number of allowed absences, then the Return Period is examined
- The Return Period is a short period after the CutOff date that is reviewed to determine if student returned to class at least once
- During the Return Period absences are NOT counted; just check if student attended class at least one time
- To calculate the Return date, add to the CutOff date 1/9 of the course's length and is the equivalent 2 out of 18 weeks

## METHOD

- All courses that have regular meeting patterns are to report attendance via the data upload. Note: Courses that meet irregularly (i.e. twice on week 1, none on week 2, once on week 3 and 4, twice on week 5, etc.) will be audited manually.
- Colleges can expect that at least 20% of the rosters will be manually reviewed after the scripts are validated and deemed accurate. NOTE: 100% Admission or Attendance reviews may become necessary when systemic noncompliance is evidenced.
- Colleges must still submit all attendance rosters for the term as soon as the data upload is completed.
- Attendance rosters must be signed by the instructor of record. The instructors of record are required to certify their own attendance rosters electronically by affixing their electronic signature. If the signature of the instructor of record is electronic, certification is established by the formatted signature for the instructor of record along with the instructor's date-of-birth, at minimum.

## STUDENT SCHEDULE FILE – RELATED FIELDS

- Include/Exclude Hours Flag (Field #7)
  - 1=Request Reimbursement for this student in this class
  - 2= Do NOT Request Reimbursement for this student in this class – student had too many absences, or withdrew prior to CutOff date, or last day attended was prior to CutOff date
- Last Day Attended (LDA) (Field 8)
  - The date of student's last attendance
  - Withdrawal date implies student was not present; thus, LDA must be prior to drop or withdrawal
  - Can be blank where a MSVCC course district and site code are of a provider institution. Refer to table of district and site codes in eARS.
- Days Absent (Field #9)
  - Number of times student was absent from Start Date to CutOff date
  - Do NOT include absences after CutOff date
  - All absences are counted (excused, late enrollment, time between drop and reinstatement)
  - Can be blank where a MSVCC course district and site code are of a provider institution. Refer to table of district and site codes in eARS.
- Returned Flag (Field #10)
  - Y=Student was absent on CutOff date and Returned during Return period
  - N=Student was absent on CutOff date and did NOT Return during Return period
  - P=Student was present on CutOff date
  - Can be blank where a MSVCC course district and site code are of a provider institution. Refer to table of district and site codes in eARS.

## COURSE FILE – RELATED FIELDS

- **5 7 Meeting** Days (Field #7)
  - Current: MTWRFSCVX
  - ~~Add multiple MTWRFSC when a class repeats in a given day~~
  - V for ONLY MSVCC courses are in Enrollment Tool and have with shared students
  - Online must have a meeting day(s). (Online courses are not in Enrollment Tool have no shared students)
  - X – To Be Announced (TBA) is not valid by the end of the term Course file
  - ~~Examples:~~
    - ~~A class that meets TWR mornings, plus T afternoon: TTWR~~
    - ~~A class that meets MWF mornings, plus M and W afternoon: MMWWF~~
    - ~~A class that meets TWR mornings, plus W afternoon: TWWR~~
    - ~~A class that meets MWF mornings, plus W afternoon, plus W evening: MWWWF~~
- Electronic Attendance (Field #17)
  - Flag to determine if the SS will track student's attendance for this class
  - 0=No. Paper, or PDF, or access to database as always. Also, if Meeting Days are coded as X
  - 1=Yes. The SS file will track the attendance
- CutOff Date (Field #14)
  - Date to delimit the Audit period
  - **RoundUp((End Date – Start Date) / 3) + Start Date**
  - No rounding down.
- Return Date (Field #18)
  - Date to delimit Return period
  - **RoundUp((End Date – Start Date) / 9) + CutOff Date**
  - No rounding down.

- Meetings per Week (Field #19)
  - Number of times the class meets in a given week
  - Number of Meetings during the week is relative to day/s of week the class meets.
  - Includes multiple meetings in a day
  - Examples
    - A class meets M, W, and F. Plus Monday afternoon: 4
    - A class meets T, W, and R. Plus Tuesday and Wednesday afternoon: 5
    - A class meets twice daily (MTWRF): 10
- Weeks per Term (Field #20)
  - **RoundUp((End Date – Start Date) / 7, 0)**
  - Rounding needed to allow partial weeks
- Allowed Absences (Field #21)
  - Maximum number of absences that can occur within the Audit period
  - Includes absences due to late starts, excused absences, absences due to games or school functions, etc.
  - Includes absences between withdrawal and reinstatement
  - **RoundUp(((MeetingsPerWeek\*WeeksPerTerm\*CreditHrs\*100)/(CreditHrs\*750)), 0)**

## MAXIMUM NUMBER OF ABSENCES ALLOWED CHART

Term Length (weeks)	Class Meeting Day/s Per Wk	1	2	3	4	5	6	7
	Maximum number of allowed absences							
1		1	1	1	1	1	1	1
2		1	1	1	2	2	2	2
3		1	1	2	2	2	3	3
4		1	2	2	3	3	4	4
5		1	2	2	3	4	4	5
6		1	2	3	4	4	5	6
7		1	2	3	4	5	6	7
8		2	3	4	5	6	7	8
9		2	3	4	5	6	8	9
10		2	3	4	6	7	8	10
11		2	3	5	6	8	9	11
12		2	4	5	7	8	10	12
13		2	4	6	7	9	11	13
14		2	4	6	8	10	12	14
15		2	4	6	8	10	12	14
16		3	5	7	9	11	13	15
17		3	5	7	10	12	14	16
18		3	5	8	10	12	15	17

State Board Policy 8.2 includes the above table in which the values in the above table are based on the number of weeks in a given term and the number of class meeting days are on a per week basis. For example: In the “full-length” 15-week term such as for the Fall or Spring semester where the class that meets MWF (3-times per week), a student ‘in attendance’ would be allowed to miss class 6 times, provided that the student did not exceed the maximum allowed absences within the first six weeks (or its equivalent). On the 7<sup>th</sup> absence he/she must be excluded as ‘not in attendance’.

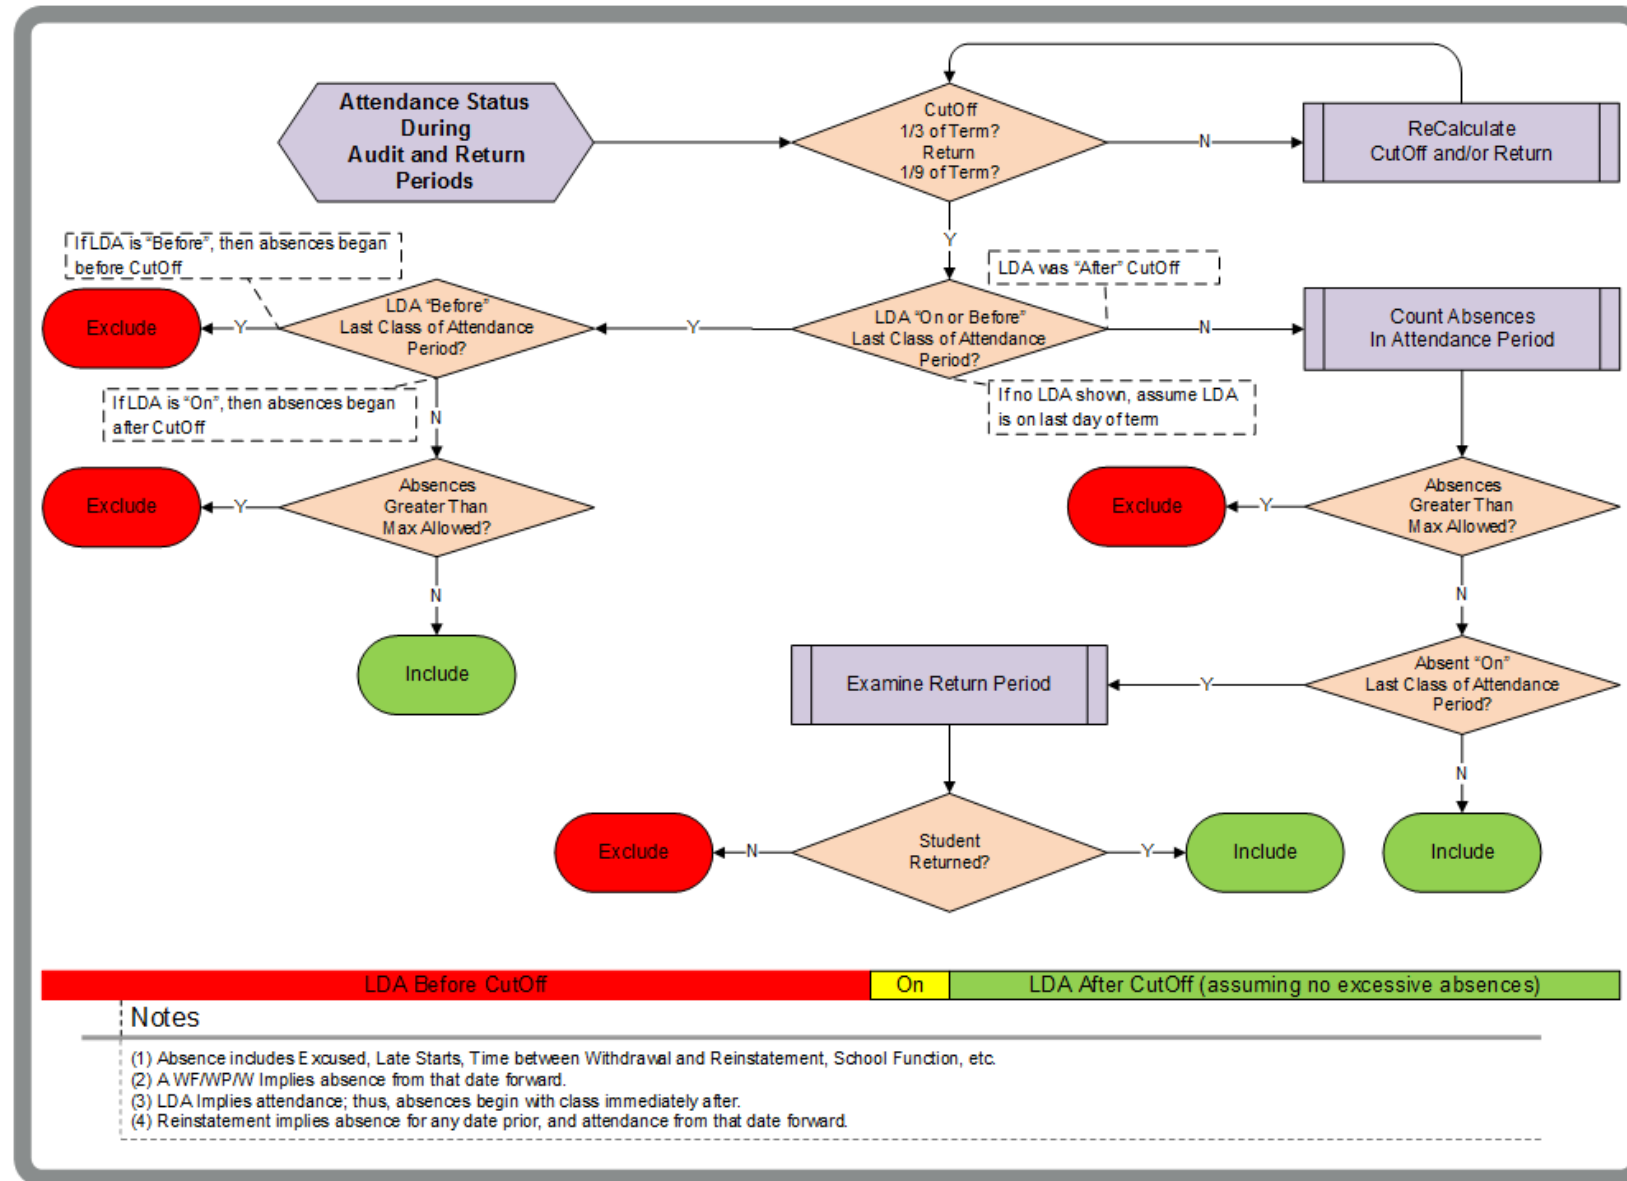

## **TO INCLUDE OR EXCLUDE A STUDENT FROM A CLASS**

- Student completed the term or stopped attending 'after' CutOff date
  - Count the absences within the Audit period
  - If exceeded, then flag as 'exclude' in the Student Schedule file
- Student was absent 'on' CutOff date
  - Review the Return period
  - If never returned, then flag as 'exclude' in the Student Schedule file
- Student stopped attending 'before' CutOff date; therefore, flag student as 'exclude' in the Student Schedule file
- If student's class is not excluded, then include in the request for reimbursement
- The flowchart below illustrates the steps.

## **ATTENDANCE FLOWCHART**

- Absence includes Excused, Late Starts, Time between Withdrawal and Reinstatement, School Function, etc.
- A WP, WF, or W implies absence from that date forward
- LDA implies attendance; thus, absences begin with class immediately thereafter
- Reinstatement implies absence for any class date prior, and attendance from that date forward

## ATTENDANCE FLOWCHART

## WHAT ABOUT A STUDENT WHO REGISTERS A FEW DAYS LATE, ARE THE MISSED CLASSES COUNTED AS ABSENCES?

The student who registers late is considered absent as the student was not in attendance until he/she began attending classes.

## ONLINE AND MSVCC ATTENDANCE

- **NOTICE:** Effective for Academic Year 2024, the Mississippi Virtual Community Colleges will no longer operate under a host-provider model. All MSVCC courses will receive the same funding as traditional courses.
- Online is any course taught via the Internet, that does not use the MSVCC Enrollment Tool.
  - Online courses are for 'own' students, that is, not for 'shared' students.
  - Online courses are maintained in the college's SIS.
  - Attendance for Online is maintained via college's software system.
- MSVCC is any course taught via the Internet that utilizes the Enrollment Tool.
  - Frequently, there will be students from other colleges, that is, 'shared' students.
  - Attendance for students from other colleges (shared) is taken through the MSVCC Enrollment Tool.
  - Some colleges have the ability to take attendance via software packages and upload to the ET.
- All Online and MSVCC students' attendance must be accounted in the data upload.

## WHAT ABOUT REINSTATEMENTS?

- If an LDA or Withdrawal is indicated prior to CutOff date, but is reinstated prior to CutOff date, then count all absences, including the missed classes between the withdrawal and reinstatement.
- If an LDA or Withdrawal is indicated prior to CutOff date, but is reinstated after the CutOff date, then student does not meet the legal requirement for "enrolled" and will not be considered for reimbursement purposes.
- A student who is enrolled and in attendance, but merely absent on the last class meeting of the Audit period may still be counted for reimbursement provided student returned during the Return period.
- If the student was not present in class, then the student was absent.

## WHAT IF THERE IS MISSING DOCUMENTATION IN A STUDENT'S ADMISSION FILE OR ON AN ATTENDANCE ROSTER?

- The MCCB audit team members should notify the MCCB lead auditor of any missing documentation in a student's admission file or an attendance roster. The lead auditor will make attempts to obtain the missing admissions documentation from the representative of the college. All attempts should be made to obtain the missing admissions documentation prior to the audit team departing the campus for an onsite review or completing the remote audit.
- However, colleges have 72 hours (3 working days) from the date of the audit (onsite or remotely) to provide missing documentation on an admission file. There is no 72-hour window for noncompliance of attendance records. **NOTE:** 100% Admission or Attendance reviews may become necessary when systemic noncompliance is evidenced.

## SPECIAL INSTRUCTIONS FOR LEAD AUDITORS

### NOTES FOR AUDITORS

- Audit teams are expected to work a full 8-hour day, to include travel time. In cases where travel and work hours extend beyond the normal 8AM-5PM work day, those hours will be reimbursed in the form of Compensatory Time.
- Each college's admission sample will be made available to them online the day before the scheduled audit. To access those samples, college staff will log into the Electronic Audit Reporting System (eARS).
- Lead auditors are responsible for coordinating travel arrangements and completing a travel form for the audit team.
- Lead auditors will also:
  - be responsible for coordinating hotel arrangements
  - remind team members to book their own hotel rooms
  - remind team member of the audit's start-time and location (specific building)
  - provide team members with his/her cell number and gather their cell numbers in case of emergency
  - remind team members to dress professionally (shirt/tie) and to wear their MCCB name tags
  - ensure every team member has a username and password to eARS and has become familiar with its use

### THE DAY OF THE AUDIT

- Meet the college's audit team at the designated audit location.
- Let the college representative know that the audit team is present and ready to begin work.
- Login to eARS and lock college.
- If college has electronic records, login into their system and review their processes with college personnel.  
**Reminder: Colleges must still submit all attendance rosters for the term as soon as the data upload is completed.**
- Go over the audit process briefly with the team to make sure they have clear direction on what they are supposed to do.
  - remind team to check admission files (application, transcripts, proof of residency - if required)
  - remind team to sign and date their assigned admission sample page upon completion
  - remind team to set aside admission files and/or rosters on which findings occur
- Conduct the audit, consulting as needed with college staff to request any additional supporting documentation required.

## AT THE CONCLUSION OF THE AUDIT

- Make sure the MCCB team members:
  - Enter all findings in eARS
  - Collect copies of documentation supporting the finding (attendance roster/s or admission document/s)
- Carefully review each finding and ensure they have been entered into eARS
- Enter comments related to the audit:
  - Point out any issues and/or incorrect assumptions that resulted in findings.
  - Point out good practices.
- Print the Audit Exit Report and provide a copy to the college.
- Conduct the exit interview with the college staff and audit team.
  - Inform the college staff of next steps.
    - If the 72-hour rule is applicable, remind them that once the 72-hour window has passed, the audit is closed.
    - Final report to be emailed within 14 working days.

## WITHIN 14 WORKING DAYS OF THE CLOSE OF THE AUDIT

- Evaluate any additional supporting documentation submitted within the 72-hour window, eliminating findings where possible and finalizing exceptions.
- Review the entire process.
- Email final report to the college

## DEFINITIONS OF TERMS & ACRONYMS

**AACC:** The American Association of Community Colleges (AACC) is the primary advocacy organization for the nation's community colleges. The association represents almost 1,200 two-year, associate degree–granting institutions and more than 11 million students.

**AACRAO:** The American Association of Collegiate Registrars and Admissions Officers (AACRAO) is a nonprofit, voluntary, professional association of more than 10,000 higher education admissions and registration professionals who represent more than 2,600 institutions and agencies in the United States and in 28 countries around the world. The mission of the American Association of Collegiate Registrars and Admissions Officers is to serve and advance higher education by providing leadership in academic and enrollment services.

**Academic Student:** Refers to students taking courses in an Association of Arts degree program of study.

**Accreditation:** A voluntary, nongovernmental process, in which an institution and its programs are evaluated against standards for measuring quality.

**AERA:** The American Educational Research Organization (AERA) is an international professional organization, with the primary goal of advancing educational research and its practical application. Its more than 25,000 members are educators; administrators; directors of research; persons working with testing or evaluation in federal, state and local agencies; counselors; evaluators; graduate students; and behavioral scientists.

**AIR:** The Association of Institutional Research (AIR), is a non-profit professional organization that supports quality data and decisions for higher education.

**Applicant:** Per *IPEDS*, an individual who has fulfilled the institution's requirements to be considered for admission (including payment or waiving of the application fee, if any) and who has been notified of one of the following actions: admission, non-admission, placement on waiting list, or application withdrawn (by applicant or institution).

**Audit:** Refers to an enrollment in a credit-bearing course, for which the student elects not to receive credit.

**Campus:** A campus is a permanent location, which offers an extensive range of educational programs consisting of academic, technical and career, which lead to an associate of arts, associate of applied science or a technical or vocational certificate; as well as, continuing education, adult basic education, workforce training and community service. Complete instructional and student support services are provided on a campus. A campus is staffed primarily with full-time professional personnel, and the facilities are owned by the community or junior college district. There is at least one campus in each community or junior college district. However, in accordance with Section 37-4-3(6)(e), no new community or junior college branch campus shall be approved without an authorizing act of the legislature.

**Career Center (Vocational) Student:** refers to a student enrolled in a Career (Vocational) Certificate Program of Study.

**Census Date:** The census date, also referred to as the cut-off date, is the date at which students must be enrolled and in attendance in order to be counted for reimbursement purposes.

**CIP Code:** The Classification of Instructional Program (CIP) Code provides a universal coding system for programs of study that allows for the accurate tracking, assessment, and alignment of program descriptions and program completions activity. CIP was originally developed by the U.S. Department of Education's National Center for Education Statistics (NCES) in 1980, with revisions occurring in 1985 and 1990, 2000, and 2010.

**Comprehensive Center:** A comprehensive center is a permanent location, which offers a broad range of educational programs and services. A comprehensive center offers both credit and non-credit courses in multiple instructional areas that may include academic, technical, and career instruction, workforce training and other instruction for professional development and /or lifelong learning. A comprehensive center will have permanent facilities owned or shared by statutory agreement through which the community or junior college is guaranteed utilization. The facilities must be sufficient to carry out the stated mission. Library services and student support services must be comparable to those services located at the main campus. "The number of full-time faculty members must be adequate to provide effective teaching, advising and scholarly or creative activity" (SACS). There may be one or more comprehensive centers in a community and junior college district or none at all.

**Conditional Admission:** A student who is admitted to the college without having completed all the required documentation. These students are not eligible for reimbursement.

**Contact Hour:** A unit of measure that represents an hour of scheduled instruction given to students. Also referred to as a clock hour.

**Credit Hour:** As defined in State Board Policy 8.2, a semester credit hour is defined as minimum student-teacher contact of 750 minutes for lecture and 1500 minutes for laboratory, not to include time for passing between classes, registration, nor final examinations.

**Diploma Mill:** An education institution (secondary or postsecondary) operating without supervision of a state or professional agency and granting diplomas which are either fraudulent or, because of the lack of proper standards, worthless.

**Dual Credit Student:** A student who is enrolled in a community or junior college or state institution of higher learning while enrolled in high school and who is receiving BOTH high school and college credit for the postsecondary coursework.

**Dual Enrolled Student:** A student who is enrolled in a community or junior college or state institution of higher learning while enrolled in high school and who is receiving ONLY college credit for the postsecondary coursework

**Early College High School (ECHS) Student:** A student who is a dual enrollment student enrolled in a small, independent high school located on a partnering college campus or a location other than a traditional high school campus. Students enter as high school freshmen, with a goal of earning both a high school diploma and an associate degree or 62 hours of college credit.

