

MISSISSIPPI COMMUNITY COLLEGE BOARD

Professional Licensure & State Authorization
Program Determination Disclosure

Program Title

CIP Number

In April 2022, the Mississippi community colleges agreed to collaborate, where applicable, to reduce duplication of effort and to ensure system-wide compliance with federal requirements and the National Council for State Authorization Reciprocity Agreement (NC-SARA).

Federal Requirements

U.S. Department of Education regulation, 34 CFR 668.43 (a) (5) requires an institution to disclose whether programs leading to professional licensure or certification, regardless of modality, meet each state's educational requirements. Specifically, the regulation requires the following:

- A list of all states for which the program's curriculum **meets** state educational requirements for professional licensure or certification,
- A list of all states for which the program's curriculum **does not meet** state educational requirements for professional licensure or certification, and
- A list of all states for which the institution **has not made a determination** of whether the curriculum meets educational requirements.

NC-SARA Requirements

The community colleges of Mississippi are members of the NC-SARA. NC-SARA is an agreement between member U.S. states, territories, and districts, which allows institutions to offer distance programs and on the ground courses within member state borders. Recent changes to the NC-SARA manual (Section 5.2) concerning professional licensure programs have changed to align with the federal regulation. NC-SARA participating institutions must provide licensing board contact information to the students or applicants when unable to make a determination. The following forms will demonstrate the determination for each state and territory. For those marked **Does Not Meet** or **Has Not Made a Determination**, additional information is available.

DISCLAIMER

The Mississippi Community College Board (MCCB) hosts general disclosure information on behalf of the community colleges. The program information was provided by the reviewer college, and the MCCB cannot guarantee the completeness and accuracy of the information. While a program may originally meet the educational requirements for licensure, changes in requirements could impact the program's ability to meet any new educational requirements. Students seeking employment should familiarize themselves with the specific licensure or certification requirements of a state before enrolling in a program, and contact the appropriate licensing agency in the state of future employment to determine requirements and ensure program compatibility.

Alabama Code:§ 34-7B-20 Natural Hair Stylists

(a) No person may be admitted to an examination or licensed as a natural hair stylist unless he or she satisfies all the following qualifications:

(1) Is at least 16 years old.

(2) Has successfully completed at least 10 grades in secondary school, or the equivalent.

(3) Has successfully completed at least 210 clock hours in a licensed or registered school of cosmetology or natural hair styling or 420 clock hours in a licensed shop for a period of six months under the immediate supervision of a licensed cosmetologist or natural hair stylist, who has held a license for at least five years, including practicing as a natural hair stylist before August 1, 2013, and as a licensed cosmetologist or a natural hair stylist before the effective date of the act amending the subdivision. The five-year requirement shall not apply to natural hair stylists operating before August 1, 2013.

Requirements for licensure: licensed as a Cosmetologist or hold a permit for Alternative Hair Design in order to legally provide braiding services in Louisiana.

The Alternative Hair Design permit is non transferable between states for licensure and the course hours are not as much as the required Cosmetologist course.

One must complete either course at a Louisiana Beauty school in order to obtain certification. (info from email 05/23/2022)

NY Code §401. License required

1. No person shall engage in the practice of nail specialty, waxing, natural hair styling, esthetics or cosmetology, as defined in §400 of this article, without having received a license to engage in such practice in the manner prescribed in this article.

300 hours required

DISCLAIMER

The U. S. Department of Education requires all colleges to communicate publicly and directly to prospective and current students regarding professional licensure disclosures. The Mississippi Community College Board (MCCB) hosts general disclosure information on behalf of the community colleges. The program information was provided by the reviewer college, and the MCCB cannot guarantee the completeness and accuracy of the information. While a program may originally meet the educational requirements for licensure, changes in requirements could impact the program's ability to meet any new educational requirements. Students seeking employment should familiarize themselves with the specific licensure or certification requirements of a state before enrolling in a program, and contact the appropriate licensing agency in the state of future employment to determine requirements and ensure program compatibility.