**Electronic Audit Reporting System (eARS):** A system designed and developed by the MCCB to help colleges report data, and to assist the board with conducting the audits. The system allows colleges to upload data upon completion of a term. The data is validated to ensure values are correct and consistent throughout each data set and among all the colleges. It then allows auditors to visit each campus and conduct all work electronically.

**Education Achievement Council (EAC):** Established by the Mississippi Legislature in 2010 (*HB 1071*) for the purposes of increasing the educational attainment and skill levels of Mississippi's working age population to the national average by 2025. Membership includes the chairs of the House and Senate Universities and Colleges Committees, the House and Senate Education Committees, the House and Senate Appropriations Committees, representatives from the IHL, Community College, and K12 Systems, as well as representatives from the MS Economic Council and the MS Department of Mental Health.

**Enrolled:** Any registered, active (not withdrawn or dropped) student listed on a course roster.

**Entering Student:** Any students coming into the institution for the first time. This includes students who initially attended the prior summer term and returned again in the fall; all first-time, first-year students; students transferring into the institution; both full-time and part-time students; and all degree/certificate-seeking as well as non-degree/certificate seeking students.

**Ethnicity** is based on the whether an individual is of Hispanic or Latino descent or not. Hispanic or Latino: A person of Cuban, Mexican, Puerto Rican, South or Central American, or other Spanish culture or origin, regardless of race. The term "Spanish origin" can be used in addition to "Hispanic or Latino."

**Extension Center:** An extension center is a permanent location, which offers a partial range of educational programs and services. An extension center may be solely academic, solely technical/vocational, or a combination of these types of curricula. An extension center is established for a specific, stated instructional mission. Library services and student support services are limited directly to serve the type and number of students. Facilities may be owned or leased by the community or junior college district. There may be one or more extension centers in a community or junior college district or none at all. "The number of fulltime faculty members must be adequate to provide effective teaching, advising and scholarly or creative activity" (SACS). There may be one or more extension centers in a community and junior college district or none at all.

**Fall Cohort:** The group of students entering in the fall term established for tracking purposes. [For the IPEDS Graduation Rates component, this includes all students who enter the institution as full-time, first-time degree or certificate-seeking undergraduate students during the fall term of a given year.]

**FICE Code:** a 6-digit identification code used to identify institutions that are accredited at the college level by an agency recognized by the U.S. Department of Education.

**Finding:** the audit review result of non-compliance.

**Five-Year Rule:** If a student previously attended your postsecondary institution (5 years or more prior) and has not subsequently enrolled at another postsecondary institution, your institution's transcript will satisfy admission requirements for that student.

**FTE:** Refers to full-time equivalent. For state reimbursement, this refers to full-time equivalent students and is defined as the total credit hours accumulated by Academic, Technical, and Vocational students during the summer, fall and spring semesters divided by thirty (30).

**Headcount:** An unduplicated tally of students by a characteristic, such as full-time/part-time, major, age, etc.

**Homeless minor:** May be accompanied or unaccompanied by a parent or legal guardian and is a student who at the time of admission to the college (A) lacks a fixed, regular, and adequate nighttime residence; and (B) includes: (i) students who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks, or camping grounds due to lack of alternative adequate accommodations; are living in emergency or transitional shelters; are abandoned in hospitals; (ii) students who have a primary nighttime residence that is a private or public place not designed for or ordinarily used as a regular sleeping accommodation for human beings; (iii) students who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings.

**Hybrid Courses:** Hybrid courses are defined as those courses with less than seventy-five percent (75%) of student contact hours provided on-line (*SB 3122, 2005*).

**IHL:** Refers to the Institutions of Higher Learning, the governing agency that oversees the seven public four-year colleges in Mississippi.

**In Attendance:** For the purpose of state reimbursement, the term "in attendance" shall mean that the student's last day of attendance (if any) occurred on or after the last class meeting of the sixth week or its equivalent. Students with the equivalent of two absences (per one credit hour course) by the end of the sixth week shall be deemed not in attendance unless that student attends class thereafter (*State Board Policy 8.2*).

**Integrated Career Pathway:** Is a workforce development strategy used in the United States to support workers' transitions from education into and through the workforce; often referred as i-Pathway. This strategy has been adopted at the federal, state and local levels in order to increase education, training and learning opportunities for America's current and emerging workforce. Career pathways are an integrated collection of programs and services intended to develop students' core academic, technical and employability skills; provide them with continuous education, training; and place them in high-demand, high-opportunity jobs. A career pathways initiative consists of a partnership among community colleges, primary and secondary schools, workforce and economic development agencies, employers, labor groups and social service providers. MI-BEST is the most prevalent integrated career pathway in Mississippi (see below).

**Intercession Course:** An intercession course is one that meets during the interim period between two regular semesters.

**IPEDS:** Refers to the Integrated Postsecondary Education Data System. This is a system of interrelated surveys conducted annually by the U.S. Department of Education's National Center for Education Statistics (NCES). IPEDS gathers information from every college, university, and technical and vocational institution that participates in the federal student financial aid programs. The Higher Education Act of 1965, as amended, requires that institutions that participate in federal student aid programs report data on enrollments, program completions, graduation rates, faculty and staff, finances, institutional prices, and student financial aid. These data are made available to students and parents through the College Navigator college search Web site and to researchers and others through the IPEDS Data Center.

**Last Date of Attendance (LDA):** The last date the student was physically present in the **traditional course**, or for a **strictly online that has no shared MSVCC students** or MSVCC student, the last day the student demonstrated activity in that **strictly online** course. LDA determination for a hybrid course is based on the most appropriate definition above, depending on whether the course was meeting traditionally or online at the time of the LDA.

**Mississippi Association for Institutional Research (MAIR):** An association composed of institutional research professionals at Mississippi's 2-year and 4-year postsecondary institutions.

**MCCB:** Refers to the Mississippi Community College Board (MCCB), formerly the State Board for Community & Junior Colleges (SBCJC), is the agency responsible for the coordination of the fifteen public 2-year colleges in Mississippi.

**MDE:** Refers to the Mississippi Department of Education, the governing agency that oversees the K-12 system.

**MI-BEST:** Refers to the Mississippi Integrated Basic Education and Skills Training. MI-Best is premised on the highly successful, evidence-based Integrated Basic Education and Skills Training (I-BEST) model, launched in Washington (WA) state, that incorporates contextualized learning by concurrently delivering Adult Basic Education (ABE) and Career and Technical Education (CTE) classes using a team teaching approach. MI-BEST is premised on two simple goals:

- Scale the integrated career pathways approach statewide among Mississippi Community and Junior Colleges.
- Increase family-sustaining wages among high school dropouts and non-traditional students in Mississippi by improving educational outcomes and career-focused skills.

**Middle College Program (MCP) student:** A student who is a dual enrollment student enrolled in school or district-level dual credit/dual enrollment program in which high school juniors or seniors attend a portion of the day at the high school and a portion at a postsecondary institution. Districts provide a transitional counselor and closely monitor student progress.

**Mid-Level Funding:** The goal of a per-student funding level for community colleges midway between funding for K-12 students and regional public university students. In 2007, a bill was passed by the MS legislature and signed by the governor that would require mid-level funding for community and junior colleges; however, that funding level has not yet been achieved.

**MSVCC:** The Mississippi Virtual Community College (MSVCC) is a consortium of Mississippi's 15 community colleges that makes it possible for these colleges to leverage their distance learning resources -- including faculty, courses, support services, and technology. Through the MSVCC, students may take courses from community colleges anywhere in Mississippi while getting support services from a local college. To take a course from a remote (provider) college, a student enrolls at a local (host) community college. The host college supports the student with a full slate of student services, including advisement and counseling, financial aid, and learning resources. The host college awards credit for the course. The remote (provider) college provides the course instruction.

**National Center for Education Statistics (NCES):** A division within the U.S. Department of Education, NCES is the primary federal entity for collecting and analyzing data related to education in the U.S. and other nations.

**NCCCRP:** The National Community College Council on Research and Planning (NCCCRP), is the only national organization that exists exclusively to serve institutional research and planning professionals in 2-year, postsecondary educational institutions and other persons with a special interest in community college research.

**No Show:** No shows are students who registered for the course, but never attended the course.

**nSPARC:** This refers to the National Strategic Planning & Analysis Research Center. nSPARC, located at Mississippi State University, seeks to align university, industry, and government expertise and resources to maintain and increase economic competitiveness. nSPARC answers specific questions related to economic, workforce, and community development by conducting high-quality scientific research, including but not limited to statistical analysis, place-based analysis, survey design, and computer-assisted focus groups.

**On-site Audit:** An audit conducted on the premises of a college campus and/or its associated facilities (i.e. off-campus site). It involves inspecting the college's admissions and enrollment records for statutory compliance.

**Off-site Audit:** An audit conducted from at an offsite location, also referred to as a remote audit. It involves inspecting the college's admissions and enrollment records for statutory compliance at a location off the premises of a college campus and/or its associated facilities (i.e. off-campus site).

**Off-Campus Site:** An off-campus site is a location, which provides a very limited selection of course offerings (usually academic) that support the instructional mission of a campus or center. Such a site provides minimal library and student support services. Facilities generally are not owned by the college, but may be leased. The existence of an off-campus site does not imply commitment to maintain or to continue operation. A community or junior college must obtain approval from the State Board on a semester-by-semester basis to offer courses at an off-campus site in accordance with § 37-29-69 of the Mississippi Code of 1972, Annotated.

**Off-Schedule Course:** An off-schedule course is any course taught during a regular semester that has a different census date than that of the regular semester's courses. These courses will either be longer or shorter than the standard classes scheduled for that term.

**Perkins:** This refers to the Carl D. Perkins Career and Technical Education Act of 2006. Colleges are required to submit accountability reports annually to the MS Department of Education in order to receive federal funds through Perkins.

**Race** is based in the following five categorizations (*IPEDS definitions*):

- *American Indian or Alaska Native:* A person having origins in any of the original peoples of North and South America (including Central America), and who maintains tribal affiliation or community attachment.
- *Asian:* A person having origins in any of the original peoples of the Far East, Southeast Asia, or the Indian subcontinent, including, for example, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand, and Vietnam.
- *Black or African American:* A person having origins in any of the black racial groups of Africa.
- *Native Hawaiian or Other Pacific Islander:* A person having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific Islands.
- *White:* A person having origins in any of the original peoples of Europe, the Middle East, or North Africa.

**Readmission:** A student who has had a lapse in enrollment at a college may require readmission, depending on that college's policy. Each college establishes its own policy for when readmission is necessary; however, all appropriate audit documents are required for the purpose of state reimbursement.

**Reinstatement:** A student who LDAs or withdraws prior to the last class meeting of the 6<sup>th</sup> week (or its equivalent), but who receives college approval to rejoin the class. Reinstatements must be coded on the roster, and reinstated students must be coded as reinstated and in attendance as of the last class meeting of the 6<sup>th</sup> week (or its equivalent) for the purpose of state reimbursement.

**Remote Audit:** See Off-Site Audit.

**SACCR:** The Southeastern Association for Community College Research (SACCR), provides a regional forum for planning, coordinating, or conducting activities which promote improvement of community-based postsecondary institutions throughout the southeastern United States. We identify and promote best practices in institutional research and planning, which support and strengthen decision making processes of higher education at the regional, state, and institutional levels.

**SACSCOC:** The Southern Association of Colleges and Schools Commission on Colleges is the regional body for the accreditation of degree-granting higher education institutions in the Southern states.

**SAIR:** The Southern Association of Institutional Research (SAIR) is dedicated to the advancement of research leading to improved understanding, planning, and operation of institutions of post-secondary education. SAIR provides a forum for the dissemination of information and interchange of ideas on problems of common interest in the field of institutional research. In addition, SAIR promotes the continued professional development of individuals engaging in institutional research and fosters the unity and cooperation among persons having interests and activities related to research.

**SSCH:** Student Semester Credit Hours - Credit hours generated by all students in a semester.

**SBCJC:** The State Board for Community and Junior Colleges (SBCJC) is the agency responsible for the coordination of the fifteen public 2-year colleges in Mississippi. (Since July 1, 2011, the agency's name officially changed to the Mississippi Community College Board.)

**Southern Regional Education Board (SREB):** SREB is a nonprofit, nonpartisan organization that works with 16 member states to improve public pre-K-12 and higher education. Founded by the region's governors and legislators in 1948, SREB was America's first interstate compact for education. Today it is the only regional education compact that works directly with state leaders, schools and educators to improve teaching, learning and student achievement at **every** level of education.

**SLDS:** The Statewide Longitudinal Data System (SLDS), established by *SB2371 (2011)*, is a multi-agency database, currently in development, that will track education and student outcomes into the workforce.

**TAACCCT Grant Exception:** Students in this grant may or may not have graduated from high school or earned an equivalency diploma.

**Technical Student:** Refers to students taking courses in an Association of Applied Science or Technical Degree program of study.

**Transfer:** A student entering the reporting institution for the first time **or returning to the reporting institution after a break in enrollment and** who has attempted hours from a postsecondary institution from which transfer coursework is accepted.

**Transient college student:** a student who is enrolled in one college or university (their home institution) and takes courses temporarily (a single semester) at another college or university (their host institution) with the intention of transferring the course credit back to their home institution.

**Unduplicated Headcount:** A student is counted only once during an academic year (Summer term through Spring term) regardless of how many terms the student registers for or how many different classes the student takes during that time period.

**Uniform Course Numbering System:** The system of commonly identifying courses in all college parallel curricula, both in academic and in career-technical programs. A general revision of the numbering systems are prepared on an annual basis. <http://www.mccb.edu/researchplan/CourseNumb.aspx>

**USDOE:** United States Department of Education (also sometimes referred to simply as DOE).

**Vocational Student:** See *Career Center Student*

# FILE UPLOAD PROCESS AND FILE SPECIFICATIONS

## FILE UPLOAD PROCESS

This entire process is completed via the Electronic Audit and Reporting System (eARS). Note: Direct access to the Enrollment Tool for MSVCC data is not required.

1. Login to eARS
2. Click on the Pre-Audit (MSVCC) tab
3. View and/or download VCC courses, faculty and students
  - a. Click on the green tabs
  - b. Files can be viewed and/or downloaded to Excel
4. Review for accuracy, that is, each VCC course ID matches the course ID in the college's SIS (Banner, Colleague, Alliant, etc.).
  - a. Once in agreement the person responsible for VCC should complete the next two steps
  - b. Check the "I concur our virtual..." checkbox
  - c. Press the "Submit Pre-Audit Data" button
5. Click on the eAudit Summary tab
6. Download VCC Student Schedule file
  - a. This file contains only 'crossed' students – that is, local students that took courses from other districts
  - b. Save the VCC**xxx****yyyy****ts**.txt to the computer
    - i. xxx = District
    - ii. yyyy = Year
    - iii. t = Term
    - iv. s = indicates Student Schedule file
7. Create term data files (Primary Enrollment, Course, Student Schedule, and Faculty)
  - a. Extract data from the SIS to create text files
    - i. For the Student Schedule extract traditional and MSVCC courses, i.e., all your students taking your courses
    - ii. To assist getting the grades for your students, download some/all of the extracts provided in the Tables & Views tab
  - b. Use file layouts and definitions as outlined in this manual
  - c. Append the VCC**xxx****yyyy****ts**.txt to the created Student Schedule file
8. Click on the File Upload & Validation tab
  - a. Upload files in this order: faculty, course, primary enrollment, student schedule
  - b. Validations are performed as each file is uploaded
  - c. If upload fails validation, then click on File View button (in red) on bottom of main screen to view/download error list
    - i. Reload until all errors are cleared. Note: It is necessary to reload a file that loaded successfully

9. Secondary Verification

- a. Once the upload of all files is successful, an automatic email is sent to MCCB requesting the Secondary Verification
- b. The Summary Enrollment Report is now optional in eARS
- c. Successful upload does not necessarily mean all data is accurate
- d. The Secondary Demographic Verification (SDV) profile is placed in the Secure FTP folder
  - i. The spreadsheet contains many worksheets providing multiple ways to view the data
  - ii. Please forward to any and all personnel that is responsible for a given type of data
  - iii. Review worksheets in great detail

10. Upon receipt of Secondary Demographic Verification profile

- i. A Confirm Secondary Verification button will appear in eARS to accept/confirm verification. Do not press the confirmation button until everything and everyone are on board with the data
- b. A reload of some files or all files may be necessary:
  - i. Nothing to cancel
  - ii. Do this as many times as needed

11. Once the college agrees with Secondary Demographic Verification profile:

- a. Click on the Confirm Secondary Verification button
- b. This locks files and allows MCCB to generate an Audit Sample

12. Now it is time to schedule a time for an Audit visit, within 14 business days of the college's final confirmation of its term data:

- a. Emails between appropriate data contact and MCCB will ensue. Upon agreeing on a date, the MCCB will schedule a date. The date will then display on main screen.
- b. The day before the scheduled visit eARS and note that a link will appear on main screen. The link allows the college to view and download the student audit sample.

## TERM FILES

These four term files must be uploaded upon completion of each Summer, Fall or Spring semester via the Electronic Audit Reporting System (eARS). These files are to be uploaded in sequence as outlined below. Files can be reloaded as often as necessary, until files are locked when they are ready to be audited. A fairly extensive validation is performed upon upload. However, a successful upload does not necessarily imply that the files are ready for audit. A secondary verification is performed after the upload which might require the college to reload some or all the files.

### Faculty

- Naming scheme: xxxyyyytf.txt  
xxx = District code (201, 202, etc.)  
yyyy = Academic year  
t = Term (1=Summer, 2=Fall, 3=Spring)  
f = Faculty

Example for Fall 2012 for Coahoma: 20120132f.txt

Example for Spring 2013 for Copiah: 20220133f.txt

- Both the file types and the 'txt' in the filename must be in lowercase
- Report one record per faculty member - even if member teaches at multiple sites.
  - Record length = 84 bytes.
  - NOTE: Files with records shorter/longer will be rejected
- First file in upload process
- Code and report off-schedule classes/students/enrollments/faculty with the term in which the census date occurred
- Code and report intersession classes/students/enrollments/faculty with the subsequent term

### Course

- Naming scheme: xxxyyyytc.txt  
xxx = District code (201, 202, etc.)  
yyyy = Academic year  
t = Term (1=Summer, 2=Fall, 3=Spring)  
c = Course

Example for Fall 2012 for Coahoma: 20120132c.txt

Example for Spring 2013 for Copiah: 20220133c.txt

- Both the file types and the 'txt' in the filename must be in lowercase
  - Report one record per class taught – traditional or online. No need to include cancelled/closed courses – no students
  - Record length = 90 bytes. Files with records shorter/longer will be rejected
  - Second file in upload process. Will require re-upload if faculty file is re-uploaded
- Code and report off-schedule classes/students/enrollments/faculty with the term in which the census date occurred
- Code and report intersession classes/students/enrollments/faculty with the subsequent term

## Primary Enrollment

- Naming scheme: xxxyyyytp.txt  
xxx = District code (201, 202, etc.)  
yyyy = Academic year  
t = Term (1=Summer, 2=Fall, 3=Spring)  
p = Primary Enrollment

Example for Fall 2012 for Coahoma: 20120132p.txt

Example for Spring 2013 for Copiah: 20220133p.txt

- Both the file types and the 'txt' in the filename must be in lowercase
- Report one record per student that was still enrolled after drop/add period:
  - That is, students for which a transcript can be generated for this term, even if not requesting reimbursement
  - The 'Include Student' field is to request reimbursement for students still in attendance by cutoff date and without excessive absences
  - Record length = 197 bytes. Files with records shorter/longer will be rejected
  - Third file to be uploaded. Will require re-upload if course file is re-uploaded
- Code and report off-schedule classes/students/enrollments/faculty with the term in which the census date occurred
- Code and report intersession classes/students/enrollments/faculty with the subsequent term

## Student Schedule

- Naming scheme: xxxyyyyts.txt  
xxx = District code (201, 202, etc.)  
yyyy = Academic year  
t = Term (1=Summer, 2=Fall, 3=Spring)  
s = Student Schedule

Example for Fall 2012 for Coahoma: 20120132s.txt

Example for Spring 2013 for Copiah: 20220133s.txt

- Both the file types and the 'txt' in the filename must be in lowercase
- Report one record per student per class that was still enrolled after drop/add period
  - That is, credit hours that would show in a transcript for this term, even if not requesting reimbursement
  - The 'Include Hours' field is to request reimbursement for students still in attendance by cutoff date and without excessive absences in this class
  - Record length = 39 bytes or 51 bytes if including electronic attendance. Files with records shorter/longer will be rejected
  - Last file to be uploaded. Will require re-upload if primary enrollment file is re-uploaded
- Code and report off-schedule classes/students/enrollments/faculty with the term in which the census date occurred
- Code and report intersession classes/students/enrollments/faculty with the subsequent term
- Extract from the SIS each course in which a student is enrolled; that is, include any MSVCC classes
  - Once extract is complete, append the VCC 'hosted' student schedule (VCCxxxyyyyts.txt) to the text file
  - The VCC student schedule is to account for your students' credit hours taken at other districts

## When to include term data

- Code and report off-schedule all term files with the term in which the census date occurred.
- Code and report intersession all term files with the subsequent term.

## ANNUAL FILE

### Graduate

- Naming scheme: XXXYYYYTg.txt  
 XXX = District code (201, 202, etc.)  
 YYYY = Academic year  
 T = Term (0=Annual)  
 g = Graduate
- Record length = 48 bytes. Files with records shorter/longer will be rejected
- Upload after completion of Spring graduation
- Report all students who received an award (degree or credential) on the prior academic year (Summer, Fall or Spring). One file for entire academic year
- Report one record for each degree or certificate awarded. That is, a student might have two or more records
- A warning, not an error, will be generated if no previous enrollment is detected for a student within the past academic year
- If student last attended your institution prior to Summer 2012, a Primary Enrollment record must be provided via the FTP site. This happens when awarding degree through the 'reverse transfer' mechanism

## VALIDATIONS

- File will be rejected if it has an invalid file name
- File will be rejected if it has an invalid record length
- Files must be uploaded in proper sequence
- Potential difference between Enrollment Summary headcount and Secondary Verification headcount
  - Enrollment Summary uses the accumulators from the PE file (fields 22, 23, 24, 25, 26 and 32)
  - Secondary Verification removes students for which there are no Student Schedule records
  - In a perfect submission both headcounts will match

## VALIDATIONS AND CLARIFICATIONS

### ADN Students

- ADN student MUST be coded as academic (CIP code 513801 is NO longer valid)
- F27 - Major = 513800 (new 2010 CIP code value)
- F9 - Curriculum = 1 (Academic)

### Duplicated Students

- There must be a one-to-one relationship between the student's Social Security and the Identification numbers
- Duplicate SSN's will be rejected
- Duplicate student ID's will be rejected

### Credit Hours Format

- Fields 22, 23, 24, 25, 26, 32
- Yes, the period counts as a character! Make sure the field is padded with zeroes, not spaces. There are no implied decimals. If you enter 00300, it will read as 300 hours
- Any of these formats is valid: 00003; 00004; 03.00; 03.50

### Conditional Admission

- F17 – Admission Compliance = D (Conditional Admission)
- F42 – Include/Exclude = 0 (Student cannot be reimbursed)

### Non-Degree Seeking Students

## Cumulative GPA Format

- F30 – Cumulative GPA
  - Three decimal places are implied. Do not enter a decimal period.
  - If entry is 0300 then GPA=0.3; if 3500 then GPA=3.5

## TAACCCT and MI-BEST Exceptions

- F17 – Admission Compliance = 'C' for TAACCCT or 'E' for MI-BEST
  - F9 – Curriculum = 2 or 3 (Technical or Career)
  - F10 – Classification = 1 or 2 (Freshman or Sophomore)
  - F15 – Degree Seeking = 1 (Yes)
  - F16 – Degree Seeking Status = 1, 2, or 3 (FTFY, 1<sup>st</sup> Yr Cont., All Other)
  - F27 – Program of Study = Approved CIP code (not 999999)
  - F41 – Initial Admission Compliance = 'C' or 'E'
  - F43 – Integrated Pathway = 1 (Yes)
- ~~If student does NOT have GED or HS diploma~~
  - ~~○ F9 – Curriculum = 4 (Non-Degree Seeking)~~
  - ~~○ F10 – Classification = 4 (Not Classified)~~
  - ~~○ F15 – Degree Seeking = 2 (No)~~
  - ~~○ F16 – Degree Seeking Status = 4 (Not Degree or Award Seeking)~~
  - ~~○ F27 – Program of Study = 999999~~
  - ~~○ F41 – Initial Admission Compliance = 'C' or 'E'~~
  - ~~○ F43 – Integrated Pathway = 1 (Yes)~~
- Once the student earns the HSE diploma then change codes; if term started, then make changes on subsequent term.

## Suggestion for Special Social Security Numbers for students who do not provide their number

- Begin with

901 – Coahoma	906 – Holmes	911 – Gulf Coast
902 – CoLin	907 – Itawamba	912 – Northeast
903 – East Central	908 – Jones	913 – Northwest
904 – East MS	909 – Meridian	914 – Pearl River
905 – Hinds	910 – Delta	915 – Southwest
- Social Security Administration does not issue cards beginning with digits in the 900 range
- Establish a counter
- Assign a new number to a new student
  - For example 909-00-0001 for first one at Meridian
- Never repeat the number
- If student transfers, encourage him/her to use this number

## Include/Exclude Student

- Report ALL students as of the drop/add date
- ALL student for which a transcript will be generated
- The credit hour in the accumulators will be matched to the sum of hours in the Student Schedule file, whether or not the college requests reimbursement

20	Weeks Per Term	101	2	Num	Nominal number of weeks in the term	RoundUp((EndDate-StartDate)/7, 0) Round up to zero decimals to allow for partial first week  <b>CANNOT BE BLANK</b>
21	Allowed Absences	103	3	Num	Allowed absences within the Audit Period	RoundUp((((MeetingsPerWeek*WeeksPerTerm*CreditHours*100)/(CreditHours*750)), 0) Round up to zero decimals to avoid partial absences This will match the Absences Allowed Chart  <b>CANNOT BE BLANK</b>

## VALIDATIONS AND CLARIFICATIONS

### Duplicated Courses

- Duplicate course ID's will be rejected.

### Credit Hours Format

- F11
- Yes, the period counts as a character! Make sure the field is padded with zeroes, not spaces. There are no implied decimals. If you enter 00300, it will read as 300 hours.
- Any of these formats is valid: 00003; 00004; 03.00; 03.50

### Course ID Format

- F3
- This ID must exactly match to the course ID in the Student Schedule file.
- This includes field justification and case.

### Start and End Dates

- F8 and F9
- These are the dates on which a class actually starts and ends.
- These are NOT the official start or end dates that might be stated by the college.

### CutOff and Return Dates

- F14 and F18
- These are exact dates as calculated.
- No 'backing up' to the last class of the period.
- These are 'fences' to delimit the Audit and the Return Periods.

### Audit Period

- Is the time span between the Actual Start Date and the CutOff Date.
- All absences are counted within this period.

### Return Period

- Is the time span between the CutOff Date and the Return Date.
- Absences are NOT counted within this period.
- If student was absent on the last class of the Audit Period and has not exceeded the maximum number of allowed absences, then examine the Return Period to check if student attended at least once, that is, check if student returned or not.

## VALIDATIONS AND CLARIFICATIONS

### Attendance Fields 8, 9 and 10

- Optional for academic years 2016 and 2017, required thereafter ~~For classes with 'traditional' delivery for all class modalities.~~

### Classes from Traditional and MSVCC

- First extract to a text file the traditional and local VCC classes from the SIS
- Then append to the text file the Hosted (crossed) VCC classes extracted from eARS
- Use one or more of the extracts provided in eARS to help find the grades for the hosted classes
- This will tremendously reduce the size of the VCC snapshot
  - Now, we will be dealing with tens of records and not hundreds
  - Some errors will continue to pop-up, like the SS record with a student taking a course that does not exist at the provider institution (sometimes a result of incorrect course ID's)
  - Dealing with a smaller file should help simplify the debugging process

### Include/Exclude Credit Hours

- Report all credit hours student attempted
- That is ALL hours as of the drop/add date.
- ALL hours for which a grade will be issued and posted on a transcript
- The credit hour will be summed up and accumulated to match the Primary Enrollment accumulators, whether or not the college requests reimbursement

### Grades for VCC Courses

- The VCC snapshot comes from the Enrollment Tool (ET)
- The VCC does not always have the latest (correct) grade
- The snapshot will not pull the grades from ET, instead you need to extract from your SIS
- The SIS is the database of record when it comes to student grades

### Course ID Format

- F5
- This ID must match exactly to the course ID in the Student Schedule file. This includes field justification and case.

### Student ID Format

- F3
- This ID must match exactly to the student ID in the Student Schedule file. This includes field justification and case.

**EXAMPLE:** a local SIS contains the following:

STUDENT ID	COURSE ID	COURSE TYPE	GRADE
100001	MAT131301	Traditional local course	A
100001	ENG111301	Traditional local course	W
100001	BIO232380	VCC PROVIDED course	A
100001	BIO283180	VCC CANCELLED PROVIDED course	
100001	MFL1111ZZYK	VCC HOSTED course	C

For student 10001, the first 3 courses, **shaded in gray**, would be included from the local SIS (via the college's scripting). Cancelled courses should be omitted. The 5th row, since for this student the course was provided by another college, will come down via the VCC Student Schedule download and appended to the Student Schedule file as in the past. However, VCC download will NOT contain the grade, and it must be added before uploading the SS file into eARS. This means that all grades for all of a college's reported students - traditional, provided VCC, and hosted VCC - are reported from the college SIS.

## VALIDATIONS AND CLARIFICATIONS

### **Primary Enrollment File for Students who last attended prior to Summer 2012**

- Deposit a PE file in the FTP site for students who last took courses at your institution prior to Summer 2012
- Or if the college changed SIS provider after Summer 2012 and new ID's were issued

### **Duplicated Student Records**

- A student can earn multiple degrees and/or certificates in a given term, thus report each on a separate record

### **Academic Year**

- An academic year encompasses Summer (1), Fall (2) and Spring (3). For example academic year 2015 codes would include Summer 2014 (20151), Fall 2014 (20152) and Spring 2015 (20153).

If student did not attend in the current academic year, then provide Primary Enrollment record via the FTP folder.

If student last attended prior to 2002, or when college used a different SIS, then provide alternate student ID's via the FTP folder.

## Traditional Diploma with Endorsements

Mississippi students now have the opportunity to make their high school diploma more valuable. Starting in 2018-19, all 9th graders will choose whether they want to work toward a Traditional Diploma, or take additional classes to earn an academic, distinguished academic or career and technical education endorsement.

Each diploma option will prepare students to be successful after graduation, whether that be in the workforce, a career and technical training program or college. Also, beginning with incoming 9th graders in 2018-19, students who earn an academic or distinguished academic diploma endorsement from a public high school will be accepted into any of the state's public universities.

Students are encouraged to talk with their school counselor to learn more about Mississippi's Traditional high school diploma and opportunities to earn endorsements.

### Mississippi High School Diploma and Endorsement Options Requirements

## MS TRADITIONAL DIPLOMA WITH ENDORSEMENT OPTIONS

Additional information regarding the Traditional Diploma options with Endorsements is located on MDE's MS High School Diploma and Endorsement Options Communication Toolkit web page at: <https://www.mdek12.org/OCGR/diploma>. In part, it reads as follows:

Starting in 2018-19, all 9th graders will choose whether they want to work toward a Traditional Diploma, or take additional classes to earn an academic, distinguished academic or career and technical education endorsement.

These communication tools were developed for district and school leaders to help train staff and communicate with parents and students about the Mississippi Diploma Options and Traditional Diploma with Endorsement Options. These resources can be modified and personalized to meet individual needs.

### KEY MESSAGES:

- Starting in 2018-19, all 9<sup>th</sup> graders will choose whether they want to work toward a Traditional Diploma, or take additional classes to earn an academic, distinguished academic or career and technical education endorsement.
- Each diploma option will prepare students to be successful after graduation, whether that be in the workforce, the military, a career and technical training program or college.
- Beginning with the class of 2022, students who earn an academic or distinguished academic diploma endorsement from a public high school will automatically qualify for admission into any of the state's public universities.

## RESIDENCY STATUTES FOR STUDENTS ATTENDING OR APPLYING FOR ADMISSION TO EDUCATIONAL INSTITUTIONS

### § 37-103-1. Standards to be applied in determining residency.

The board of trustees of each junior college in this state, the board of trustees of state institutions of higher learning, and the administrative authorities of each institution governed by said boards, in ascertaining and determining the legal residence of and tuition to be charged any student applying for admission to such institutions shall be governed by the definitions and conditions set forth in [Sections 37-103-1](#) through [37-103-23](#).

**Sources:** Codes, 1942, § 6800-11; Laws, 1962, ch. 355, § 1; Laws, 1968, ch. 417, § 1; ch. 418, § 1, eff from and after passage (approved August 7, 1968).

---

### § 37-103-3. Residency requirement for purpose of being admitted as state resident; definition of residence.

No student may be admitted to any junior college or institution of higher learning as a resident of Mississippi unless his residence has been in the State of Mississippi preceding his admission. Residence shall be as defined in [Sections 37-103-7](#) and [37-103-13](#) unless excepted in this chapter.

**Sources:** Codes, 1942, § 6800-11; Laws, 1962, ch. 355, § 1; Laws, 1968, ch. 417, § 1; ch. 418, § 1; Laws, 1990, ch. 326, § 1, eff from and after July 1, 1990.

---

### § 37-103-5. Residence status of person entering state for purpose of attendance at educational institution.

A person who has entered the State of Mississippi from another state and enters an educational institution is considered a nonresident. Even though he may have been legally adopted by a resident of Mississippi, or may have been a qualified voter, or a landowner, or may otherwise have sought to establish legal residence, except as otherwise provided in [Section 37-103-25\(2\)](#), such a person will still be considered as being a nonresident of Mississippi if he has entered this state for the purpose of enrolling in an educational institution.

**Sources:** Codes, 1942, § 6800-11; Laws, 1962, ch. 355, § 1; Laws, 1968, ch. 417, § 1; ch. 418, § 1; Laws, 1990, ch. 326, § 2; Laws, 2003, ch. 364, § 4, eff from and after July 1, 2003.

### **§ 37-103-7. Legal residence of minor students for purposes of attendance at universities and community colleges.**

For purposes of determining whether a person pays out-of-state or in-state tuition for attendance at universities and community and junior colleges, the residence of a person less than twenty-one (21) years of age is that of the father, the mother or a general guardian duly appointed by a proper court in Mississippi. If a court has granted custody of the minor to one (1) parent, the residence of the minor is that of the parent who was granted custody by the court. If both parents are dead, the residence of the minor is that of the last surviving parent at the time of that parent's death, unless the minor lives with a general guardian duly appointed by a proper court of Mississippi, in which case his residence becomes that of the guardian. A student residing within the State of Mississippi who, upon registration at a Mississippi institution of higher learning or community college, presents a transcript demonstrating graduation from a Mississippi secondary school and who has been a secondary school student in Mississippi for not less than the final four (4) years of secondary school attendance shall not be required to pay out-of-state tuition. This section shall not apply to the residence of a person as it relates to residency for voter registration or voting.

**Sources:** Codes, 1942, § 6800-11; Laws, 1962, ch. 355, § 1; Laws, 1968, ch. 417, § 1; ch. 418, § 1; Laws, 2005, ch. 515, § 1; Laws, 2006, ch. 341, § 1, eff from and after July 1, 2006.

---

### **§ 37-103-9. Residence status of children of parents employed by educational institutions.**

Children of parents who are members of the faculty or staff of any institution under the jurisdiction of the board of trustees of any junior college in this state or the Board of Trustees of State Institutions of Higher Learning may be classified as residents for the purpose of attendance at the institution where their parents are faculty or staff members.

**Sources:** Codes, 1942, § 6800-11; Laws, 1962, ch. 355, § 1; Laws, 1968, ch. 417, § 1; ch. 418, § 1; Laws, 1990, ch. 326, § 3, eff from and after July 1, 1990.

---

### **§ 37-103-11. Effect of removal of parents from state.**

If the parents of a minor who is enrolled as a student in a junior college or in an institution of higher learning move their legal residence from the State of Mississippi, the minor shall be immediately classified as a nonresident student.

**Sources:** Codes, 1942, § 6800-11; Laws, 1962, ch. 355, § 1; Laws, 1968, ch. 417, § 1; ch. 418, § 1, eff from and after passage (approved August 7, 1968).

---

### **§ 37-103-13. Legal residence of adult.**

The residence of an adult is that place where he is domiciled, that is, the place where he actually physically resides with the intention of remaining there indefinitely or of returning there permanently when temporarily absent.

**Sources:** Codes, 1942, § 6800-11; Laws, 1962, ch. 355, § 1; Laws, 1968, ch. 417, § 1; ch. 418, § 1, eff from and after passage (approved August 7, 1968).

---

#### **§ 37-103-15. Legal residence of married person.**

A married person may claim the residence status of his or her spouse, or he or she may claim independent residence status under the same regulations set forth in [Section 37-103-13](#) as any other adult.

**Sources:** Codes, 1942, § 6800-11; Laws, 1962, ch. 355, § 1; Laws, 1968, ch. 417, § 1; ch. 418, § 1; Laws, 1980, ch. 541, eff from and after July 1, 1980.

---

#### **§ 37-103-17. Residence status of military personnel assigned to active duty and stationed in state and members of the Mississippi National Guard.**

Members of the United States Armed Forces on extended active duty and stationed within the State of Mississippi and members of the Mississippi National Guard may be classified as residents, for the purpose of attendance at state-supported institutions of higher learning and community and/or junior colleges of the State of Mississippi. Resident status of such military personnel who are not legal residents of Mississippi, as defined in [Section 37-103-13](#), shall terminate upon their reassignment for duty in the continental United States outside the State of Mississippi.

**Sources:** Codes, 1942, § 6800-11; Laws, 1962, ch. 355, § 1; Laws, 1968, ch. 417, § 1; ch. 418, § 1; Laws, 1988, ch. 404; Laws, 1990, ch. 326, § 4; Laws, 1999, ch. 305, § 1; Laws, 1999, ch. 332, § 1, eff from and after July 1, 1999.

---

#### **§ 37-103-19. Residence status of spouse or child of military personnel assigned to active duty.**

(1) Resident status of a spouse or child of a member of the Armed Forces of the United States on extended active duty shall be that of the military spouse or parent for the purpose of attending state-supported institutions of higher learning and community/junior colleges of the State of Mississippi during the time that the military spouse or parent is stationed within the State of Mississippi and shall be continued through the time that the military spouse or parent is stationed in an overseas area with last duty assignment within the State of Mississippi, excepting temporary training assignments en route from Mississippi. Resident status of a minor child terminates upon reassignment under Permanent Change of Station Orders of the military parent for duty in the continental United States outside the State of Mississippi, excepting temporary training assignments en route from Mississippi, and except that children of members of the Armed Forces who attain Mississippi residency in accordance with the above provisions, who begin and complete their senior year of high school in Mississippi, and who enroll full time in a Mississippi institution of higher learning or community/junior college to begin studies in the fall after their graduation from high school, maintain their residency status so long as they remain enrolled as a student in good standing at a Mississippi institution of higher learning or community/junior college. Enrollment during summer school is not required to maintain such resident status.

(2) The spouse or child of a member of the Armed Forces of the United States who dies or is killed is entitled to pay the resident tuition fee if the spouse or child becomes a resident of Mississippi.

(3) If a member of the Armed Forces of the United States is stationed outside Mississippi and the member's spouse or child establishes residence in Mississippi and registers with the Mississippi institution of higher learning or community/junior college at which the spouse or child plans to attend, the institution of higher education or community/junior college shall permit the spouse or child to pay the tuition, fees and other charges provided for Mississippi residents without regard to length of time that the spouse or child has resided in Mississippi.

(4) A member of the Armed Forces of the United States or the child or spouse of a member of the Armed Forces of the United States who is entitled to pay tuition and fees at the rate provided for Mississippi residents under another provision of this section while enrolled in a degree or certificate program is entitled to pay tuition and fees at the rate provided for Mississippi residents in any subsequent term or semester while the person is continuously enrolled in the same degree or certificate program. A student may withdraw or may choose not to reenroll for no more than one (1) semester or term while pursuing a degree or certificate without losing resident status only if that student provides sufficient documentation by a physician that the student has a medical condition that requires withdrawal or non-enrollment. For purposes of this subsection, a person is not required to enroll in a summer term to remain continuously enrolled in a degree or certificate program. The person's eligibility to pay tuition and fees at the rate provided for Mississippi residents under this subsection does not terminate because the person is no longer a member of the Armed Forces of the United States or the child or spouse of a member of the Armed Forces of the United States.

### § 37-103-21. Military certificate.

A military person on active duty stationed in Mississippi who wishes to avail himself or his dependents of the provisions of [Section 37-103-17](#), must submit a certificate from his military organization showing the name of the military member; the name of the dependent, if for a dependent; the name of the organization of assignment and its address (may be in the letterhead); that the military member will be on active duty stationed in Mississippi on the date of registration at the state-supported institution of higher learning or junior college of the State of Mississippi; that the military member is not on transfer orders; and the signature of the commanding officer, the adjutant, or the personnel officer of the unit of assignment with signer's rank and title. A military certificate must be presented to the registrar of the state-supported institution of higher learning or junior college of the State of Mississippi each semester or tri-semester at (or within ten days prior to) registration each semester for the provisions of said section to be effective.

**Sources:** *Codes, 1942, § 6800-11; Laws, 1962, ch. 355, § 1; Laws, 1968, ch. 417, § 1; ch. 418, § 1, eff from and after passage (approved August 7, 1968).*

### **~~§ 37-103-23. Classification of aliens.~~**

All aliens are classified as nonresidents. Law declared unconstitutional by *Jagnadan v. Giles*, 379 F. Supp. 1178 (N.D. Miss. 1974), affirmed in part on other grounds 538 F. 2d 1166 (5<sup>a</sup> Cir. 1976), cert. denied. Refer to attached AG Opinion No. 2007-00416 (August 13, 2007) beginning on page 7 of this document for guidance used in residency determination.

---

### **§ 37-103-25. Tuition and fees for attending state-supported institutions of higher learning and community and junior colleges; waiver of out-of-state tuition under certain circumstances.**

(1) The Board of Trustees of State Institutions of Higher Learning and the boards of trustees of the community colleges and junior colleges are authorized to prescribe the amount of tuition and fees to be paid by students attending the several state-supported institutions of higher learning and community colleges and junior colleges of the State of Mississippi.

(2) Except as otherwise provided in this subsection and subsections (3) and (4) of this section, the total tuition to be paid by residents of other states shall not be less than the average cost per student from appropriated funds. However, the tuition to be paid by a resident of another state shall be equal to the tuition amount established under subsection (1) of this section if:

(a) The nonresident student is either a veteran, as defined by Title 38 of the United States Code, or a person entitled to education benefits under Title 38 of the United States Code. This paragraph (a) shall be administered and interpreted in the manner necessary to obtain or retain approval of courses of education by the Secretary of the United States Department of Veterans Affairs;

(b) The nonresident student is an evacuee of an area affected by Hurricane Katrina or Hurricane Rita. This waiver shall be applicable to the 2005-2006 school year only; or

(c) The nonresident student's out-of-state tuition was waived according to subsection (3) or (4) of this section.

(3) The Board of Trustees of State Institutions of Higher Learning may, in its discretion, consider and grant requests to approve institution specific policies permitting the waiver of out-of-state tuition when such an official request is made by the president or chancellor of the institution and when such request is determined by the board to be fiscally responsible and in accordance with the educational mission of the requesting institution.

(4) The board of trustees of any community college or junior college may develop and implement a policy for waiving out-of-state tuition for the college if the policy is determined by the board to be in accordance with the educational mission of the college and if a local industry or business or a state agency agrees to reimburse the college for the entire amount of the out-of-state tuition that will be waived under the policy. State funds shall be allocated and spent only on students who reside within the State of Mississippi. However, associate degree nursing students who reside outside the State of Mississippi may be counted for pay purposes.

SECTION 2. This act shall take effect and be in force from and after its passage.

**§ 37-103-27. Responsibility for registration under proper residence status; presentation of false evidence of residence status.**

The responsibility for registering under his proper residence status is placed upon the student. In addition to any administrative action which may be taken by the governing authorities of the state-supported institutions of higher learning or junior colleges concerned, any student who willfully presents false evidence as to his residence status shall be deemed guilty of a misdemeanor, and upon conviction thereof may be fined not to exceed one hundred dollars (\$100.00).

**§ 37-155-5. Mississippi Prepaid Affordable College Tuition (MPACT) Program – Article 1. Definitions.**

As used in this article, the following terms have the meanings ascribed to them in this section, unless the context clearly indicates otherwise:

(a) Prepaid Tuition Contract. A contract entered into between the Board of Directors of the College Savings Plans of Mississippi Trust Funds and a purchaser pursuant to this article.

(b) Trust fund. There is created a special fund in the State of Mississippi Treasury Department to be designated as the "Mississippi Prepaid Affordable College Tuition Trust Fund" (hereinafter referred to as the trust fund or fund) and to be administered by the State of Mississippi Treasury Department. The fund shall consist of state appropriations, monies acquired from other governmental or private sources, and money remitted in accordance with prepaid tuition contracts. In the event that dividends, interest and gains exceed the amount necessary for program administration and disbursements, the board may designate a percentage of the fund to serve as a contingency fund.

(c) Purchaser. A person, corporation, trust, charitable organization or other such entity that makes or is obligated to make advance payments in accordance with a prepaid tuition contract entered into pursuant to this article. However, no purchaser may request or accept any form of compensation, fee, commission, service charge or any other form of payment or remuneration for entering into a contract for the benefit of a nonresident beneficiary.

(d) Beneficiary. (i) The beneficiary of a prepaid tuition contract must be eighteen (18) years of age or younger at the time the purchaser enters into the contract and must be: (A) a resident of this state at the time the purchaser enters into the contract; or (B) a nonresident if the purchaser is a resident of this state at the time that the contract is entered into.

(ii) The board may require a reasonable period of residence in this state for a beneficiary or the purchaser.

(iii) A beneficiary is considered a resident for purposes of tuition regardless of the beneficiary's residence on the date of enrollment. However, for contracts entered into after July 1, 2003, this provision only applies to nonresident beneficiaries if (A) the original purchaser was the parent, grandparent or legal guardian of the beneficiary; or (B) the beneficiary was a resident of Mississippi at the time the contract was purchased.

(e) Institution of higher education. Any public institution of higher learning or public community or junior college located in Mississippi.

(f) Tuition. The quarter, semester or term charges and all required fees imposed by an institution of higher education as a condition of enrollment by all students.

(g) Board or board of directors. The Board of Directors of the College Savings Plans of Mississippi Trust Funds as provided in Section 37-155-7.

(h) Legislature. The Legislature of Mississippi.

## ATTORNEY GENERAL OPINION – STONECYPHER - 2007

2007 WL 2744769 (Miss. A.G.)

Office of the Attorney General  
State of Mississippi

Opinion No. 2007-00416

August 13, 2007

Re: Determination of residence for purposes of in-state tuition and allocation of funds

Wayne Stonecypher  
Executive Director  
State Board for Community and Junior Colleges  
3825 Ridgewood Road  
Jackson, MS 39211

Dear Dr. Stonecypher:

Attorney General Jim Hood received your request for an official opinion and assigned it to me for research and response. In your letter of request, you state:

This correspondence is to seek an Official Attorney General's Opinion on the questions set forth herein.

Section 37-103-1 et seq. establishes the requirements for setting tuition and out-of-state fees for Mississippi's public universities and community and junior colleges. Section **37-103-25** has been interpreted for many years as requiring total out-of-state tuition and fees to be set at a minimum at the amount of state funds appropriated for community/junior college support divided by the number of full-time students or "FTE's."

Recently, questions have arisen regarding the treatment of certain students for purposes of in-state or out-of-state tuition and for purposes of inclusion or exclusion from the community and junior college funding formula. Section 37-103-13 states "The residence of an adult is that place where he is domiciled, that is, the place where he actually physically resides with the intention of remaining there indefinitely or of returning there permanently when temporarily absent." We also direct your attention to a 2006 amendment to Section 37-103-7 which reads in part "A student residing within the State of Mississippi who, upon registration at a Mississippi institution of higher learning or community college, presents a transcript demonstrating graduation from a Mississippi secondary school and who has been a secondary school student in Mississippi for not less than the final four (4) years of secondary school attendance shall not be required to pay out-of-state tuition." The key word in this Code section that is relevant to the question we pose is the meaning of the word "residing."

In light of these statutory provisions and others, can a student or their parents, if the student is under the age of 21, establish legal residence (domicile) in Mississippi when they are in the United States unlawfully or are holding nonimmigrant visas, for the purpose of qualifying for in-state tuition in accordance with Section **37-**

**103-25**; and can the State Board for Community and Junior Colleges allocate funds to the college in which the student is enrolled under the funding formula as an in-state student?

In addition, on a related matter please, advise as to whether a student may qualify as a resident for tuition purposes, if the student meets the requirements of Section **37-103-25(2)(a)**, but does not meet the requirements of Section **37-103-25(2)(b)** and (c).

In response to your first question, generally speaking, for purposes of determining eligibility for in-state tuition, the residence of a person under the age of twenty-one years is that of “the father, the mother, or a general guardian” appointed by a Mississippi court. [Miss. Code Ann. Sec. 37-103-7 \(Supp. 2006\)](#). The residence of an adult is the adult’s domicile, i.e., “the place where the adult physically resides with the intention of remaining there indefinitely or of returning there permanently when temporarily absent.” There are a number of exceptions and special circumstances provisions in which an individual, who otherwise would not qualify, can qualify for in-state tuition, e.g., special provisions for married persons in Sec. 37-103-15; children of faculty and staff in Sec. 37-103-9; MPACT beneficiaries in Sec. 37-155-5(d)(iii); military personnel in Sec. 37-103-17, 19; and others.

**\*2** Section 37-103-23 states that “[a]ll aliens are classified as nonresidents.” This statute was declared unconstitutional in [Jagnadan v. Giles, 379 F. Supp. 1178 \(N.D. Miss. 1974\)](#), affirmed in part on other grounds [538 F. 2d 1166 \(5th Cir. 1976\)](#), cert. denied. No statutory provision specifically addressing aliens and residency for tuition purposes is currently in effect.

While this office does not opine with regard to federal law, there are two federal statutes that we must note in order to respond to your request. The first is a provision that generally makes undocumented aliens ineligible to receive state and local benefits, unless a state affirmatively provides for such eligibility after August 22, 1996. [8 U.S.C. Sec. 1621](#). The second federal statute provides that aliens not lawfully present in the United States are not eligible on the basis of residence within a state for a postsecondary education benefit, unless such benefit is available to any citizen of the United States regardless of residency. [8 U.S.C. Sec. 1623](#). Under the Supremacy Clause of the United States Constitution, a state law which is in conflict with or interferes with a federal law, must yield to the federal law.

There has been no Mississippi statute enacted after August 22, 1996 to make undocumented aliens eligible for in-state tuition. Residency has been and remains the key determinant of whether a person qualifies for in-state tuition. Therefore, under current Mississippi law, undocumented aliens do not qualify for in-state tuition. The 2006 amendment to [Section 37-103-7](#) contains a residency requirement, which unless made available to all students regardless of residency, would conflict with and must yield to the federal limitations referred to above.

While most nonimmigrant visa holders will not qualify as residents, each nonimmigrant visa classification will need to be examined on a case by case basis to determine whether the class of visa permits the holder to form the intent to remain indefinitely.

In response to your inquiry regarding the allocation of funds under the funding formula, Section 3 of Senate Bill Number 3131 of the 2007 Regular Session provides in part:

\* \* \*

Academic, Technical, Vocational, Associate Degree Nursing and Associate Degree Allied Health funds shall be disbursed on the basis of prior year full-time equivalency (FTE) of hours generated during the summer, fall and spring semesters for each public community and junior college as of the last day of the sixth week of each semester, or its equivalent, counting only students who reside within the State of Mississippi. However, associate degree nursing students who reside outside the State of Mississippi may be counted for pay purposes.

\* \* \*

It is our opinion that students who do not qualify as in-state students for tuition purposes would not be included in the computation of full-time equivalency (FTE) hours for purposes of the funding formula, with the exception of associate degree nursing students who may be counted for such purposes.

**\*3** In response to your final inquiry relating to Section **37-103-25**, House Bill Number 46 of the 2003 Regular Session reads in part:

SECTION 1. [Section 37-103-25, Mississippi Code of 1972](#), is amended as follows:

**37-103-25.** (1) The Board of Trustees of State Institutions of Higher Learning and the boards of trustees of the community colleges and junior colleges are \* \* \* authorized to prescribe the amount of tuition and fees to be paid by students attending the several state-supported institutions of higher learning and community colleges and junior colleges of the State of Mississippi.

(2) Except as otherwise provided in this subsection, the total tuition to be paid by residents of other states shall not be less than the average cost per student from appropriated funds. However, the tuition to be paid by a resident of another state shall be equal to the tuition amount established under subsection (1) of this section if:

(a) The nonresident student was born in the State of Mississippi but subsequently relocated and resided outside the state as a minor under the care of the minor's father or mother, or both;

(b) The nonresident student is a veteran who served in the Armed Forces of the United States; and

(c) The nonresident student is domiciled in Mississippi no later than six (6) months after the nonresident student's separation from service, as evidenced by a Report of Separation from Military Service or other military discharge document, for the purpose of enrolling in a state institution of higher learning or a community or junior college.

The title to House Bill Number 46 reads:

AN ACT TO AMEND [SECTION 37-103-25, MISSISSIPPI CODE OF 1972](#), TO REQUIRE STATE INSTITUTIONS OF HIGHER LEARNING AND COMMUNITY AND JUNIOR COLLEGES TO WAIVE OUT-OF-STATE TUITION FOR NONRESIDENTS WHO WERE BORN IN MISSISSIPPI AND ARE VETERANS OF THE UNITED STATES ARMED FORCES; TO AMEND [SECTIONS 37-29-81, 37-29-423](#) AND [37-103-5, MISSISSIPPI CODE OF 1972](#), IN CONFORMITY TO THE PROVISIONS OF THIS ACT; AND FOR RELATED PURPOSES.

House Bill Number 20 of the 2005 5<sup>th</sup> Extraordinary Session made the following amendment:

[Section 37-103-25, Mississippi Code of 1972](#), is amended as follows:

**37-103-25.** (1) The Board of Trustees of State Institutions of Higher Learning and the boards of trustees of

the community colleges and junior colleges are authorized to prescribe the amount of tuition and fees to be paid by students attending the several state-supported institutions of higher learning and community colleges and junior colleges of the State of Mississippi.

(2) Except as otherwise provided in this subsection, the total tuition to be paid by residents of other states shall not be less than the average cost per student from appropriated funds. However, the tuition to be paid by a resident of another state shall be equal to the tuition amount established under subsection (1) of this section if:

\*4 (a) The nonresident student was born in the State of Mississippi but subsequently relocated and resided outside the state as a minor under the care of the minor's father or mother, or both;

(b) The nonresident student is a veteran who served in the Armed Forces of the United States; \* \* \*

(c) The nonresident student is domiciled in Mississippi no later than six (6) months after the nonresident student's separation from service, as evidenced by a Report of Separation from Military Service or other military discharge document, for the purpose of enrolling in a state institution of higher learning or a community or junior college; or

(d) The nonresident student is an evacuee of an area affected by Hurricane Katrina or Hurricane Rita. This waiver shall be applicable to the 2005-2006 school year only.

As noted above, House Bill 20 deleted the word "and" at the end of paragraph (2)(b), added the word "or" at the end of paragraph (2)(c) and added paragraph (2)(d). The title of House Bill Number 20 reads:

AN ACT TO AMEND [SECTION 37-103-25, MISSISSIPPI CODE OF 1972](#), TO PROVIDE A ONE-YEAR WAIVER OF OUT-OF-STATE TUITION FOR ATTENDING STATE UNIVERSITIES AND COMMUNITY COLLEGES FOR NONRESIDENTS WHO ARE EVACUEES OF THE HURRICANE KATRINA OR HURRICANE RITA DISASTERS OF 2005; AND FOR RELATED PURPOSES.

We see no intention of the Legislature in House Bill Number 20 to expand a benefit, originally enacted in House Bill Number 46 to benefit military veterans, to persons who are not military veterans. Consequently, it is our opinion that a student must meet the requirements of [paragraph \(2\)\(a\), \(b\), and \(c\) of Section 37-103-25](#) in order to qualify for in-state tuition.

Re: Resident and nonresident tuition - foreign born persons

\*1 Honorable Jim Evans  
Representative  
District 70  
P. O. Box 1167  
Jackson, MS 39201

Dear Representative Evans:

Attorney General Jim Hood received your request for an official opinion and assigned it to me for research and response. In your letter of request, a copy of which is attached hereto and incorporated herein by reference, you cite [section 37-103-7 of the Mississippi Code](#), which relates to certain persons not being required to pay out-of-state **tuition** under certain circumstances, and a previous official opinion of this office addressing requirements for the issuance of a marriage license. You then ask:

I am writing to request an opinion on whether a foreign born person less than twenty-one (21) years of age who has attended a Mississippi high school for at least four years and graduated from that high school, and whose natural parents reside in the state should be allowed to pay in-state **tuition** at a state supported university or community college.

In response, as cited in your letter, section 37-103-7 reads:

For purposes of determining whether a person pays out-of-state or in-state tuition for attendance at universities and community and junior colleges, the residence of a person less than twenty-one (21) years of age is that of the father, the mother or a general guardian duly appointed by a proper court in Mississippi. If a court has granted custody of the minor to one (1) parent, the residence of the minor is that of the parent who was granted custody by the court. If both parents are dead, the residence of the minor is that of the last surviving parent at the time of that parent's death, unless the minor lives with a general guardian duly appointed by a proper court of Mississippi, in which case his residence becomes that of the guardian. A student residing within the State of Mississippi who, upon registration at a Mississippi institution of higher learning or community college, presents a transcript demonstrating graduation from a Mississippi secondary school and who has been a secondary school student in Mississippi for not less than the final four (4) years of secondary school attendance shall not be required to

pay out-of-state tuition. This section shall not apply to the residence of a person as it relates to residency for voter registration or voting.

(Emphasis added).

Section 37-103-23 states that all aliens are classified as nonresidents. However, this section was declared unconstitutional in *Jagnadan v. Giles*, 379 F. Supp. 1178 (N.D. Miss. 1974), affirmed in part on other grounds 538 F.2d 1166 (5th Cir. 1976). No statutory provision specifically addressing aliens and residency for tuition purposes is currently in effect.

We stated the following in MS AG Op., *Stonecypher* (Aug. 10, 2007):

While this office does not opine with regard to federal law, there are two federal statutes that we must note in order to respond to your request. The first is a provision that generally makes undocumented aliens ineligible to receive state and local benefits, unless a state affirmatively provides for such eligibility after August 22, 1996. 8 U.S.C. Sec. 1621. The second federal statute provides that aliens not lawfully present in the United States are not eligible on the basis of residence within a state for a postsecondary education benefit, unless such benefit is available to any citizen of the United States regardless of residency. 8 U.S.C. Sec. 1623. Under the Supremacy Clause of the United States Constitution, a state law which is in conflict with or interferes with a federal law, must yield to the federal law.

\*2 There has been no Mississippi statute enacted after August 22, 1996 to make undocumented aliens eligible for in-state tuition. Residency has been and remains the key determinant of whether a person qualifies for in-state tuition. Therefore, under current Mississippi law, undocumented aliens do not qualify for in-state tuition.

Therefore, in response to your question, if the foreign born person is an alien that is not lawfully present in the United States, then such person would not qualify for in-state tuition. If the foreign born person is an alien that is lawfully present in the United States, then, in the absence of any Mississippi statute to the contrary, the person would be subject to the same requirements as citizens in determining residency. Likewise, an alien lawfully present in the United States would be eligible for special statutory provisions, such as the one contained in section 37-103-7 above, to avoid paying out-of-state tuition.

Very truly yours,  
Jim Hood

## 2015 DEAR COLLEAGUE LETTER UNACCOMPANIED HOMELESS YOUTH

### UNITED STATES DEPARTMENT OF EDUCATION OFFICE OF POSTSECONDARY EDUCATION

July 29, 2015

GEN-15-16

Subject: Unaccompanied Homeless Youth Determinations

Summary: The purpose of this letter is to clarify institutional and applicants' roles and responsibilities related to Title IV dependency determinations for unaccompanied homeless youth.

Dear Colleague:

Section 480(d)(1)(H) of the Higher Education Act of 1965, as amended (HEA), provides that an applicant for Title IV student assistance is an independent student—that is, an applicant who does not need to provide parental information on the Free Application for Federal Student Aid (FAFSA®)—if the applicant is an unaccompanied homeless youth as defined in section 725 of the McKinney-Vento Homeless Assistance Act (McKinney-Vento) (42 U.S.C. 11434a) or is unaccompanied, at risk of homelessness, and self-supporting as verified by one of the sources listed in the HEA. This information is also discussed in Chapter 5, "Special Cases," of the 2015-2016 Application and Verification Guide in the Federal Student Aid Handbook.

Under McKinney-Vento, "homeless children and youths" are defined as "individuals who lack a fixed, regular, and adequate nighttime residence." The term includes:

- Children and youth who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations; are living in emergency or transitional shelters; are abandoned in hospitals; or are awaiting foster care placement;
- Children and youth who have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings;
- Children and youth who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and
- Migratory children who qualify as homeless because the children are living in circumstances described above.

McKinney-Vento further defines the term "unaccompanied youth" as "youth not in the physical custody of a parent or guardian." To be considered an unaccompanied homeless youth, an individual must meet both of these definitions.

1990 K ST, N.W., WASHINGTON, DC 20006  
[www.ed.gov](http://www.ed.gov)

*The Department of Education's mission is to promote student achievement and preparation for global competitiveness by fostering educational excellence and ensuring equal access.*

Finally, HEA section 480(d)(1)(H)(i)–(iv) provides that a claim of being an unaccompanied homeless youth, or unaccompanied, at risk of homelessness, and self-supporting, must be verified by a local educational agency (LEA) homeless liaison, designated pursuant to section 722(g)(1)(J)(ii) of McKinney-Vento (42 U.S.C. 11432(g)(1)(J)(ii)), the director of a program funded under the Runaway and Homeless Youth Act (RHYA), 42 U.S.C. 5701 et seq., or a designee of the director, the director of a program funded under subtitle B of title IV of McKinney-Vento (relating to emergency shelter grants) (42 U.S.C. 11371 et seq.) or a designee of the director, or a financial aid administrator (FAA).

#### Applying for Title IV Aid

The FAFSA includes questions to determine if an applicant is an unaccompanied homeless youth or at risk of becoming an unaccompanied homeless youth. In questions 56, 57, and 58 on the 2015-2016 FAFSA, applicants are asked whether they have been determined to be an unaccompanied homeless youth by a school district homeless liaison, or a Housing and Urban Development homeless assistance program director funded under McKinney-Vento or RHYA.

Institutions are not required to verify the answers to the homeless youth questions; however, in instances where the institution has conflicting information, a documented phone call or a written statement from the relevant authority is sufficient. It is not conflicting information if an FAA disagrees with an authority's determination that a student is homeless. If an FAA believes the authority is incorrect or abusing the process, the FAA should contact the relevant oversight party to evaluate the determination.

We are aware that some institutions are unnecessarily restricting applicants' access to aid by asking applicants to provide justification as to *why* they are homeless or unaccompanied rather than evidence that they have been determined to be homeless or at risk of being homeless. Institutions should limit any inquiry to *whether* the applicant has been determined to be an unaccompanied youth who is homeless, or at risk of being homeless, rather than the reasons for the applicant's homelessness.

In addition, homeless youth should use a mailing address on the FAFSA where they can reliably receive mail. This can be the address of a relative or friend who has given them permission to use it. It also can be their school's address, as long as they have contacted the school for permission and instructions are in place to ensure that mail they receive at the school reaches them. As soon as applicants have more permanent housing, they should update their address on the FAFSA.

#### Determinations by FAAs

If an applicant believes that he or she is homeless or at risk of being homeless but is unable to answer "yes" to any of the previously noted FAFSA questions, the applicant should contact his or her financial aid office to request that a homeless youth determination be made by an FAA, consistent with section 480(d)(1)(H)(iv) of the HEA. Upon such a request, the FAA is required to make a homeless youth determination. If written documentation to support the applicant's claim of homelessness is not available, the FAA's determination may be made based on a documented interview with the applicant. FAAs should be able to show that their policies and procedures are compliant with statutory requirements.

As previously noted, FAAs should limit their inquiry to whether the applicant is an unaccompanied youth who is homeless, or at risk of being homeless, rather than the reasons for the applicant's homelessness.

If the FAA determines that the applicant is an unaccompanied youth who is homeless or at risk of being homeless, the FAA must submit a FAFSA "correction" using the "Homeless Youth Determination" flag ("Special Circumstances Flag" item number 176 on the 2015-2016 Institutional Student Information Record). A new determination must be made each year for an applicant who is homeless or at risk of being homeless.

Applicants who are between the ages of 21 and 24 and who are unaccompanied and homeless or self-supporting and at risk of being homeless qualify for a homeless youth determination, and will be considered independent students.

#### Documentation of Homelessness or Risk of Homelessness

As noted in the previous section, FAAs are required to make a homeless youth determination in the cases when a request is made by a student. Documentation that FAAs may consider in determining whether an applicant is an unaccompanied youth who is homeless, or at risk of being homeless, includes but is not limited to information from:

- Local school district personnel;
- State homeless education coordinators;
- Third parties such as private or publicly funded homeless shelters and service providers;
- Financial aid administrators from other colleges;
- Staff from college access programs, such as TRIO or GEAR UP;
- College or high school counselors; or
- Mental health professionals, social workers, mentors, doctors, and clergy.

FAAs will review the documentation to determine whether the student was an unaccompanied homeless youth, or at risk of being homeless, at any time on or after July 1st of the FAFSA "base year" (e.g., July 1, 2014, for the 2015-2016 FAFSA).

#### Page 4 - Unaccompanied Homeless Youth Determinations

Because of the sensitive nature of these situations, if an institution has no conflicting information about the status of the student the institution should not request additional documentation, proof, or statements. Doing so may appear as if the FAA is asking applicants to explain, clarify, or justify their circumstances, instead of simply providing documentation of their homeless status.

For more information on the issue of homeless youth, please review Chapter 5, "Special Cases," of the 2015-2016 Application and Verification Guide in the Federal Student Aid Handbook at <http://www.ifap.ed.gov/fsahandbook/attachments/1516AVGCh5.pdf>.

We thank you for your cooperation in ensuring that unaccompanied homeless youth receive the resources they need to succeed in their pursuit of higher education.

Sincerely,

Lynn B. Mahaffie

## MAKING UNACCOMPANIED HOMELESS YOUTH DETERMINATION FORM Page 1 of 2

Below is a sample Making Unaccompanied Homeless Youth Determination: A Tool for Financial Aid Administrators sample for that is required to establish eligibility for consideration of In State tuition for unaccompanied homeless minors. The Unaccompanied Homeless minor exception is explained in Tab 2 of the manual.

 <b>Making Unaccompanied Homeless Youth Determinations: <span style="border: 1px solid red; padding: 2px;">For use with 2020-2021 FAFSA</span></b> <b>A Tool for Financial Aid Administrators</b>	
<p>This form may be completed by a financial aid administrator (FAA) who is evaluating a student's eligibility for independent student status. There is no official federal form that FAAs are required to use for unaccompanied homeless youth determinations; this form is provided as an optional tool to assist with this task. For official guidance related to unaccompanied homeless youth and federal financial aid, see the Application and Verification Guide (AVG) portion of the most current <a href="#">Federal Student Aid Handbook</a>.</p> <p>The following information provides guidance to assist FAAs in making a determination if a student seeking independent student status as an unaccompanied homeless youth comes to the attention of a FAA. It is important to note that, while comprehensive, this tool may not adequately represent every homeless situation experienced by youth. As a result, it is important that FAAs make case-by-case determinations to ensure that students are able to receive the maximum amount of aid for which they are eligible.</p> <p>According to the Higher Education Act of 1965, as amended (HEA), the definition of independent student includes youth who are 1) unaccompanied and homeless, or 2) unaccompanied, self-supporting, and at-risk of homelessness. The HEA uses the McKinney-Vento Act's definitions of <i>homeless</i>, which includes youth who lack a fixed, regular, and adequate nighttime residence; and <i>unaccompanied</i>, which includes youth not in the physical custody of a parent or guardian. The HEA also uses <i>at-risk of homelessness</i> to refer to students whose housing may cease to be fixed, regular, and adequate.</p>	
Student Name:	Identification Number:
<p align="center"><b>FAA Acceptance of Determinations by Other Parties</b></p> <p>A school district homeless liaison or the director or designee of an emergency shelter, basic center, or transitional living program funded by the U.S. Department of Housing and Urban Development (HUD) or the Runaway and Homeless Youth Act (RHYA) is authorized to determine that a student is eligible for independent student status as an unaccompanied homeless youth. In that instance, no further action is required to confirm a student's status as independent.<sup>1</sup></p>	
<p align="center"><b>FAA Determination Based on Third-Party Documentation</b></p> <p>As mandated by the HEA, if a determination by any of the parties listed in the previous section cannot be made, the FAA must make the determination of unaccompanied and homeless status, or unaccompanied, self-supporting, and at risk of homelessness status.</p> <p>1. Does the student have documentation that attests that he/she has experienced homelessness at any time since July 1, 2019 from a homeless shelter or service provider, FAA from another college, college access program such as TRIO or GEAR UP, college or high school counselor, mental health professional, social worker, employer, mentor, doctor, clergy, or other relevant third party?      Yes <input type="checkbox"/>      No <input type="checkbox"/></p> <p>If yes, list the contact and relationship to the student:</p> <div style="border: 1px solid black; height: 40px; margin-top: 5px;"></div> <p>Summary of information provided by the third party:</p> <div style="border: 1px solid black; height: 60px; margin-top: 5px;"></div> <p>If the FAA feels that additional supporting documentation is needed, he/she may request contact information for the third party listed above to follow-up by phone or email.</p>	
<p align="center"><b>FAA Determination Based on a Documented Interview</b></p> <p>If third party documentation is not available, a documented interview conducted by the FAA is sufficient to confirm that a student qualifies as independent as an unaccompanied homeless youth.<sup>2</sup> The FAA may make the determination based on the following information:</p> <p>1. In which of the following situations does the student currently reside or in which would the student reside if not staying in on-campus housing<sup>3</sup> (you may choose more than one):</p>	
<p><small>1 According to the AVG, if the FAA disagrees with an authority's determination, the FAA must accept the determination, but may contact the authority's oversight agency to evaluate the authority's determination.</small></p> <p><small>2 According to the AVG, the determination may be based on a documented interview with the student if there is no written documentation available.</small></p> <p><small>3 According to the AVG, the definition of homeless includes students living in the school dormitory if they would otherwise be homeless.</small></p>	

<input type="checkbox"/> Motel	<input type="checkbox"/> Shelter or other temporary housing program
<input type="checkbox"/> Car	<input type="checkbox"/> Inadequate housing <sup>4</sup> (housing that is insufficient to meet the physical and psychological needs typically met in a home environment)
<input type="checkbox"/> Campsite	<input type="checkbox"/> Temporarily staying with others because the student has nowhere else to go

2. If the student is living with another household, check all of the following reasons that apply:

☐ Loss of housing

☐ Economic hardship resulting in inability to secure and maintain fixed, regular, and adequate housing

☐ Other (including, for example, when it is not safe for a youth to live with a parent or guardian, when a parent or guardian has forced a youth to leave home, and other situations of abuse or conflict):

It may be helpful to ask students who are staying with others where they would live if they could not stay at their current location. If the student replies that he/she would be living in one of the situations listed above (motel, car, etc.), or is not sure where he or she would stay, the student does not have fixed, regular, and adequate housing, and therefore meets the definition of *homeless*.

If the student is living in any of these situations, and is not under the care of a parent or guardian, he or she meets the definitions of *homeless* and *unaccompanied*, and qualifies as an independent student. According to the AVG, youth fleeing abuse and living in one of these situations may be considered homeless, even if the parent would provide support and a place to live.

**FAA Determination: Considerations for Students Who Are Self-Supporting and At Risk of Homelessness**

1. Is the student self-supporting? (Self-supporting means the student is responsible for his or her own living expenses, including fixed, regular, and adequate housing.) Yes ☐ No ☐

2. Is the student's housing likely to cease to be fixed, regular, and adequate? Is the student at-risk of homelessness due to eviction or other loss of housing? Yes ☐ No ☐

If the student answers "yes" to both of these questions, and is not under the care of a parent or guardian, he or she meets the definition of an *unaccompanied youth who is self-supporting and at risk of homelessness*, and qualifies as an independent student.

**Action Taken**

☐ Independent student status confirmed

☐ Independent student status not confirmed; please explain:

### Questions regarding new law allowing inmates to obtain Pell Grants

Bethany Johnson <Bethany.Johnson@ago.ms.gov>

Fri 1/29/2021 8:23 AM

To: Shawn C. Mackey <smackey@mccb.edu>; Angela Payne <apayne@mccb.edu>  
Cc: Andrea Scott Mayfield <amayfield@mccb.edu>; Avery Lee <Avery.Lee@ago.ms.gov>

You had asked me several questions about the re-instituted availability for Pell Grants for inmates in state correctional facilities; specifically, whether the inmates could be considered Mississippi residents for purposes of FTE reimbursement to the community colleges.

There is no specific law on the books that addresses this. However, as I mentioned, there is a MS statute that addresses county inmates:

§ 47-1-63. Residency of prisoner as affected by incarceration in facility of Department of Corrections.  
No person shall be deemed to be a resident of a county solely because of being incarcerated in a facility under the jurisdiction of the Department of Corrections that is located in such county.

Keep in mind, as we discussed, this statute has been used in the context of what COUNTY inmates should be allowed to vote in (assuming they are already Mississippi residents and eligible to vote), as well as in the context of proper venue for certain legal actions. So, this statute does not specifically address the issue presented. However, in reviewing the issue in other states, and without some specific legislation passed in MS, it is my opinion that the residence/domicile of the inmate would be that prior to his/her incarceration. This does not mean that the inmates would not be eligible for the Grants, but it does mean that the colleges affected would not be eligible for increased FTE reimbursement.

We also discussed the documentation needed regarding residency, with specific regard to information that Gulf Coast had supplied. As we discussed, there is no mention in those records of the pre-incarceration address/residency. If it is possible to pull that information and include it in the supporting documentation, that would be optimal.

Please let me know if you have any other questions or concerns relating to this issue.

Thanks,  
Bethany

**SECTION 3.** Of the funds appropriated in Section 2 of this act, Sixty-two Million Seven Hundred Eighty-five Thousand Seven Hundred Eighty-six Dollars (\$62,785,786.00) shall be derived from funds in the Education Enhancement Fund deposited pursuant to Sections 27-65-75 and 27-67-31, Mississippi Code of 1972, not otherwise appropriated, for the operation and support of public community and junior colleges.

**SECTION 4.** The funds provided in this section shall be allocated for the aid and support of the public and community junior colleges through the community college support funding formula and shall be apportioned in accordance with the following assigned weights:

	FTE
<u>Formula Section</u>	<u>Formula</u>
(a) Aid to Colleges:	
Base	15% prior year appropriation
Academic	1.0
Technical	1.0
MSVCC Shared Host	.75
MSVCC Shared Provider	.25
(b) Career	1.0
(c) Associate Degree	
Nursing	1.19
(d) Associate Degree	

43 Allied Health 1.19  
44 Academic, Technical, Career, Associate Degree Nursing and  
45 Associate Degree Allied Health funds shall be disbursed on the  
46 basis of prior year full-time equivalency (FTE) of hours generated  
47 during the summer, fall and spring semesters for each public  
48 community and junior college student actually enrolled and in  
49 attendance the last day of the sixth week of each semester, or its  
50 equivalent, counting only students who reside within the State of  
51 Mississippi. However, associate degree nursing students who  
52 reside outside the State of Mississippi may be counted for pay  
53 purposes.

54 Mississippi Virtual Community College (MSVCC) shared hosted  
55 and provided courses may qualify for incentive funding on the  
56 basis of the prior year full-time equivalency (FTE) of MSVCC  
57 shared hours generated during the summer, fall and spring  
58 semesters. In addition, all provider MSVCC semester credit hours  
59 will be included in either the academic, technical or career  
60 sections of the formula at a weight of one (1.0).

61 The Director of the Mississippi Community College Board, or  
62 his designee, shall audit each public community and junior college  
63 and shall determine who shall be counted in each college and shall  
64 certify the number to the Mississippi Community College Board.

65 If, pending determination of the enrollment of students at  
66 the public community and junior colleges entitled to participate  
67 in this appropriation, as provided for in this section, the

Mississippi Community College Board shall find and determine that any such public or community junior college does not have sufficient funds on hand for payment of the necessary expenses of its operation for the period commencing July 1, 2023, until distribution of the funds appropriated hereby, then, in that event, the Mississippi Community College Board is expressly authorized to make an advance to any such public community or junior college or colleges not having sufficient operating funds for such period from the funds appropriated hereby; provided, however, that the amount of any such advance to any one (1) public community or junior college shall not exceed thirty-three percent (33%) of the amount of state-appropriated funds received by such public community or junior college during the preceding fiscal year; and provided, further, that the amount of any such advance shall be deducted from the pro rata part of the funds appropriated hereby accruing to said public community or junior college when enrollment has been ascertained and distribution of funds is made.

(a) Of the funds appropriated in Section 1 of this act, an amount not to exceed One Hundred Sixty-one Million Eighty-one Thousand Four Hundred Four Dollars (\$161,081,404.00) is authorized for the aid and support of the public community colleges to be distributed through the community college support funding formula.

(b) Of the funds provided in Section 3 of this act, Forty-nine Million Eight Hundred Eighty-four Thousand Nine

Hundred Forty-six Dollars (\$49,884,946.00), or so much as may be necessary, shall be derived out of any money in the State Treasury to the credit of the Education Enhancement Fund and deposited pursuant to Sections 27-65-75 and 27-67-31, Mississippi Code of 1972. These funds are authorized for the aid and support of the public community colleges to be distributed through the community college support funding formula.

**SECTION 5.** The following public community and junior colleges which qualify shall participate in the funds provided herein:

Coahoma Community College, Copiah-Lincoln Community College, East Central Community College, East Mississippi Community College, Hinds Community College, Holmes Community College, Itawamba Community College, Jones County Junior College, Meridian Community College, Mississippi Delta Community College, Mississippi Gulf Coast Community College, Northeast Mississippi Community College, Northwest Mississippi Community College, Pearl River Community College, and Southwest Mississippi Community College.

**SECTION 6.** Of the funds appropriated in Section 1 of this act, an amount not to exceed Twenty-nine Million Two Hundred Three Thousand Twenty-six Dollars (\$29,203,026.00) is authorized for the aid of the public community and junior colleges to fund life and

117 health insurance for all employees of the public community and  
118 junior colleges.

119       The funds allocated in this section shall only be used to  
120 participate in the State and School Employees' Life and Health  
121 Insurance Plan and any funds appropriated in this section for this  
122 purpose, which are not expended during the fiscal year shall be  
123 carried forward for the same purposes during the next succeeding  
124 fiscal year.

125       **SECTION 7.** Of the funds appropriated in Section 2 of this  
126 act, Four Hundred Thousand Dollars (\$400,000.00) shall be derived  
127 out of any money in the State Treasury to the credit of the  
128 Insurance Carryover Fund No. 3295, for the purpose of fully  
129 funding life and health insurance through the State and School  
130 Employees' Life and Health Insurance Plan for all qualified  
131 community and junior college employees.

132       **SECTION 8.** Of the funds appropriated in Section 1 of this  
133 act, an amount not to exceed Six Million Seven Hundred Fifty  
134 Thousand Dollars (\$6,750,000.00) shall be used for the purpose of  
135 Workforce and Economic Development Support, including the  
136 operation of the Workforce Development Centers and Advanced  
137 Training Centers, providing start-up costs for new career and  
138 technical programs, and providing the necessary funding to replace  
139 outdated and obsolete equipment for existing career and technical  
140 programs at each of the public community and junior colleges.

141       **SECTION 9.** Of the funds appropriated in Section 1 of this  
142 act, One Hundred Seventy-Nine Thousand Fifty Dollars (\$179,050.00)  
143 shall be used for the purpose of defraying the cost of Sign  
144 Language Interpreter Training at the public community and junior  
145 colleges.

146       **SECTION 10.** Of the funds appropriated in Section 1 and  
147 provided in Section 2 of this act, Ten Million Dollars  
148 (\$10,000,000.00) shall be used by the Mississippi Community  
149 College Board for the purpose of defraying the cost of the  
150 Education Technology Program at the public community and junior  
151 colleges and the Mississippi Community College Board. Seven  
152 Million Ninety-nine Thousand One Hundred Sixty Dollars  
153 (\$7,099,160.00) shall be derived from Section 1, and Two Million  
154 Nine Hundred Thousand Eight Hundred Forty Dollars (\$2,900,840.00)  
155 shall be derived from Section 3 of this act out of any money in  
156 the State Treasury to the credit of the Education Enhancement Fund  
157 and deposited pursuant to Sections 27-65-75 and 27-67-31,  
158 Mississippi Code of 1972.

159       **SECTION 11.** Of the funds appropriated in Section 1 of this  
160 act, Two Million Five Hundred Fifty-six Thousand Nine Hundred  
161 Twenty-two Dollars (\$2,556,922.00) shall be used for the purpose  
162 of defraying the cost of the Associate Degree Nursing and Allied  
163 Health Programs.

164       **SECTION 12.** Of the funds appropriated in Section 1 of this  
165 act, Three Million Dollars (\$3,000,000.00) shall be used for the

purpose of continuing the dropout recovery initiative based on a successful program administered through the adult basic education program with the Mississippi Community College Board. These funds shall also be used for the purpose of enrolling low-skill adults in career pathways that combine high school equivalency, skills training and workforce credentials in an intensive program that produces adults who can compete for jobs.

Of the funds provided in this section, one-half (1/2) shall be allocated equally and the remaining one-half (1/2) shall be allocated on the basis of the prior year headcount enrollment in Adult Education, MIBEST or other career pathway programs.

The public community and junior colleges shall prepare and make available to the Legislature and the Legislative Budget Office a comprehensive report on the number of dropouts that have enrolled in a High School Equivalency and/or career program for each community and junior college during Fiscal Year 2023 on, or before, August 1, 2024.

**SECTION 13.** Of the funds provided in Section 3 of this act, Ten Million Dollars (\$10,000,000.00), or so much thereof as may be necessary, shall be derived out of any money in the State Treasury to the credit of the Education Enhancement Fund and deposited pursuant to Sections 27-65-75 and 27-67-31, Mississippi Code of 1972. These funds shall be used for the Career and Technical Advantage Program which will provide start-up costs for new career and technical programs, expansion of existing career and technical

191 programs, and infrastructure for career and technical program  
192 equipment, lab upgrades, and renovations to sustain the programs  
193 at public community colleges. Fifteen percent (15%) of the funds  
194 appropriated in this section shall be distributed evenly to each  
195 community college. The remaining eighty-five percent (85%) of the  
196 funds shall be distributed on the basis of prior year career and  
197 technical full-time equivalency (FTE) hours generated during the  
198 summer, fall, and spring semesters for each public community  
199 college.

200       **SECTION 14.** In compliance with the "Mississippi Performance  
201 Budget and Strategic Planning Act of 1994," it is the intent of  
202 the Legislature that the funds provided herein shall be utilized  
203 in the most efficient and effective manner possible to achieve the  
204 intended mission of this agency. Based on the funding authorized,  
205 this agency shall make every effort to attain the targeted  
206 performance measures provided below:

A reporting of the degree to which the performance targets set above have been or are being achieved shall be provided in the agency's budget request submitted to the Joint Legislative Budget Committee for Fiscal Year 2025.

**SECTION 15.** It is the intention of the Legislature that none of the General Funds appropriated herein shall be expended for the purpose of paying salaries, wages, and fringe benefits of any public community and junior college employee who is serving as a member of the State of Mississippi Legislature.

**SECTION 16.** A Mississippi Prepaid Affordable College Tuition (MPACT) program beneficiary shall be considered a Mississippi resident for the purposes of participating in this appropriation regardless of the beneficiary's residence on the date of enrollment, as set out in Section 37-155-5(d) (iii), Mississippi Code of 1972.

**SECTION 17.** It is the intention of the Legislature that none of the funds provided herein shall be used to pay certain utilities for state-furnished housing for any employees. Such utilities shall include electricity, natural gas, butane, propane, cable and phone services. Where actual cost cannot be determined, the agency shall be required to provide meters to be in compliance with legislative intent. Such state-furnished housing shall include single-family and multifamily residences but shall not include any dormitory residences. Allowances for such utilities shall be prohibited.

266       **SECTION 18.** It is the intention of the Legislature that  
267 whenever two (2) or more bids are received by this agency for the  
268 purchase of commodities or equipment, and whenever all things  
269 stated in such received bids are equal with respect to price,  
270 quality and service, the Mississippi Industries for the Blind  
271 shall be given preference. A similar preference shall be given to  
272 the Mississippi Industries for the Blind whenever purchases are  
273 made without competitive bids.

274       **SECTION 19.** It is the intention of the Legislature that the  
275 support of the community and junior colleges shall maintain  
276 complete accounting and personnel records related to the  
277 expenditure of all funds appropriated under this act and that such  
278 records shall be in the same format and level of detail as  
279 maintained for Fiscal Year 2023. It is further the intention of  
280 the Legislature that the agency's budget request for Fiscal Year  
281 2025 shall be submitted to the Joint Legislative Budget Committee  
282 in a format and level of detail comparable to the format and level  
283 of detail provided during the Fiscal Year 2024 budget request  
284 process.

285       **SECTION 20.** It is the intention of the Legislature that the  
286 funds herein appropriated shall be expended in compliance with  
287 Section 27-104-25, Mississippi Code of 1972, that no state agency  
288 shall incur obligations or indebtedness in excess of their  
289 appropriation and that the responsible officers, either personally

or upon their official bonds, shall be held responsible for actions contrary to this provision.

**SECTION 21.** The funds disbursed under the provisions of this act shall be accounted for through the Mississippi Community College Board. No part of the amount herein appropriated shall be used by the Mississippi Community College Board for administrative or other purposes except in the manner and to the extent authorized in this act making an appropriation for the expenses of the Mississippi Community College Board.

**SECTION 22.** Of the funds appropriated in Section 1 of this act, Six Million Eight Hundred Thousand Dollars (\$6,800,000.00) is authorized for a two percent (2%) salary increase for full-time staff.

**SECTION 23.** Of the funds appropriated in Section 2 of this act, the following sum or so much thereof as may be necessary, is hereby appropriated out of any money in the State Treasury to the credit of the Capital Expense Fund, as created in Section 27-103-303, Mississippi Code of 1972, and allocated in a manner as determined by the Treasurer's Office, to defray the expenses of the public community and junior colleges, acting through the Bureau of Building, Grounds and Real Property Management, for the fiscal year beginning July 1, 2023, and ending June 30, 2024.....  
.....\$ 10,000,000.00.

This appropriation is made for the purpose of providing the funds necessary to authorize the expenditure of funds for

315 construction and/or repair and renovation projects for the public  
316 community and junior colleges as allocated herein:

317	Coahoma Community College.....\$	320,324.00
318	Copiah- Lincoln Community College.....\$	475,888.00
319	East Central Community College.....\$	333,720.00

## 2015 Federal Dear Colleague Letter in Reference to Ability to Benefit

Publication Date: May 22, 2015

DCL ID: GEN-15-09

Subject: Title IV Eligibility for Students Without a Valid High School Diploma Who Are Enrolled in Eligible Career Pathway Programs

Summary: This letter clarifies changes made by the Consolidated and Further Continuing Appropriations Act of 2015 to the Title IV eligibility of students who are not high school graduates.

**NOTE:** On December 18, 2015, the Consolidated Appropriations Act of 2016 (Pub. L. 114-113) revised the definition of an eligible career pathway program and eliminated the career pathway alternative Pell Grant disbursement schedules. Therefore, the guidance issued in DCL GEN-15-09 is superseded by the guidance issued in [DCL GEN-16-09](#).

Dear Colleague:

The Consolidated and Further Continuing Appropriations Act of 2015 (Pub. L. 113-235) was enacted on December 16, 2014. The new law changed section 484(d) of the Higher Education Act of 1965, as amended (HEA), to allow a student who does not have a high school diploma (or its recognized equivalent), or who did not complete a secondary school education in a homeschool setting, to be eligible for Title IV, HEA student assistance (Title IV aid) through ability to benefit (ATB) alternatives, but only if the student is enrolled in an "eligible career pathway program" as defined in section 484(d)(2) of the HEA and discussed more fully below.

This letter describes the changes made to section 484(d) of the HEA by Pub. L. 113-235, including the reinstatement of ATB alternatives for student eligibility and the statutory definition of an eligible career pathway program for purposes of Title IV aid eligibility. The letter identifies the ATB tests that are currently approved by the Secretary of Education. It also provides information regarding the retroactive implementation of the provisions described above.

Finally, the letter discusses an additional change made to section 401(b)(2)(A)(ii) of the HEA by Pub. L. 113-235. That change provides that students who first enroll in any Title IV eligible postsecondary program on or after July 1, 2015, and who gain eligibility under one of the ATB alternatives, will have their Federal Pell Grant award determined under an alternative Pell Grant disbursement schedule. That provision is described below, and the 2015–2016 Career Pathway Alternative Pell Grant Disbursement Schedules are attached to this letter.

### Unchanged Student Eligibility Provisions

Public Law 113-235 did not change any of the provisions allowing an otherwise eligible student to receive Title IV aid if the student meets one of the following conditions:

- High School Diploma: The student has a high school diploma.
- Recognized Equivalent of a High School Diploma: The student has the recognized equivalent of a high school diploma, defined in the regulations at 34 CFR 600.2 as:
  - A General Educational Development Certificate (GED);

- A state certificate or transcript received by a student after the student passed a State-authorized examination, e.g., the High School Equivalency Test (HiSET), Test Assessing Secondary Completion (TASC), the California High School Proficiency Exam (CHSPE), or other State-authorized examination that the State recognizes as the equivalent of a high school diploma;
- An academic transcript of a student who has successfully completed at least a two-year program that is acceptable for full credit toward a bachelor's degree; or
- For a person who is seeking enrollment in an educational program that leads to at least an associate degree or its equivalent and who has not completed high school, but who excelled academically in high school, documentation that the student excelled academically in high school and has met the formalized, written policies of that postsecondary institution for admitting such students.
- Homeschool: The student has completed a secondary school education in a homeschool setting that is treated as a homeschool or private school under State law and has obtained a homeschool completion credential. If State law does not require a homeschool student to obtain a homeschool credential, the student has completed a secondary school education in a homeschool setting that qualifies as an exemption from compulsory school attendance requirements under State law.

### Statutory Change

Under Pub. L. 113-235, students who are enrolled in an eligible career pathway program, as defined in section 484(d)(2) of the HEA, on or after July 1, 2014, and who are not high school graduates, or do not meet one of the other eligibility conditions listed above, may be eligible to receive Title IV aid if the student meets one of the following ATB alternatives as defined in section 484(d)(1):

- Passes an independently administered Department of Education approved ATB test.
- Completes at least 6 credit hours or 225 clock hours that are applicable toward a degree or certificate offered by the postsecondary institution.
- Completes a State process approved by the Secretary of Education. *Note: To date, no State process has ever been submitted for the Secretary's approval.*

A student who meets one of those alternatives may use that alternative to establish his or her Title IV eligibility at any eligible Title IV institution where the student enrolls in an eligible career pathway program as defined in section 484(d)(2) of the HEA.

### Eligibility of Other Students Without a Valid High School Diploma (Grandfathered Students)

In 2012, the Consolidated Appropriations Act of 2012 (Pub. L. 112-74) amended section 484(d) of the HEA to allow a student without a high school diploma (or its recognized equivalent), or who did not complete a secondary school education in a homeschool setting, and who was enrolled in an eligible program at a Title IV institution prior to July 1, 2012, to be eligible for Title IV aid under the previous ATB alternatives. This provision was explained in Dear Colleague Letter [GEN-12-09](#), and the eligible students were referred to as having been “grandfathered.” The new provision in Pub. L. 113-235 does not affect the eligibility of students grandfathered under the 2012 provision.

### Eligible Career Pathway Programs

Career pathways refer to a combination of rigorous and high-quality education, training, and support services that are aligned with the skill needs of industries in State or regional economies, preparing individuals to be successful in secondary or postsecondary education programs and the labor market. In recent years, the Federal government has worked to identify the elements of a high-quality career pathway program. Under Pub. L. 113-235, Congress provided an opportunity for students who are enrolled in eligible career pathway programs, but who lack a high school diploma or its recognized equivalent, or who did not complete a secondary school education in a homeschool setting, to become eligible for Title IV aid using one of the ATB alternatives.

To become eligible for Title IV aid under one of the ATB alternatives described above, the student must be enrolled in an “eligible career pathway program,” as defined in section 484(d)(2) of the HEA. Any institution, whether public, nonprofit, or for-profit, may offer an eligible career pathway program.

An eligible career pathway program must:

- Concurrently enroll students in connected adult education and eligible postsecondary programs;
- Provide students with counseling and supportive services to identify and attain academic and career goals;
- Provide structured course sequences that—
  - Are articulated and contextualized; and
  - Allow students to advance to higher levels of education and employment;
- Provide opportunities for acceleration for students to attain recognized postsecondary credentials, including degrees, industry relevant certifications, and certificates of completion of apprenticeship programs;
- Be organized to meet the needs of adults;
- Be aligned with the education and skill needs of the regional economy; and
- Have been developed and implemented in collaboration with partners in business, workforce development, and economic development.

As stated above, an eligible career pathway program contains two components: an adult education component and a Title IV eligible postsecondary program component. In this context, “adult education” has the same definition as it does under the Adult Education and Family Literacy Act, Title II of the Workforce Innovation and Opportunity Act (Pub. L. 113-128) and includes academic instruction and education services below the postsecondary level that increase an individual’s ability to:

- Read, write, and speak in English and perform mathematics or other activities necessary for the attainment of a secondary school diploma or its recognized equivalent;
- Transition to postsecondary education and training; and
- Obtain employment.

The Title IV eligible postsecondary program component of an eligible career pathway program must meet the definition of an eligible program under 34 CFR 668.8 in order for students enrolled in the eligible career pathway program to be eligible for Title IV aid.

An eligible career pathway program, as defined in section 484(d)(2) of the HEA, is not itself an eligible program under 34 CFR 668.8 because it contains an adult education component that includes, by definition, coursework that is below the postsecondary level. Therefore, an institution may not include the cost of the adult education component of an eligible career pathway program in a student’s cost of attendance as defined in section 472 of HEA and may not pay for the cost of the adult education component using Title IV aid. The only costs that can be included in a student’s cost of attendance are those associated with the Title IV eligible postsecondary program component.

Similarly, credit or clock hours associated with adult education coursework cannot be incorporated into a student’s Title IV enrollment status, regardless of whether the institution considers the adult education coursework to be remedial. However, costs for noncredit or reduced credit remedial coursework that is not part of the adult education component of the eligible career pathway program, but is associated with the Title IV eligible postsecondary program component, can be included in a student’s cost of attendance. That coursework can also be included in the student’s Title IV enrollment status. For more information on remedial coursework, please see Volume 1, Chapter 1 of the FSA Handbook.

Under the statute, a student is not eligible for Title IV aid if the student is enrolled in elementary or secondary school. However, while the adult education component of an eligible career pathway program includes instruction below the postsecondary level, adult education is not secondary school education. Therefore, a

student enrolled in an eligible career pathway program does not lose eligibility because the student is not considered to be enrolled in secondary school.

As noted above, the term “career pathway program” is also defined in the Workforce Innovation and Opportunity Act, and in other laws, including State and local laws. The definition of an eligible career pathway program under section 484(d)(2) of the HEA may differ from definitions in these other laws. A program that qualifies for funding under the Workforce Innovation and Opportunity Act or another law may not meet the definition of an eligible career pathway program in section 484(d)(2) of the HEA. To provide Title IV aid to students who are eligible only through one of the ATB alternatives allowed under the new law, an institution must ensure that its eligible career pathway program(s) meets the requirements under section 484(d)(2) of the HEA as described above.

#### Approved ATB Tests

As of the date of this letter, the approved ATB tests are:

<u>Test Publisher Name:</u>	<u>Test Name:</u>
ACT Inc.	ASSET, COMPASS, and COMPASS ESL
Association of Classroom Teacher Testers (ACTT)	Combined English Skills Assessment (CELSA)
The College Board	ACCUPLACER
Wonderlic Inc	Wonderlic Basic Skills Test

#### Effect of Timing of ATB Test and Completed Credits on Eligibility for Title IV Aid

A student who was enrolled in an eligible career pathway program as of July 1, 2014, and who meets one of the ATB alternatives prior to July 1, 2014, may be awarded a Federal Pell Grant, TEACH Grant, and any aid from the Title IV campus-based programs beginning with the first payment period of the 2014–2015 award year in which the student was enrolled. A Direct Loan can be awarded for the entire loan period that includes July 1, 2014.

A student who was enrolled in an eligible career pathway program as of July 1, 2014, and who meets one of the ATB alternatives on or after July 1, 2014, may be awarded a Federal Pell Grant, TEACH Grant, and any aid from the Title IV campus-based programs beginning with the payment period in which the student meets the ATB alternative. A Direct Loan can be awarded for the entire loan period that includes the date when the student meets the ATB alternative.

#### Career Pathway Alternative Pell Grant Disbursement Schedules

In general, the Federal Pell Grant Program receives funding from two sources in the Federal budget, *discretionary appropriations* and *mandatory funding*. Public Law 113-235 amended section 401(b)(2)(A)(ii) of the HEA, which provides the amount of Pell Grant funds a student who is enrolled in an eligible career pathway program is eligible to receive. Beginning with the 2015–2016 award year, some students, as described below, will only be eligible for the amount provided under the discretionary appropriation. These Limited Pell Grant awards for such students will be determined using the appropriate Career Pathway Alternative Pell Grant Disbursement Schedules that are attached to this letter.

Limited Pell Grant – Any student whose first enrollment in any Title IV eligible postsecondary program was on or after July 1, 2015, and is eligible under one of the ATB alternatives for enrollment in an eligible career pathway program, will only be eligible for a Limited Pell Grant award. Institutions must use the attached

Career Pathway Alternative Pell Grant Disbursement Schedules to determine the amount for which the student is eligible. The maximum Limited Pell Grant amount that such a student may receive for enrollment in an eligible career pathway program for the 2015–2016 award year is \$4,860.

Note that the Career Pathway Alternative Pell Grant Disbursement Schedules use the same maximum Pell Grant eligible expected family contribution (EFC) that was used to develop the Regular Federal Pell Grant Payment and Disbursement Schedules. Once the student's annual award amount is determined using the Career Pathway Alternative Pell Grant Disbursement Schedules, all other Pell funding calculations (e.g. determining the Pell Grant amount for each payment period) are the same as those used for Regular Pell Grant awards, but based on the Career Pathway Alternative Pell Grant Disbursement Schedules.

Although a student in an eligible career pathway program may have his or her Pell Grant award determined using the Career Pathway Alternative Pell Grant Disbursement Schedules, calculation of the percentage of the student's annual Scheduled Award used will be based on the student's full Scheduled Award under the Regular Federal Pell Grant Payment Schedule. For example, a student in an eligible career pathway program who is only eligible for a Limited Pell Grant award and has an EFC of 0 for the 2015–2016 award year will only receive \$4,860 if that student attends full-time for the full year. The student would only have used 84.1558 percent ( $\$4,860 / \$5,775$ ) of the student's Scheduled Award for the 2015–2016 award year. For more information on calculating Pell Grant awards please see Volume 3, Chapter 3 of the FSA Handbook.

Regular Pell Grant – Any otherwise eligible student whose first enrollment in any Title IV eligible postsecondary program was before July 1, 2015, and who is enrolled in an eligible career pathway program in or subsequent to the 2015–2016 award year, is eligible for a Regular Pell Grant award. For these students, institutions must use the Regular Federal Pell Grant Payment and Disbursement Schedules published in GEN-15-02 for the 2015–2016 award year and the Federal Pell Grant Payment and Disbursement Schedules that are published annually for subsequent award years.

For a student who enrolls in an eligible career pathway program on or after July 1, 2015, an institution must determine whether the student should receive a Regular Pell Grant award or a Limited Pell Grant award based on when the student began attendance in any Title IV eligible postsecondary program, without regard to whether the student received Title IV aid. For example, consider a student who enrolled in a Title IV eligible postsecondary program at School A in August 2003 in the 2003–2004 award year and then enrolls in an eligible career pathway program at School B in December 2015 in the 2015–2016 award year. Because this student first enrolled in a Title IV eligible postsecondary program before July 1, 2015, the student would be eligible for the Regular Pell Grant amount (using the schedules from GEN-15-02) at School B for a maximum Pell Grant amount of \$5,775 in the 2015–2016 award year, regardless of whether the student received Title IV aid for the earlier enrollment at School A.

Documentation – An institution must document its determination as to whether a student qualifies for a Limited Pell Grant award or a Regular Pell Grant award for the 2015–2016 award year and for any subsequent award years. If the institution's determination is that the student is eligible for a Regular Pell Grant award, such documentation could include documentation from the National Student Loan Data System that the student previously received Title IV aid, or a transcript or other documentation from a previous institution that demonstrates that the student was enrolled in an eligible program at a Title IV institution.

Title IV Eligibility for Students Without a Valid High School Diploma or Its Recognized Equivalent Who Are Eligible Under One of the ATB Alternatives

The following chart provides a summary of the conditions under which a student who does not have a high school diploma or its recognized equivalent may be eligible for Title IV aid.

Dear Ms. Crist,

This letter responds to your application to the U.S. Department of Education (Department) regarding the Mississippi Community College Board's request for approval of an ability-to-benefit (ATB) State process to allow students without high school diplomas to receive Federal student financial aid under the programs authorized by Title IV of the Higher Education Act, as amended, while enrolled in an eligible career pathway program.

Under 34 CFR 668.156(e), if the Secretary does not disapprove a State's ATB process within six months after the date of submission of the process to the Secretary, the State process is deemed to be approved. The Department received Mississippi's request for approval of its State process on October 21, 2020. As the period for the Department's response has expired, Mississippi's ATB process is approved, and you may begin implementing it. Mississippi's State process is approved for the three-year period ending April 20, 2024.

Currently the Department's Common Origination and Disbursement (COD) System does not have a Student Eligibility Code (SEC) for a student who does not have a high school diploma (or its recognized equivalent) but who meets the ATB requirements through participation in an approved State process. Therefore, until such time as COD System changes are made, institutions in Mississippi participating in the State process should use the SEC value "07" – GED or State Auth. HS Equivalent Certificate – for any student who receives Title IV aid on the basis of Mississippi's approved State process.

Please retain a copy of this letter to serve as Federal Student Aid's authorization for the 15 institutions listed on your revised application to use this alternative SEC in the event that your submission of "07" is ever questioned by auditors.

Mississippi's plan is the fourth State process to go into effect. We are excited about the opportunity to learn from you and are available to provide technical assistance to you. If you have questions regarding COD System processing of ATB students, please contact Marie Fitzpatrick at [marie.fitzpatrick@ed.gov](mailto:marie.fitzpatrick@ed.gov) or (312) 730-1549. ## 2011 Dual Enrollment/Dual Credit Senate Bill 2869

MISSISSIPPI LEGISLATURE  
2011 Regular Session  
To: Education  
By: Senator(s) Lee (35th)

### **Senate Bill 2869** **(As Sent to Governor)**

AN ACT TO AMEND SECTIONS 37-15-38 AND 37-15-39, MISSISSIPPI CODE OF 1972, TO REVISE AND CLARIFY THE PROVISIONS RELATING TO DUAL ENROLLED STUDENTS AND DUAL CREDIT STUDENTS; AND FOR RELATED PURPOSES.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:

**SECTION 1.** Section 37-15-38, Mississippi Code of 1972, is amended as follows:

37-15-38. (1) The following phrases have the meanings ascribed in this section unless the context clearly requires otherwise:

(a) A dual enrolled student is a student who is enrolled in a community or junior college or state institution of higher learning while enrolled in high school.

(b) A dual credit student is a student who is enrolled in a community or junior college or state institution of higher learning while enrolled in high school and who is receiving high school and college credit for postsecondary coursework.

(2) A local school board, the Board of Trustees of State Institutions of Higher Learning and the State Board for Community and Junior Colleges shall establish a dual enrollment system under which students in the school district who meet the prescribed criteria of this section may be enrolled in a postsecondary institution in Mississippi while they are still in school.

(3) **Dual credit eligibility.** Before credits earned by a qualified high school student from a community or junior college or state institution of higher learning may be transferred to the student's home school district, the student must be properly enrolled in a dual enrollment program.

(4) **Admission criteria for dual enrollment in community and junior college or university programs.** The boards of trustees of the community and junior college districts and the Board of Trustees of State Institutions of Higher Learning may recommend to the State Board of Education admission criteria for dual enrollment programs under which high school students may enroll at a community or junior college or university while they are still attending high school and enrolled in high school courses. Students may be admitted to enroll in community or junior college courses under the dual enrollment programs if they meet that individual institution's stated dual enrollment admission requirements.

(5) **Tuition and cost responsibility.** Tuition and costs for university-level courses and community and junior college courses offered under a dual enrollment program may be paid for by the postsecondary institution, the local school district, the parents or legal guardians of the student, or by grants, foundations or other private or public sources. Payment for tuition and any other costs must be made directly to the credit-granting institution.

(6) **Transportation responsibility.** Any transportation required by a student to participate in the dual enrollment program is the responsibility of the parent, custodian or legal guardian of the

student. Transportation costs may be paid from any available public or private sources, including the local school district.

**(7) School district average daily attendance credit.** When dually enrolled, the student may be counted, for adequate education program funding purposes, in the average daily attendance of the public school district in which the student attends high school.

**(8) High school student transcript transfer requirements.** Grades and college credits earned by a student admitted to a dual credit program must be recorded on the high school student record and on the college transcript at the university or community or junior college and high school where the student attends classes. The transcript of the university or community or junior college coursework may be released to another institution or applied toward college graduation requirements.

**(9) Determining factor of prerequisites for \* \* \* dual enrollment courses.** Each university and community or junior college participating in a dual enrollment program shall determine course prerequisites \* \* \*. Course prerequisites shall be the same for dual enrolled students as for regularly enrolled students at that university or community or junior college.

**(10) Process for determining articulation of curriculum between high school, university, and community and junior college courses.** Postsecondary curricula for eligible courses currently offered through Mississippi Curriculum Frameworks must meet the prescribed competencies requirements. Eligible courses not offered in Mississippi Curriculum Frameworks must meet the standards established at the postsecondary level. Postsecondary level developmental courses may not be considered as meeting the requirements of the dual credit program. Dual credit memorandum of understandings must be established between each postsecondary institution and the school district implementing a dual credit program.

**(11) Ineligible courses for dual credit programs.** Any course that is required for subject area testing as a requirement for graduation from a public school in Mississippi is not eligible for dual credit.

**(12) Eligible courses for dual credit programs.** Courses eligible for dual credit include, but are not necessarily limited to, foreign languages, advanced math courses, advanced science courses, performing arts, advanced business and technology, and career and technical courses. All courses being considered for dual credit must receive unconditional approval from the superintendent of the local school district and the chief instructional officer at the participating community or junior college or university in order for college credit to be awarded. A university or community or junior college shall make the final decision on what courses are eligible for semester hour credits. The local school superintendent shall make the final decision on the transfer of college or university courses credited to the student's high school transcript.

**(13) High school Carnegie unit equivalency.** One (1) three-hour university or community or junior college course is equal to one-half (1/2) high school Carnegie unit. A full Carnegie unit may be awarded for a three-hour university or college course upon approval of the local superintendent. Partial credit agreements for postsecondary courses that are less than three (3) hours may be developed between a local school district and the participating postsecondary institution.

**(14) Course alignment.** Once alignment is achieved between university courses, community and junior college courses and the State Board of Education approved high school courses, the universities, community and junior colleges and high schools shall periodically review their respective policies and assess the place of dual credit courses within the context of their traditional offerings.

**(15) Maximum dual credits allowed.** It is the intent of the dual enrollment program to make it possible for every eligible student who desires to earn a semester's worth of college credit in high school to do so. A qualified dually enrolled high school student must be allowed to earn an unlimited number of college or university credits for dual credit \* \* \*.

**(16) Dual credit program allowances.** A student may be granted credit delivered through the following means:

(a) Examination preparation taught at a high school by qualified teacher. A student may receive credit at the secondary level after completion of an approved course and passing the standard examination, such as an Advanced Placement or International Baccalaureate course through which a high school student is allowed CLEP credit by making a three (3) or higher on the end-of-course examination.

(b) College or university courses taught at a high school or designated postsecondary site by a qualified teacher who is an employee of the school district and approved as an instructor by the collaborating college or university.

(c) College or university \* \* \* courses taught at a college, university or high school by an instructor employed by the college or university and approved by the collaborating school district.

(d) Online courses, including eligible courses offered by the Mississippi Virtual Public School or any postsecondary institution.

**(17) Qualifications of dual credit instructors.** A dual credit academic instructor must meet the requirements set forth by the regional accrediting association (Southern Association of College and Schools). University and community and junior college personnel have the sole authority in the selection of dual credit instructors.

A dual credit career and technical education instructor must meet the requirements set forth by the State Board for Community and Junior Colleges in the qualifications manual for postsecondary career and technical personnel.

**(18) Guidance on local agreements.** The Chief Academic Officer of the State Board of Trustees of State Institutions of Higher Learning and the Chief Instructional Officers of the State Board for Community and Junior Colleges and the State Department of Education, working collaboratively, shall develop a template to be used by the individual community and junior colleges and institutions of higher learning for consistent implementation of the dual enrollment program throughout the State of Mississippi.

**SECTION 2.** Section 37-15-39, Mississippi Code of 1972, is amended as follows:

37-15-39. (1) The purpose of this section is to ensure that each student has a sufficient education for success after high school and that all students have equal access to a substantive and rigorous curriculum that is designed to challenge their minds and enhance their knowledge skill.

(2) The following words and phrases have the meanings ascribed in this section unless the context clearly requires otherwise:

(a) "Advanced placement course" means any high school level preparatory course for a college advanced placement test that incorporates all topics specified by recognized advanced placement authorities on standards for a given subject area and is approved by recognized advanced placement authorities.

\* \* \*

(b) "Pre-advanced placement course" means a middle, junior high or high school level course that specifically prepares students to enroll and participate in an advanced placement course.

(c) "Vertical team" means a group of educators from different grade levels in a given discipline working cooperatively to develop and implement a vertically aligned program aimed at helping students from diverse backgrounds acquire the academic skills necessary for success in the advanced placement program and other challenging course work.

(d) "High concentration of low-income students" means, when used with respect to a public school or school district, a public school or school district that serves a student population with fifty percent (50%) or more being low-income individuals ages five (5) through seventeen (17) years from a low-income family on the basis of: data on children eligible for the free or reduced-price lunches under the National School Lunch Act; data on children in families receiving assistance under Part A of Title IV of the Social Security Act; data on children eligible to receive medical assistance under the Medicaid program under Title XIX of the Social Security Act; or an alternate method of identifying such children which combines or extrapolates that data.

(3) The State Board of Education shall establish clear, specific and challenging training guidelines that require teachers of advanced placement courses and teachers of pre-advanced placement courses to obtain a recognized advanced placement authority endorsed training. A teacher of an advanced placement or pre-advanced placement course, or both, must obtain the appropriate training.

(4) (a) In order to ensure that each student has a sufficient education for success after high school and that all students have equal access to a substantive and rigorous curriculum that is designed to challenge their minds and enhance their knowledge skill, school districts shall offer pre-advanced placement courses to prepare students for advanced placement course work.

(b) Subject to appropriation, funding shall be made available for the 2007-2008 school year so that all sophomores in Mississippi's public schools may take an examination that measures the students' ability to succeed in an advanced placement course. The State Department of Education shall seek federal funding through the Advanced Placement Incentive Grant Program and other available funding for this purpose. Funding efforts must be focused with an intent to carry out advanced placement and pre-advanced placement activities in school districts targeted as serving a high concentration of low-income students.

(c) The State Department of Education must approve all classes designated as pre-advanced placement courses. The department shall develop rules necessary for the implementation of advanced placement courses.

(5) Beginning with the 2007-2008 school year, all school districts must offer at least one (1) advanced placement course in each of the four (4) core areas of math, English, science and social studies, for a total offering of no less than four (4) advanced placement courses. The use of the state's online Advanced Placement Instructional Program is an appropriate alternative for the delivery of advanced placement courses.

Any public high school offering the International Baccalaureate Diploma Program is exempt from the requirements of this subsection. However, the school may participate in teacher training and program funding on the same basis as any high school offering advanced placement courses.

**SECTION 3.** Each local school board shall adopt and implement a written policy with regard to the school district's mandate or requirement for the awarding of a minimum grade which is in compliance with the grading policy requirement established by the State Board of Education Policy 403.

**SECTION 4.** This act shall take effect and be in force from and after July 1, 2011.

## DUAL ENROLLMENT/DUAL CREDIT ELIGIBILITY REQUIREMENTS

Below is an excerpt from page 5 of the State of Mississippi Procedures Manual Dual Enrollment Accelerated Programs **Fall 2023** which outlines Dual Enrollment and Dual Credit Eligibility requirements. A link to the entire manual is found at <https://www.mccb.edu/offices/academic/dual>.

### Eligibility Requirements and Placement Procedures for Dual Enrollment & Dual Credit

Eligibility is defined as meeting the minimum requirements for admission [e.g., College Preparatory Curriculum, specific grade point average (GPA), specific class rank, specific composite ACT or SAT score to Mississippi's community colleges and public universities. Once admitted to one of Mississippi's community colleges or public universities, students are placed into mathematics, English, and reading courses based on assessment of academic skill level.

Common assessments used for placement include ACT subtest scores by subject area and ACCUPLACER tests. Eligibility requirements were reviewed and affirmed by the Chief Academic Officers of the Mississippi Institutions of Higher Learning, the Mississippi Community Colleges, and Career and Technical Deans and Directors.

According to the Mississippi Association of Community Colleges, beginning with the academic year 2020-2021, for an academic or CTE dual enrollment/dual credit student to be counted in the community college FTE funding formula, the student must meet the eligibility requirements each year of participation.

#### Academic Eligibility

To be eligible for enrollment, a high school student must meet the following criteria:

- a. Be classified as a junior or higher;
- b. Have a minimum overall high school GPA of 3.0 on a 4.0 scale; and
- c. Obtain an unconditional written recommendation from his/her high school counselor, principal.

OR

- a. Have a minimum high school GPA of 3.0 on a 4.0 scale;
- b. Earned a minimum composite ACT score of 30 or the equivalent SAT score; and
- c. Obtain an unconditional written recommendation from his/her high school counselor or principal.

See Appendix II for sample recommendation form.

#### Career and Technical Education Eligibility

To be eligible for enrollment, a high school student must meet the following criteria:

- a. Be classified as a sophomore or higher;
- b. Have a minimum overall high school GPA of 2.0 on a 4.0 scale; and
- c. Obtain an unconditional recommendation from school administrator/counselor or CTE instructor.

#### Academic and Career and Technical Education Progression Statement

In addition to the eligibility requirements listed above, students must maintain a minimum 2.0 college GPA to remain eligible for participation in subsequent semesters.

*Note: A postsecondary institution has the autonomy to create its own forms. Forms located in the manual are samples and may be altered to meet institutional needs.*

## MCCB POLICY 8.5 FOR OFF-CAMPUS SITES

### GUIDELINES FOR ESTABLISHING A NEW CAMPUS OR OFF-CAMPUS SITE AND FOR CHANGING THE INSTRUCTIONAL MISSION AT AN EXTENSION CENTER OR OFF-CAMPUS SITE.

#### Introduction

The definitions of a campus, a comprehensive center, an extension center and an off-campus site are provided within these Guidelines. As one of the powers and duties bestowed upon the Mississippi Community College Board (State Board) in Section 37-4-3(6)(1), these definitions have been established to serve as a mechanism for community and junior colleges to qualify for state appropriations. Upon the initial approval of these Guidelines, the State Board shall study and determine which definition best fits each particular location within each community and junior college district. Subsequent to the initial approval, colleges may request a change in status or a change in status shall be determined by the Mississippi Community College Board.

A college's decision to request the establishment of a new location or to request a change in the status of an extension center or an off-campus site shall be interpreted to mean that both the short range and long range educational needs of the specific area can be met best through the requested expansion or the establishment of a new location.

It is the intent of the State Board that all requests meet the requirements of the Southern Association of Colleges and Schools Commission on Colleges under the initial application process, reaffirmation of the accreditation process, or by the substantive change process, as may be appropriate to the request.

#### Definitions

**Campus:** A campus is a permanent location, which offers an extensive range of educational programs consisting of academic, career and technical, which lead to an associate of arts, associate of applied science or career certificate; as well as, continuing education, adult basic education, workforce training and community service. Complete instructional and student support services are provided on a campus. A campus is staffed primarily with full-time professional personnel, and the facilities are owned by the community or junior college district. There is at least one campus in each community or junior college district. However, in accordance with Section 37-4-3(6)(e) no new community or junior college branch campus shall be approved without an authorizing act of the legislature.

**Comprehensive Center:** A comprehensive center is a permanent location, which offers a broad range of educational programs and services. A comprehensive center offers both credit and non-credit courses in multiple instructional areas that may include academic, career and technical instruction, workforce training and other instruction for professional development and /or lifelong learning. A comprehensive center will have permanent facilities owned or shared by statutory agreement through which the community or junior college is guaranteed utilization. The facilities must be sufficient to carry out the stated mission. Library services and student support services must be comparable to those services located at the main campus. "The number of full-time faculty members must be adequate to provide effective teaching, advising and scholarly or creative activity" (SACS #II, p. 12). There may be one or more comprehensive centers in a community and junior college district or none at all.

**Extension Center:** An extension center is a permanent location, which offers a partial range of educational programs and services. An extension center may be solely academic, solely career/technical, or a combination of these types of curricula. An extension center is established for a specific, stated instructional mission. Library services and student support services

are limited directly to serve the type and number of students. Facilities may be owned or leased by the community or junior college district. There may be one or more extension centers in a community or junior college district or none at all. "The number of full-time faculty members must be adequate to provide effective teaching, advising and scholarly or creative activity" (SACS #II, p. 12). There may be one or more extension centers in a community and junior college district or none at all.

**Off-Campus Site:** An off-campus site is a location, which provides a selection of course offerings that support the instructional mission of a campus or center. Such a site may provide minimal library and student support services. Facilities generally are not owned by the college, but may be leased. The existence of an off-campus site does not imply commitment to maintain or to continue operation. Dual Credit/Dual Enrollment programs and Early College programs offered by a community college at a partner high school would qualify as an Off-Campus Site. A community or junior college must obtain approval from the State Board to offer courses at an off-campus site in accordance with § 37-29-69 of the Mississippi Code of 1972, Annotated.

### **Criteria For The Establishment of A New Campus:**

Pursuant to Section 37-4-3(6)(e) of the Mississippi Code of 1972, Annotated, the following definition and regulations will be used by the State Board when reviewing a community or junior college's request for establishing a new campus.

**Definition of Campus:** A campus is a permanent location, which offers an extensive range of educational programs consisting of academic, career and technical, which lead to an associate of arts, associate of applied science or career certificate; as well as, continuing education, adult basic education, workforce training and community service. Complete instructional and student support services are provided on a campus. A campus is staffed primarily with full-time professional personnel, and the facilities are owned by the community or junior college district. There is at least one campus in each community or junior college district. However, in accordance with Section 37-4-3(6)(e) no new community or junior college campus shall be approved without an authorizing act of the legislature.

Community or junior colleges will request State Board approval for the establishment for any new campus.

If the State Board agrees with the initial request, it will support the college's request for legislative action.

### **Criteria For The Establishment of a New Permanent Facility**

A new permanent facility is defined as a facility, building, or structure that is used by the college to offer credit courses, where such courses have not been previously taught and is not a part of a previously defined campus, comprehensive center or extension center and is constructed, purchased, acquired, leased or rented by the college with a reasonable expectation that such classes will be taught at this facility for more than twelve (12) months. Prior to constructing, purchasing, acquiring, leasing, or renting a new permanent facility where academic, career, or technical classes are taught for credit, approval from the State Board must be received.

The general guidelines the State Board will use for approval of such a permanent facility are as follows:

1. The permanent facility must be at least twenty-five (25) miles from that college's or another community or junior college's permanent location. However, under certain extenuating circumstances, such as where there is a heavy population density, and the educational needs of the population are not being met, consideration will be given to such new permanent facilities.
2. The college shall have the necessary funds allocated to the permanent facility's operation to ensure that a quality educational program can be offered at this location. The college shall provide the State Board proof of adequate funding along with the source of that funding.

3. The college requesting approval of a new permanent facility shall provide the State Board with a copy of the long range plan for this facility, a list of anticipated classes or programs to be taught at this facility, and staffing plans.
4. Courses taught at a new permanent facility will not be approved for state reimbursement unless the State Board approves the establishment of a new permanent facility.

### **Criteria For Change in Instructional Mission to A Comprehensive Center or an Extension Center**

The following definitions and regulations will be used by the State Board when reviewing a community or junior college's request for a change in the instructional mission at an existing center or an extension site.

Community or junior colleges will request State Board approval for a change in the instructional mission at an existing extension center or an off-campus site through a formal proposal using the following criteria:

Definition of Comprehensive Center: A comprehensive center is a permanent location, which offers a broad range of educational programs and services. A comprehensive center offers both credit and non-credit courses in multiple instructional areas that may include academic, technical, and career instruction, workforce training and other instruction for professional development and /or lifelong learning. A comprehensive center will have permanent facilities owned or shared by statutory agreement through which the community or junior college is guaranteed utilization. The facilities must be sufficient to carry out the stated mission. Library services and student support services must be comparable to those services located at the main campus. "The number of full-time faculty members must be adequate to provide effective teaching, advising and scholarly or creative activity" (SACS #II, p. 12). There may be one or more comprehensive centers in a community and junior college district or none at all.

A Comprehensive Center differs from a campus in the following manner:

- It does not duplicate upper administration (Ex. President, Financial Officer, Computing Services).
- It is accredited with the campus.
- It does not offer extra-curricula athletic activities.
- It is designed to be solely a commuter campus.

Definition of Extension Center: An extension center is a permanent location, which offers a partial range of educational programs and services. An extension center may be solely academic, solely career/technical, or a combination of these types of curricula. An extension center is established for a specific, stated instructional mission. The extent of Library services and student support services must be in direct proportion to the instructional mission and to the type and number of students served. Facilities may be owned or leased by the community or junior college district. There may be one or more extension centers in a community or junior college district or none at all. "The number of full-time faculty members must be adequate to provide effective teaching, advising and scholarly or creative activity" (SACS #11, p. 12). There may be one or more extension centers in a community and junior college district or none at all.

- A. A college's request for a change in status must include proof of approval from the local board of trustees.
- B. Decisions to change the instructional mission at a center or extension site shall be interpreted to mean that both the short-range and long-range educational needs of the specific area can be met best through this change.
- C. Each district must clearly delineate the long-range development potential of the comprehensive center or center.
- D. A current Educational Master Plan for the district must exist, and the district must show adherence to the plan. If career and technical programs are projected, these must be evident in annual career and technical educational plans. A minimum of five (5) approved career-technical programs shall be required for career-technical centers. As a requirement for an academic center, evidence must be shown that supports an institution's ability to offer adequate labs (learning, language, science, etc.) to support that academic mission.

- E. A sufficient pool of potential clients must be evident. The need for such an expansion may be supported by community requests and /or college surveys. Generally, approximately 600 FTE students would be recommended for a comprehensive center. The 600 FTE's can consist of a combination of academic, career and technical student semester credit hours. Approximately 300 FTE students in either area (academic or career and technical) would be recommended for a center.
- F. Evidence of community support and local revenue sources must be present.
- G. Programs and services must be planned without duplication and without competition of existing programs available within the proposed service area. Historically, centers have not been established within twenty-five miles or thirty minutes commuting time of other campuses and centers capable of offering similar programs; however, the extent of the need for the program will be an important determining factor in relation to the distance. Consideration must be given to all existing postsecondary educational institutions (including universities), both public and private, in the proposed geographic area. Programs and services at proposed locations that would exist in close proximity to existing colleges and universities, both public and private, shall take into consideration existing programs offered by existing institutions and shall also consider the best use of resources.
- H. The college must ensure the common use of resources at all locations, including but not limited to staffing, computer services, financial aid, registration, etc.
- I. Land and facilities are the primary responsibility of the college district. Increased funding for operations must be proportional to those within the current district budget or the system norm. Written pledges of increased tax support from taxing authorities are recommended. Letters of support from community and business/industry leaders may be helpful. Proposed budgets for facilities and for operation during the first three years are also required.
- J. The State Board will assign weights to the above criteria in order to evaluate the proposal from the community or junior college.
- K. Formal comments will be solicited for a period of at least thirty days after the State Board considers a proposal for a change in the instructional mission at an extension center or an off-campus site and action of the board will be forthcoming within 90 days.

### **Criteria For Requesting The Operation of An Off-Campus Site**

Pursuant to Section 37-29-69 of the Mississippi Code of 1972, Annotated, the following definition and regulations will be used by the State Board when reviewing a community or junior college's request for establishing a new off-campus site.

**Off-Campus Site:** An off-campus site is a location, which provides a selection of course offerings that support the instructional mission of a campus or center. Such a site may provide minimal library and student support services. Facilities generally are not owned by the college, but may be leased. The existence of an off-campus site does not imply commitment to maintain or to continue operation. Dual Credit/Dual Enrollment programs and Early College programs offered by a community college at a partner high school would qualify as an Off-Campus Site. A community or junior college must obtain approval from the State Board to offer courses at an off-campus site in accordance with § 37-29-69 of the Mississippi Code of 1972, Annotated.

- A. A community or junior college shall request State Board approval for the course offerings at an off-campus site.
- B. A letter of request from the President of the college must be sent to the Executive Director of the State Board (with a copy to the Deputy Executive Director for Programs and Accountability) at least two (2) weeks prior to a State Board meeting for immediate action of the State Board. The letter must include:
  - 1. Evidence of local Board of Trustee approval of the expansion;

2. The exact name and location (address) of the requested off-campus site;
  3. Description of the type of course or courses to be offered (academic, career-technical, dual-credit, etc.);
  4. The dates the course offerings are to begin.
- C. The Deputy Executive Director of Programs and Accountability will inform the college president of the State Board's action immediately following the State Board's next regular monthly meeting. Approval of off-campus sites shall remain in effect until the College President notifies the Executive Director of the State Board of a site's termination.

## **Funding**

Once all preceding criteria have been documented to the State Board in the form of a proposal or letter as required, recommended to the State Board by the Executive Director, considered by the State Board, sent out on Administrative Procedures for at least thirty days (comprehensive center and extension center), and, subsequently, approved by a majority vote of those members present and voting, the State Board will disburse funding to colleges for students who are enrolled and in attendance on the last day of the sixth week (or its equivalence) at all approved college locations, according to the weights and percentages prescribed by State Board policy and legislative action, under the funding formula. NOTE: No existing location will be diminished in status with adoption of this criteria.

Initial Date of Adoption: June 18, 1993.

Revision Dates: September 24, 2001; April 23 2004; September 21, 2012.

Section: 8 - Programs

Code Number: 8.5

## GUIDANCE ON DIPLOMA MILLS

(From: <https://www2.ed.gov/students/prep/college/diplomamills/diploma-mills.html> and other cited sources.)

### What is a diploma mill?

The Higher Education Opportunity Act defines a diploma mill as follows:

**DIPLOMA MILL-** The term 'diploma mill' means an entity that—

(A)(i) offers, for a fee, degrees, diplomas, or certificates, that may be used to represent to the general public that the individual possessing such a degree, diploma, or certificate has completed a program of postsecondary education or training; and (ii) requires such individual to complete little or no education or coursework to obtain such degree, diploma, or certificate; and

(B) lacks accreditation by an accrediting agency or association that is recognized as an accrediting agency or association of institutions of higher education (as such term is defined in section 102) by—

(i) the Secretary pursuant to subpart 2 of part H of title IV; or (ii) a Federal agency, State government, or other organization or association that recognizes accrediting agencies or associations.

The dictionary defines a diploma mill as:

An institution of higher education operating without supervision of a state or professional agency and granting diplomas which are either fraudulent or because of the lack of proper standards worthless. - **Webster's Third New International Dictionary**

**Important:** The Better Business Bureau suggests you watch for the following features and regard them as red flags when considering whether or not to enroll in a school:

- Degrees that can be earned in less time than at an accredited postsecondary institution, an example would be earning a Bachelor's degree in a few months.
- A list of accrediting agencies that sounds a little too impressive. Often, these schools will list accreditation by organizations that are not recognized by the U.S. Department of Education. These schools will also imply official approval by mentioning state registration or licensing.
- Offers that place unrealistic emphasis on offering college credits for lifetime or real world experience.
- Tuition paid on a per-degree basis, or discounts for enrolling in multiple degree programs. Accredited institutions charge by credit hours, course, or semester.
- Little or no interaction with professors.
- Names that are similar to well known reputable universities.
- Addresses that are box numbers or suites. That campus may very well be a mail drop box or someone's attic.

With the increase in the availability of earning degrees online there has been an increase in diploma mills. Diploma mills often use the Internet to market their programs. Diploma mills often promise degrees for a fee in a few short days or months. **Note:** Not all online degree programs are diploma mills. Do your homework and research schools that you are interested in attending.

Diploma mills require little, if any, academic work in order to earn a degree. Degrees from diploma mills are sometimes based on life experience alone or a level of academic work that is far below what an accredited postsecondary institution would require. Diploma mills can require little or no work but the result is the same, a degree that has no value and is meaningless.

If you still have doubts, contact your Better Business Bureau or state attorney general's office to make sure the school is operating legally in a state and to see if anyone has filed a complaint. **Remember:** A bogus degree from a diploma mill is not likely to impress prospective employers and could be a complete waste of money. Today many employers are requiring degrees from legitimately accredited institutions. Federal agencies are being directed by the federal government's Office of Personnel Management (OPM) to verify the legitimacy of an applicant's degree(s). According to OPM, "there is no place in Federal employment for degrees or credentials from diploma mills."

## DIPLOMA MILLS AND ACCREDITATION

The logical place to start when making a determination on whether a school is or is not a diploma mill is to examine its accreditation. Accreditation in the United States is a voluntary, nongovernmental process, in which an institution and its programs are evaluated against standards for measuring quality. Any institution can claim to be accredited. It is important that if you are unsure about a school's accreditation or its accrediting body, **it is important that you do your homework** **exhaustive research be conducted in order to properly evaluate accreditation for an institution.**

## ACCREDITED INSTITUTIONS VS UNACCREDITED INSTITUTIONS

Accredited institutions have agreed to have their institution and its programs reviewed to determine the quality of education and training being provided. If an institution is accredited by a recognized agency, its teachers, coursework, and facilities, equipment, and supplies are reviewed on a routine basis to ensure students receive a quality education and get what they pay for. Attending an accredited institution is often a requirement for employment and can be helpful later on if you want to transfer academic credits to another institution.

Unaccredited institutions are not reviewed against a set of standards to determine the quality of their education and training. This does not necessarily mean that an unaccredited institution is of poor quality, but earning a degree from an unaccredited institution may create problems for students down the road. Some employers, institutions, and licensing boards only recognize degrees earned from institutions accredited by an accrediting agency recognized by the U.S. Department of Education. In some states, it can be illegal to use a degree from an institution that is not accredited by a nationally recognized accrediting agency, unless approved by the state licensing agency.

## ACCREDITED POSTSECONDARY INSTITUTIONS AND PROGRAMS

The U.S. Department of Education has published the "positive list" of schools that are accredited by accrediting agencies recognized by the Secretary of Education. The list can be found at <https://ope.ed.gov/accreditation/Search.aspx>.

Note: This is a list of postsecondary institutions and programs that have chosen to be accredited by accrediting agencies recognized by the U.S. Secretary of Education. One of the reasons that institutions seek accreditation is so that their students are eligible to receive federal student aid or other federal benefits. The database does not include postsecondary educational institutions and programs that elect not to seek accreditation but nevertheless may provide a quality postsecondary education. The positive list is simply one source of information; you may need to consult other sources if an institution does not appear on the positive list.

## ACCREDITED SECONDARY INSTITUTIONS

The U.S. Department of Education does not have the authority to accredit private or public elementary or secondary schools, and the Department does not recognize accrediting bodies for the accreditation of private or public elementary and secondary schools. However, the U.S. Department of Education does recognize accrediting bodies for the accreditation of institutions of higher (postsecondary) education. If an accrediting body which is recognized by the Department for higher education also accredits elementary and secondary schools, the Department's recognition applies only to the agency's accreditation of postsecondary institutions.

Accreditation, and the requirement of accreditation, for elementary and secondary schools is regulated by the States with wide variation in its application. In Mississippi, all public schools and some private schools are accredited by the MS Commission on School Accreditation. Their website is here: [List of Non-Public Schools Accredited by the Mississippi State Board of Education](#). Please note, however, that schools that do not receive federal or state funds may choose not to be accredited by the state.

The following list contains common warning signs that an online high school might be a diploma mill.

- The school's website has no contact information and only displays a P.O. Box number
- The school is not accredited by one of the six regional accrediting bodies or by the DETC
- No one has heard of the school, or the school's name is suspiciously similar to that of a renowned school
- The school has multiple negative reviews from former or current students
- The school awards diplomas to anyone and everyone instantly or in a very short time
- There are no deans, directors, and professors listed on the school's website
- The school's admission process consists of nothing more than submitting your credit card details

## ACCREDITING AGENCIES RECOGNIZED BY THE U.S. DEPARTMENT OF EDUCATION

The Secretary of the U.S. Department of Education recognizes select accrediting agencies as reliable authorities regarding the quality of education or training offered by the institutions or programs they accredit. Accreditation by a recognized accrediting agency is part of the requirements for institutions to participate in federal student aid programs.

Accrediting agencies recognized by the Secretary meet certain criteria, the institutions accredited by those agencies meet standards that address the quality of an institution and its programs. An accrediting agency that meets the Department's criteria for recognition is determined to be a reliable authority in measuring the quality of education or training provided by the institutions it accredits in the United States and its territories. Agencies that meet these criteria are placed on the Department's List of Nationally Recognized Accrediting Agencies, which can be found at <https://ope.ed.gov/accreditation/agencies.aspx>.

## UNRECOGNIZED ACCREDITING AGENCIES

Unrecognized accrediting agencies have not had their accreditation standards reviewed by the U.S. Department of Education. There are a variety of reasons why an agency is unrecognized, some agencies may be working towards recognition with the Secretary and others may not meet the criteria for recognition.

**An unrecognized accrediting agency should be viewed with caution until its reputation can be determined.** Although these accrediting agencies are unrecognized, it does not mean that they do not have high standards of quality. Likewise, because the Secretary does not recognize an accrediting agency does not mean that the institutions accredited by that agency do not provide a quality education.

## FAKE ACCREDITING AGENCIES

**Diploma mills often claim accreditation by a fake accrediting agency to attract more students to their degree programs and make them seem more legitimate.** Because diploma mills aren't accredited by a nationally recognized agency, you will not find the institution's accrediting agency on the U.S. Department of Education's List of Nationally Recognized Accrediting Agencies.

**Tip:** Use the above references to check that the institution has been accredited by a nationally recognized agency. Those accrediting agencies recognized by the U.S. Department of Education are recognized for purposes of obtaining federal dollars.

The fake accrediting agency is just for show; it offers its accreditation for a fee without an in-depth review of the school's programs or teachers. These accrediting agencies do not ensure that students receive a quality education. Often, the fake accrediting agency has simply conducted a business deal with an institution without investigating the institution in any manner.

These fake accrediting agencies may adopt names that are similar to other well known accrediting agencies, and sprinkle legitimate institutions in its list of accredited members. They may even use all the right sounding words in their marketing materials to describe their accrediting standards and review processes. When actually, those accrediting standards and procedures are never put to use and the accreditation is meaningless.

**Tip:** Do not allow these agencies and institutions to mislead you. Remember it isn't enough to know that an institution is accredited; you need to find out as much as you can about the accrediting agency.

## FOREIGN INSTITUTIONS AND DIPLOMA MILLS

There is an important distinction between foreign institutions and agencies that accredit foreign institutions. The U.S. Department of Education does not recognize foreign accrediting agencies, however, accrediting agencies that have been recognized by the Secretary of Education may accredit foreign institutions. There are also foreign institutions that market their degrees in the United States, and foreign education ministries may recognize these institutions.

**Tip:** Look out for foreign diploma mills selling their degrees in this country.

Some of these foreign diploma mills claim to have approval from the education ministry of their country to offer degrees, when, in reality, they're operating without the knowledge of the country. Often foreign diploma mills will use the name of the foreign education ministry in their marketing material to make them seem more legitimate. The institution is trying to make students incorrectly believe that its programs have been reviewed and meet some level of quality.

Earning a degree from a foreign institution that is not accredited by a nationally recognized agency can be problematic. To learn more about the issues and problems that may arise from pursuing an unaccredited degree, read over the frequently asked questions found at this site: [http://www.degree.net/guides/accreditation\\_faqs.html](http://www.degree.net/guides/accreditation_faqs.html).

## FOREIGN CREDENTIAL EVALUATION

Often a student will be required, by another educational institution or place of employment, to have their foreign educational credits evaluated in order to determine the comparability between those credits or degree to those received from an accredited U.S. institution. In these instances, a useful service is provided by private services that evaluate degrees from foreign institutions. Not all U.S. institutions, employers, and licensing authorities perform evaluations of non-U.S. diplomas, credits, or qualifications. In many cases this work is delegated to private credential evaluation services, the evaluations provided by these services are then recognized as valid by the necessary entities. **Private credential evaluation services will evaluate a foreign degree for comparability to a U.S. degree.**

If you are told that you need to have your academic or professional qualifications evaluated by someone other than the institution, employer, or licensing authority to which you are applying, there are several possible sources of information. To find a credential evaluation service you can use the Internet's search engines. You can also refer to the U.S. Network for Education Information (USNEI), a Department of Education-administered Web site and public-private partnership, that provides a list of possible credential evaluation services.

**It is important to understand that the U.S. federal government does not recommend or endorse any individual credential evaluation service or group of services, and does not conduct evaluations. The resource links provided here are solely for information purposes and to help in locating potential evaluators.** Please do not send documents or credentials to USNEI for evaluation. Neither USNEI nor the U.S. government serve as a channel of appeal for persons dissatisfied with evaluations.

**Caution:** Like fake accrediting agencies, there are also fake credential evaluation services. These organizations work on behalf of diploma mills to ensure that degrees from these schools are determined to be comparable to a degree that is received from an accredited U.S. institution.

## COLLEGE CREDIT FOR LIFE EXPERIENCE

Although many legitimate institutions give academic credit for life and work experiences, **beware of institutions that offer college credit and degrees based on life experience, with little or no documentation of prior learning.** These institutions do not use valid methods to determine the amount of credit to be awarded. There are many employers, institutions and licensing boards that will question the legitimacy of credit and degrees earned in this way, these organizations will only recognize degrees earned from institutions accredited by an accrediting agency recognized by the U.S. Department of Education.

Legitimate institutions offering credit for life or work experiences may use any combination of the following methods to determine how much credit is given: standardized tests, prior learning portfolio, oral exams, past college credit, and professional certification. The amount of credit awarded will vary from institution to institution. At legitimate institutions credit is awarded only if the work experience is equivalent to what would have been taught in a college level course.

**Tip:** Students should check with other institutions regarding transfer of credit policies to determine if your credits will be accepted by an institution you hope or plan to enroll in.

### **.EDU INTERNET ADDRESS**

Today, most educational institutions are recognized on the Web by their .edu Internet addresses. However, not all institutions that use an .edu as a part of their Internet address are legitimate institutions. Before the U.S. Department of Commerce created its current, strict requirements, some questionable institutions were approved to use an .edu. The current requirements allow only colleges and institutions accredited by an agency recognized by the U.S. Department of Education to use the .edu, however, some more suspect institutions have maintained the .edu addresses.

**Beware:** Institutions that were approved to use an .edu before the new requirements were put in place may still be using the .edu as part of their Internet address. This means there may be some illegitimate institutions out there with an .edu.

## FREQUENTLY ASKED QUESTIONS

### FUNDING

**How are state funds allocated?** Each college gets a base appropriation (15% of support budget and 7½ % of the Career-Tech budget). The remaining funds are allocated based upon annualized FTE (full-time equivalent) enrollment.

**What is annualized FTE?** Annualized FTE is defined as the total credit hours accumulated by Academic, Technical, and Career students during the summer, fall and spring semesters divided by thirty (30). In the Colleges' Appropriation Bill, Academic, Technical, and Career hours are weighted equally. Associate Degree Allied Health programs (Associate Degree Nursing and Associate of Applied Science degree Allied Health programs) are classified as high cost programs and receive an additional amount per FTE in this bill.

**Do Career and Technical FTEs receive the same funding as Academic FTEs?** In addition to the funds allocated in the Colleges' Appropriation Bill, Career and Technical Education programs (AAS and Certificate) get an additional amount of state funds through a separate appropriation to the Mississippi Department of Education. Those funds are also allocated on an FTE basis, but can only be spent on Career and Technical Education programs. In this allocation, there are three different levels of high cost programs. Level 1 programs receive an additional 0.25 FTE; level 2 programs receive an additional 0.50 FTE; and level 3 programs receive an additional 0.75 FTE.

**What are the differences in the way we are paid for a hybrid or online class as opposed to our MSVCC course offerings?** A hybrid class is one in which less than 75% of the course is taught online. Online classes are taught exclusively online and does not have students from any other college enrolled. Hybrid and Online classes receive the same funding as traditional classes

## How are MSVCC courses reimbursed? The Mississippi Virtual Community College operates on a host-provider model:

- ✓ For HOST colleges, semester credit hours generated during the Summer, Fall and Spring by PART-TIME MSVCC Host students are in a separate MSVCC category in the formula and are weighted at 0.50. This separate category was added to the formula to encourage on-line class offerings.
- ✓ For PROVIDER colleges, the semester credit hours generated by FULL-TIME PROVIDER MSVCC students are counted in the Academic, Technical and Career Categories along with traditional (non-virtual) students. Weights in this category are at 1.0.
- ✓ For PROVIDER colleges, the semester credit hours generated during the Summer, Fall and Spring by PART-TIME MSVCC Provider students are in a separate MSVCC category in the formula and are weighted at 0.50.

**How are MSVCC courses reimbursed?** Effective for Academic Year 2024, the Mississippi Virtual Community Colleges will no longer operate under a host-provider model. All MSVCC courses will receive the same funding as traditional courses.

**If we give a Pass or Fail grade, can we get semester credit hours for the students?** Any semester hour credit-bearing course a college offers eligible for state funding under the following conditions: (1) the course must be on the uniform course numbering list; (2) the student must have been properly admitted and enrolled for credit (not an auditing student); (3) **instructor of record** must maintain a record of daily attendance (attendance cannot be confirmed merely by a final grade in the course); (4) students must meet the enrolled and in-attendance requirement at the time of the census; and (5) **instructor of record** must sign and date the attendance roster for accountability purposes. Under the conditions stated above, the state Board **will** provide state funding for the credit hours generated.

## RESIDENCY

**When should a college ask for residency documents on a student?** If anything on the student's application hints that a student may have resided out-of-state at any time prior to enrollment (out of state high school, out of state GED, out of state residency of parents, out of state transfer transcript on which the student is not listed as a MS resident), **it is** best to ask for the two residency documents.

**Does the residency status of student under the age of 21 always depend on the residency of the parents or guardian?** No, a student under the age of 21 can be declared as an in-state student regardless of his/her parents' current residency, provided the student resides in Mississippi and can present a transcript (a) demonstrating graduation from a Mississippi secondary school and (b) showing he/she attended not less than the final four (4) years of secondary school in Mississippi. (This sometimes occurs when residents of bordering states send their children to private high schools in Mississippi).

**We have a nineteen year old student who listed her grandmother as her legal guardian. In this case, do we only need a copy of the guardianship papers, or does her grandmother also need to prove residency? The student listed a physical Mississippi address on her admissions application for both herself and her grandmother (the same address).** If the student is already residing in Mississippi and is a Mississippi high school graduate and completed not less than the last four (4) years of high school at a Mississippi High School, she would automatically be classified as an in-state resident. If not, then she must prove in-state residency by providing a copy of her grandmother's guardianship papers granted by a Mississippi Court. The grandmother would also need to provide a second document from the list of items approved by the State Board to demonstrate her Mississippi residency, since the minor student's residency status is dependent on the residency of the grandmother.

**We have a student enrolling with us who has a MS driver's license but nothing else on the list. Car is in girlfriend's name, he lives with parents, etc., but he is over 21. However, we do have a copy of court papers sent to him at his physical address from the Hinds County Chancery Court. We also have a letter sent to him by the Selective Service System regarding his registering from the draft. It was also sent to the same address that he put on his application. Is this something that would suffice?** The MS Driver's license would serve as primary document; with either of the other two documents showing the address on the application serving as a secondary supporting legal document.

**If someone is currently out-of-state and marries an active duty military, can they get in-state residency the next upcoming semester or will they need to sit out a fall or spring term?** According to the residency law under special rules for a spouse of a member of the armed forces stationed outside of Mississippi, if the military spouse establishes residency in Mississippi and registers with a Community College (CC) or Institution of Higher Learning (IHL), the CC/IHL will permit the spouse to pay resident fees and tuition regardless of the length of time the spouse has resided in Mississippi (MCA 37-103-19 section (3)). However, the student would be required to provide a copy of the marriage certificate.

**We have a student who is under 21 years of age who graduated from high school in another state. She attended a college in that state last semester and now wishes to transfer to a MS community college. She married a Mississippian, who was attending that same out-of-state college last semester as an out-of-state student. He completed all four years at a MS high school. They have moved back to MS and now he and his wife will be attending community college here. The husband is obviously an in-state resident, but what about the wife?** Under the Mississippi Law code 37-103-15 a married person may claim the resident of their spouse. Therefore, provided the husband is confirmed as a MS resident and they provide a copy of their marriage certificate, the wife would be classified as a Mississippi resident also. However, the college must ensure that the husband was indeed classified as an out-of-state student. The four years of high school and graduation applies only to minors.

**Can a signed letter from a landlord serve as a lease agreement to document MS residency? The student has also provided a MS ID card as documentation that he is a MS resident. The student states that he cannot obtain a utility bill as the utilities are paid by the owner of his current residence that the student rents.** No, only a formal lease agreement, signed by the lessor and lessee, is accepted as the lease document for residency purposes.

**We have a student less than twenty-one years of age, who has lived with a family member (not a legal guardian) for the past ten years. The student's parents live out of state. The student attended the last four years of high school at and graduated from a MS high school. Should this student be classified in-state (based on his high school attendance and graduation) or out-of-state (based on the fact that his parents live elsewhere)?** According to §37-103-7, A student residing within the State of Mississippi who, upon registration at a Mississippi institution of higher learning or community college, presents a transcript demonstrating graduation from a Mississippi secondary school and who has been a secondary school student in Mississippi for not less than the final four (4) years of secondary school attendance shall not be required to pay out-of-state tuition.

**We have a student less than twenty-one years of age, who lives in Mississippi. The student's parents live out of state. The student completed high school in three years in a MS high school and graduated from a MS high school. Should this student be classified in-state (based on his high school attendance and graduation) or out-of-state (based on the fact that his parents live elsewhere)?** According to §37-103-7, A student residing within the State of Mississippi who, upon registration at a Mississippi institution of higher learning or community college, presents a transcript demonstrating graduation from a Mississippi secondary school and who has been a secondary school student in Mississippi for not less than the final four (4) years of secondary school attendance shall not be required to pay out-of-state tuition. The attorney general's opinion is that a high achieving student who completes high school in less than four years is not to be penalized. So, in these cases students are to be treated the same as those who complete in four years.

## ADMISSIONS

**Is the state law which says that a junior/community college may admit a student who has not graduated from high school but has 1 less Carnegie unit than the total number required by the State Department of Education still active? If it is, can we admit a student under these conditions and still ask for the payment on the hours he/she generates.** State Board **Policy 8.2** states that a student may be admitted to Academic, Technical (or Career programs) with 1 Carnegie unit less than the total required by the MS Department of Education for a high school diploma, provided they meet all other college or program admission requirements. Colleges are eligible for funding on the hours those students generate.

**We have some out-of-state high schools that do not sign their transcripts. They just put the school seal on them. Of course, we normally do not take transcripts with no signature, but what do we do in this case?** In these rare instances, a transcript with an official raised or stamped seal on official paper would be acceptable. The lack of signature would not be major concern, provided as the transcript shows all the relevant graduation facts, including the years of attendance and date of graduation.

**Are ACT scores required for dual enrolled students?** There are currently no general statewide ACT requirements for admission of dual enrollment students, with the exception for Academic Eligibility for students who are not juniors or seniors and have an ACT composite of 30 or higher. An excerpt from page 5 of the State of Mississippi Procedures Manual for Dual Enrollment/Accelerated Programs (DE/AP manual) outlining eligibility requirements is found in Tab 13 of this manual. The current DE/AP manual is found at: <https://www.mccb.edu/offices/academic/dual>. Please note that individual courses or programs may have minimum ACT score requirements.

**We are considering moving toward an electronic or imaging system for our transcripts and other admission documents. Will the audit team accept a scanned transcript as an official copy? We will receive the paper and scan them into the system and would then provide you access to view the images in some manner.** Yes, imaged copies of official transcripts and other admission documents are acceptable for audit purposes, provided they are clearly legible and easily accessible.

**Are faxed transcripts acceptable?** For audit purposes, faxed transcripts are not considered official. If a college allows faxed transcripts to be accepted for initial admission, official transcripts must be provided prior to the audit date the following semester.

**What about eScript transcripts? Often, they do not contain an actual signature of the high school principal, counselor or registrar.** eScript transcripts are official, provided they contain all the relevant graduation information, are transmitted from a secured network member site, and include a statement of authenticity.

**What should an official high school transcript look like?** Since there is much variation between high schools, it is impossible to have a one-size fits all approach to what form an official high school transcript will take. Official High School Transcripts should: contains an authenticated school official's signature demonstrating the transcript was officially issued by the high school and the transcript may bear an official school seal; contain all the necessary graduation information on the student secondary enrollment (courses, terms, and corresponding years of enrollment); be presented in the usual form provided by the individual high school; and in some cases, the official transcripts provided by the high school are, in and of themselves, copies. If that is the case, the documents must meet the criteria above. Please note that faxed transcripts are not considered official for pay purposes.

**How recent should an admission application be?** One of the main purposes of the admission application is to ensure colleges have the most current information available on entering students. Therefore, students should have a current application on file at the time of their initial enrollment. For continuing students, address changes should be documented either through a new admission form or a change of address form, depending on the college's policy. Residency determinations must be reviewed on all address changes. Any student who changes from a residency out-of-state to a residency in-state must provide the required two (2) residency documents before being classified as an in-state resident. Colleges set their own readmission requirements for students who have a lapse in enrollment, but generally students who have lapses in enrollment lasting 1 or more years are required to submit an application for readmission.

**Does the MCCB require us to admit Occupational Diploma Students?** No, State Board Policy 9.2 simply states that Colleges may claim those students for reimbursement if the college chooses to admit and enroll them.

**Does the MCCB have requirements for admitting International Students?** Colleges may set their own admission standards for international students. College personnel will want to familiarize themselves with the Student and Exchange Visitor Information System (SEVIS) if they are admitting students on F, J or M visas, because federal law requires institutions to report certain information on those students to the federal government. More SEVIS information is available at: <http://www.ice.gov/sevis/>.

**Does the MCCB audit differently on International Students?** Auditor procedures for international students are the same as for all other students. They are expected to have the documents that correspond to their admission status (current visa, if classified as an international student; translated transcripts if admitted based upon transcript; proof of residency, if student has established residency status in MS or the U.S., etc.). Please refer to the MCCB Audit Guidelines for more detailed information on the types of documents **expected** for during an admissions audit. Note: the MCCB does not audit an institution's international student admission standards or institutional SEVIS compliance.

## ENROLLMENT

**We are experiencing an increase in the number of non-high school graduates enrolling in school. Our Career programs are very full and we need some clarification regarding these non-graduates enrolling in remedial classes. Can these students enroll in these courses and be counted on the audit for both admissions and credit hours?**

Remedial courses are considered preparatory academic courses. In order for reimbursement to occur, students enrolling in remedial coursework must meet the criteria for admission to a program that requires academic courses, i.e., an academic (AA) or technical (AAS) program. According to State Board Policies, Academic and Technical Students must meet one of the following criteria in order to be counted for funding:

- The completion of less than the minimum acceptable high school units as prescribed by law, i.e. If the state requires 21 high school units to graduate, a student can be admitted into a community /junior colleges with 20 high school units; OR
- A general education development (GED) certificate; OR
- A high school diploma; OR
- A MS Occupational Diploma; OR
- An official transcript from an accredited college or university.

Therefore, ability-to-benefit students enrolling in remedial coursework are NOT eligible for reimbursement, and those records should be removed from your audit files upload.

**Can non-high school graduates take HPR classes such as Health (HPR 1213) and activity classes such as Varsity Sports and general PE activities (weight lifting)?** Activity courses (HPR, PE, etc.) are considered solely “academic” in that they are not part of any career (vocational) or technical program. In order for reimbursement to occur, students enrolling in activity courses must meet the ACADEMIC admission standards listed in the previous question. Therefore, ability-to-benefit students enrolling in activity courses are NOT eligible for reimbursement, and those records should be removed from your audit files prior to upload. In short, for pay purposes, ability-to-benefit students are limited to enrollment in Career (Vocational) programs.

**Our College would like to move to an electronic roster system for all courses. Would the State Board accept electronic attendance rosters for non-MSVCC classes for audit purposes?** Yes, **the instructors of record** are required to certify their own attendance rosters electronically by affixing their electronic signature. **If the signature of the instructor of record is electronic, certification is established by the formatted signature for the instructor of record along with the instructor's date-of-birth, at minimum.**
